

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Belleriver, Que.—"Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATEL, Valleyfield, Belleriver, Quebec.

Another Operation Avoided. Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R.F.D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

A Guide to Quality
Stamped on knives, forks, spoons, etc., of quality is the name

"1847 ROGERS BROS."

With this as your guide you cannot possibly err in the choice of fine silverware.

THE CROP THAT PAYS

No farmer can make the broad statement that one crop pays better than another. The amount of the return depends largely upon the character of the land on which the crop is grown. One kind of land brings the greatest return from a certain crop; another piece of land of different quality would perhaps yield a very small return if sowed to the same crop.

Finding out the particular class of crops the land is best suited to growing is therefore a very important matter for the wide awake farmer. A splendid sample of what can be gained by the intelligent adaptation of crops to soil conditions is to be found in the county of Norfolk, Ont. In certain parts of that country there are considerable areas of sandy land that cannot hope to compete with heavier, richer soils in the growing of wheat and other staple grains. Thus, farmers who attempted to compete with heavier, richer soils in the growing of wheat and other staple grains. Thus, farmers who attempted to grow these crops found that their profits were not as satisfactory as might have been desired.

Some years ago, however, a few men noted that the soil and climate of the country were well suited to growing fruit, especially apples. The Norfolk Fruit Growers' Association was formed and forthwith championed a reputation making campaign. All members agreed to care for and spray their orchards as stipulated by the rules of the association. Incidentally, too, all fruit was to be marketed through the central agency. The results have been little short of phenomenal. The orchard acreage has been largely increased, Norfolk apples are now held as second to none in the market of the world and the profits have been most gratifying. As a consequence, land values, in the last six years, have doubled.

And this has been accomplished mainly by selecting the crop best adapted to the soil. The work that the commission of conservation has undertaken, of classifying lands according to the character of the soil to determine what crops can most profitably be grown, is therefore a task of no small importance. If the commission points out the crops that pay the best on different soils, both the farmer and the nation will be the richer for it.

TO JOIN CARPET.

If two pieces of carpet are to be joined together, it is a great mistake to make a seam, which causes an unsightly ridge on the right side. The patterns should first be matched, the carpet then reversed and each edge buttonholed firmly with flax thread the color of the ground-work. The two pieces will then be drawn together firmly so that a perfect joint is the result.

THE REAL BEST-SELLER.

A gentleman in Decatur, Ia., writes to The Christian Herald, making this inquiry: "A preacher here stated lately that the reading and study of the Bible were on the decline—that it no longer held the attraction for men it formerly did. Was such a statement justified by the facts?" It is by no means the fact. The Bible is today more widely read than ever. Clayton Sedgwick Cooper, an authority on Bible reading statistics, states that 18,000 college men in eighteen different nations are now studying it. One great organized Bible class movement has a membership of 350,000. Our Y. M. C. A. Bible classes last year had 64,300 Bible Students.

Through the Globe there are 27,888,900 Sunday School children studying the Word. Last year Bible societies printed and circulated 1,178,854 Bibles; More Bibles were sold than any other books together. It is now printed in 400 languages. China alone last year bought 428,000 Bibles. Our contemporary issue, reported the last year's output of the British and Foreign Bible Society at 6,620,024 copies. In the 106 years of its existence, that society has issued 220,000,000 copies of Scriptures and its annual output is steadily rising, last year's being 685,000 copies in the excess of the year preceding. Of what other books could anything like this be said? If you pile up in a single pyramid all the copies of the Koran since Mahom-

(Harvard Lampoon).

The following story reminds one of Alice's mad race with the Red Queen in the country where "it takes all the running you can do to keep in the same place." They were tramping in Switzerland, and when, after a long, dusty afternoon's walk, a bed and a bath and a dinner seemed three very desirable things, they spoke to a farmer.

Constipation Vanishes Forever

Prompt Relief--Permanent Cure

THE SILVER LINING.

"Interlaken? How far is it?"
"Two miles," he replied.

The tourists marched hopefully on, but after half an hour had passed, and no town was in sight, they demanded of another peasant:
"How far are we from Interlaken?"
"Just two miles!" he shouted back. "Keep right on."

Again the weary tramps, toiled on. Another half-hour elapsed, and still Interlaken was hidden from their view.
"Are we anywhere near Interlaken?" they inquired, when they met the third farmer.
"But two short miles," he replied, as had the others.

The tourists turned to each other in despair, then the fortunate sense of humor intervened.
"Well," said one, "thank heaven we're holding our own, anyhow!"

Red Blood Tablets NULIFE Red Blood Tablets

Nulife is a nerve and blood food

NULIFE is the master product of the best chemists and doctors known to the medical world. It is a remedy of remarkable curative powers, a preparation that will put new life in your body and thrill you with the joy of perfect health and strength.

Nulife is a blood and nerve food—a medicine that will aid in the cure of any disease—a preparation that builds up the great essential for perfect health—pure blood—and successfully combats all disease germs.

How to get a clear complexion

A great many people would be pretty, even handsome, if they were possessors of a clear complexion. Facial beauty is dependent upon the condition of the blood—Get pure blood and all pimples, blackheads, etc, will be entirely eliminated.

NULIFE (Red Blood Tablets) will build up your system, clean your blood of all impurities and make you the possessor of a clear complexion, the foundation of beauty. Every Nulife tablet means more and better blood, means freedom from disease, means a longer life.

A few diseases caused by poor blood in the system

Below is tabulated a list of ailments directly due to the presence of impure blood in the system. Glance over the list—are you troubled by any of them? Nulife works wonders even with advanced cases of these diseases.

NULIFE is the King of Blood Builders

Nulife (Red Blood tablets) is a combination that will cure all diseases arising from a poor or impure condition of the blood. It is a remedy that is tried and true, a remedy brought to this Province as a blessing to humanity, it will act naturally and will help nature do its best work. Nulife extends a helping hand to all invalids, it acts directly on the blood, increases the corpuscles and enriches the blood, adds stamina and strength to the system and offsets disease and death.

The human system is more or less liable to attacks from disease—a weak system accumulates disease germs and continuously courts illness. Nulife is made to strengthen the system to a state of perfect health and strength.

The only way to enjoy life is to secure good health. Good health is determined by the blood and the blood—the foundation of all good health—should be kept pure and rich always.

Everything depends on the your health—the condition of your blood. You cannot find a disease or ailment which was not caused by bad or impoverished blood at the beginning.
