

D. WATSON'S
SONIC
ALE & STOUT

"A Wonderful Drink"

Contentment: You will find enjoyment in the tonic of D. Watson's Sonic Ale & Stout. It is a tonic from a good friend, and I think it would do you good. It will build up your health, the backache, the headache, the nervousness, the indigestion, the loss of appetite, the loss of sleep, the loss of energy, the loss of vitality, the loss of strength, the loss of endurance, the loss of courage, the loss of confidence, the loss of hope, the loss of faith, the loss of love, the loss of life.

IN MEMORIAM
 MRS. EMMA (COFFIN) ROBERTSON
 Passed to her eternal rest on Sept. 5 suddenly Mrs. Emma (Coffin) Robertson, 65 years of age. She leaves to mourn two brothers, Dr. James N. McLaren, California, one sister, Mrs. Hattie E. McLaren, California, and a nephew, John H. Jones, Pownal.

IN MEMORIAM
 In loving memory of Ambrose E. Kelly, of Shamrock, who died Sept. 9th, 1926.
 One year has passed since that sad day
 When God called one we loved away
 The blow was hard, the shock severe
 We little thought his end so near.
 Not gone from memory or love
 But gone to his heavenly home above
 We loved him here, we love him still
 Forget him, no, we never will
 Friends may think he is forgotten,
 That the wound is surely healed
 But they little know the sorrow
 Lies within our hearts concealed.
 Swift and sudden was the parting
 Taken home without a sigh
 We could not think his life was ended
 For many had no chance to say good-bye.
 Inserted by His Wife and Little Family.

City Council Meeting
 (Continued from Page 1)

McInnis to render him unfit for the position. "I believe, he said," that I am expressing the opinion of seventy five per cent. of our citizens when I say that Sergt. Allan McInnis is the man for Chief of Police. I am not afraid to face my electors next February in regard to my position in this rate. In regard to this stranger what do we know about him? We know he is drawing a pension—presumably a good pension—from the Mounted Police and now you want to give him \$1500 a year as City Marshal. Other than his recommendations what do you know about him?

What does a recommendation mean? Business men give no serious consideration to such. A recommendation can be obtained by anyone. I wish to draw your attention to this fact and I cast no reflection upon the man—but there is not one word in the recommendations at hand which say anything concerning his sobriety. He may be alright but there is nothing stated in this connection. If there is anything wanted in a man for this position it is sobriety and that is what you have in Allan McInnis.

Again, continued Councillor Moran, this man's application was not received until the night of the 12th. The time for the receiving of applications closed on the 9th. What right have we to consider this application? What would you think of me as chairman of the Tender Committee, what would the citizens think of me, if I were to consider a tender after the rest had been opened. Are three or four men to run this Council. Here is an application received here on the 12th, sandwiched in with the others. I was born and raised in Charlottetown. I take an interest in city affairs and that is the reason why I stand up here tonight and support Allan McInnis another citizen. If he was not competent for the position I would not vote for him. I am casting my vote for a man who is justly entitled to the position.

Loud applause was given by the citizens in attendance on the conclusion of Councillor Moran's remarks which also was tendered Councillor Blanchard when he advised the appointment of Sergt. McInnis, and stated he would stand by him. He could not see the logic of getting a man who for twenty-one years patrolled the wastes of the West—a stranger—in preference to an efficient police officer who has been for sixteen years on the force and is well acquainted with the law breakers of the city and its conditions.

Councillor Prowse stated he wanted himself understood. For five years he had been chairman of the Finance Committee and has always exerted himself in the interests of the people. He sent the telegram to see if a man so highly recommended would accept a figure that which he had acknowledged. He has known Allan McInnis a long time as an efficient officer. This is no personal matter for him. He has nothing to gain or lose on his stand. He was working for the city's interests and supported a man who could train the Police Force so that they would have a highly efficient force.

Councillor Dougan said he knew there was something funny going on for a long time. He had discussed the appointment of a chief with Councillor Prowse at a ball game a month ago in which he said he did not approve of the elevation of Sergt. McInnis but did not mention Birtwistle. He was supposed to know of any more applications, considerable word-play between Councillors Prowse and Dougan ensued. The former maintaining that Birtwistle's application was among the rest on file, while the latter declared it was not put in later.

