## Folks Past Fifty Must Use Cascarets

What glasses are to weak eyes, Cascarets are to weak bowels—a 10-cent box will truly amaze you

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time of harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box, at any drug store. They work while you sleep.

Banding in pretty silver and grey with mauve heads and 1 1/2 inches wide at 40c. up. Gold and white oriental drop fringe, pearl and silver fringes at Paton's. 5-16d3r11.

Little Willie Stewart, a young chap who has been visiting in Charlottetown for a few days, the guest of his grandfather, Mr. Nelson, 212 Cumberland St., met with a serious accident last evening.
