

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"My health was poor and I suffered much from hives and kidney trouble. After taking two bottles of Hood's Sarsaparilla I was cured. I regard this medicine as superior to all others." Mrs. JOSEPH HOLLINGSHEAD, Harrison, Ontario.

Hood's Sarsaparilla promises to cure and keeps the promise.

JAS. PATON & CO'S SHOWING OF SPRING COSTUMES.

The general bad weather of yesterday was pleasantly offset to those (and the numbers were many) who paid a visit to Jas. Paton & Co's show room, where Mr. Arnold of New York was in charge of the beautiful spring costumes he is exhibiting and taking orders for. Most decided harbingers of spring they were, and in styles so varied that to particularize would be to appropriate more of this morning's issue than there is to spare. Yet among the galaxy of lovely costumes shown, the mind feminine dwells with delight on two or three that must certainly be mentioned. One is a bolero jacket of silk pointed belt, and sweeping circular skirt. Another, a short loose black silk jacket tucked flounce on the skirt, and bands of applique. Still another loose accordion pleated jacket full sleeve puffed at the wrist, and deep cape. The waists shown were equally beautiful, being as varied in style as they are in color; a most exquisite line of white waists decidedly fetching in all that pleases fair wearers, selling for general eulogiums from the many who saw them. Jas. Paton & Co., wish every one to see these goods. A selection from them will save time and worry in the choosing of material and the necessary "being fitted," while the makers of costumes can obtain ideas in the making up of spring dresses that are only not available from fashion books, but could not be obtained except by a visit to some of the large establishments in the fashion centres. The show will continue to-day, and it is to be hoped everyone will take advantage of it.

FOUNDED ON FACT.

THE MAN FELL down, down, down, 10 feet, 20 feet, 40 feet. Far below could dimly be discerned turbulent waters and jagged edges of rocks. **MUST HE DIE?** And he so young. Just as he had given up all hope, his fierce descent was suddenly checked—his coat made from
