Energy, Snap and Ambition Gone - You Need a Bracing Tonic to Ironize the Blood. Try FERROZONE

FERROZONE

Ferrozone will make you strong and capable of doing a heavy day's work without fatigue. It is a marvellous remedy, and does marvellous things, as the following testimonial proves:

"After my baby was born, I was left in a weak sickly condition, totally unfit for a mother's household duties. I somehow did not gain strength, although I took milk extracts and tonics all the time. A lady friend recommended Ferrozone, which I used with splendid results. The first trial helped quite a little, and when I had taken six boxes my former health, strength, and good spirits, were fully restored."

The sufferer from nervous exhaustion is generally blue and discouraged. He looks on the dark side of things and fears paralysis, locomotor ataxia or insanity. CHAMBERLAIN'S POLICY DEFINED

By Him in a Letter to the London Daily Telegraph

CHAMBERLAIN EXPOUNDS HIS POLICY.

LONDON, Oct. 1.-(Special).-Right Hon. Joseph Chamberlain contributes to The Telegraph a letter which is a complete exposition of his proposed policy.

PRESENT SYSTEM A FAILURE.

He declares the present system a failure and says the question of tariff reform may be considered without fear that the cost of living will be increased to the poor.

THE FIRST ADVANTAGE.

The advantages he urges for his pro-

Merit Makes it Famous.

The Only Remedy in the World Except a Surgical Operation, That Will Certainly Cure Any Form of Piles.

The study of physicians, the experiments of chemists, the long advertised pretences of quacks, have been for years expended in one direction; to find a pile cure that would cure.

The results have been a number of harmful and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; clearly all of them gave some relief, but nothing approaching a radical cure resulted from their preparations.

The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood vessels (capillaries) to their normal size, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw mucous surfaces.

Until a few years ago, no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and Canada, and is now sold by all druggists under the name of Pyramid Pile Cure.

It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail have finally found that piles can be cured without pain and without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50c and \$1.00 per package.

The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthful, natural contraction and absorption of the tumors. It will cure any form of rectal trouble except cancer and advanced fistula which by the way nearly always results from neglecting proper and timely treatment for piles.

A book on cause and cure of piles sent free by addressing Pyramid Drug Co., Marshall, Mich.

posed reform are increased trade with our fellow subjects and best customers, who take much more per head from us than foreigners do and take it in the shape of manufactured products, giving employment to the greatest amount of labor.

THE SECOND ADVANTAGE.

Secondly it will give the power of bargaining with our competitors.

This change and the increased trade with the Colonies will provide more employment for our own people and a greater demand for our own labor.

A FURTHER ADVANTAGE.

Fourthly if the demand of labor is increased wages will rise also.