The resolutions were then voted on and the following voted for Sergt. Birtwistle: Councillors Prowse, Yeo, Kennedy, E. F. Sergt. Allan McInnis;—Councillors Hennessey, Dougan and Blanchard.

His Worship said that for reasons given in the caucus he would declare the amendment carried. Councillor Blanchard: "Why not give the reasons? The citizens would like to hear them."
 Expressions of disapproval from the audience at the appointment were quite audible and at the close of the meeting several remarks concerning the denominational

character of the split could be heard.
 Councillor Hennessey gave notice that at the next meeting Sergt. Birtwistle's appointment would be reconsidered.
 This was agreed to.
 A communication was read from Mr. Arthur Newberry asking that a garden for Queen Square Gardens be appointed with a living wage and also asking that he be relieved from the duties of manager of the Gardens on account of age and ill health. The matter was referred to the Public Property Committee. Another communication signed by fifty city merchants asked that the City Square be opened up for an amusements during Exhibition week, was read. A resolution, moved by Councillor Prowse, seconded by Councillor Foster to the effect that the matter be left in the hands of the Market Committee during Exhibition week and annulling any former resolutions.

Health officer Dr. McMillan reported two cases of diphtheria since the last regular meeting.
 Councillor Yeo, reporting for the Street Committee that the City Engineer completed permanent work on Pownal, Kent and Richmond Sts. Graveling is now being proceeded with on the streets on the program which is likely to be finished within the month.

Councillor Moran in reporting for the Finder and Public Property Committee, spoke of the necessity of a new boiler for the City Building and drew attention to the council of the menace to public safety which exists in the ruins of the fire on Queen St.

His Worship agreed with the sentiments of Councillor Moran and stated that the owner of the building had been written to three times.
 Councillor Hennessey called the attention of the council to the unsanitary conditions of the cells of the police station. He was supported by this by Councillor Moran. His Worship stated that the main room of the Police Station also sorely needed renovation.

A resolution was passed giving authority to the City Engineer to demolish the Mary Morgan Property on Queen St. and the scene of the fire.
 A resolution accepting the tender of Stanley Shaw and Pearson to install a new boiler for the City Building for \$640 was passed. An allowance of \$800 is to be given to the old boiler.

Stanford Bigger was appointed permanent Police Officer.
 Sergt. A. Birtwistle the Chief of Police appointed is 41 years of age, 5 ft. 11 ins. tall and weighs 165 lbs. He has been with the Royal Canadian Mounted Police for 21 years. In the Great War he received three decorations and service medals. He was highly recommended by officials of the Mounted Police Force.

The following is the Police Report for the month of August 1927:

Arrests for drunkenness 8
 Arrests for operating car under influence of liquor 3
 Arrests for breaking and entering 8
 Arrests for having liquor in possession 1
 Arrests for using obscene language on street 1
 Total 21

 Acting Marshal

Second Largest Wheat Crop Is Estimate
 (Canadian Press)
 OTTAWA, Sept. 12.—Present indications point to the harvesting of the second largest wheat crop grown in Canada, amounting to 358,741,000 bushels, according to the preliminary estimate of yield announced today by the Dominion bureau of statistics.

New Contract Guarantees Gene \$1,000,000 Flat
 (Canadian Press)
 CHICAGO, Sept. 12.—Tex Rickard has signed the principals in his heavyweight spectacle at Soldiers Field, Sept. 22nd to a new set of contracts guaranteeing Gene Tunney a flat \$1,000,000 and Jack Dempsey \$425,000 the Associated Press learned today from an authoritative source. Formal announcement was expected tonight.

Try and Find Out?
 Sport Fan wishes to know where Jack McKenna, Canadian middle-weight boxing champion was born. As far as I can learn McKenna is an Island boy by birth, leaving this city when but a mere lad. He is still in his early twenties and has a brilliant ring future ahead of him. Charlottetown boxing fans and sport enthusiasts in general are indeed fortunate of having the privilege of seeing McKenna perform here the latter part of this month.

Island Boy

He is still in his early twenties and has a brilliant ring future ahead of him. Charlottetown boxing fans and sport enthusiasts in general are indeed fortunate of having the privilege of seeing McKenna perform here the latter part of this month.

Try and Find Out?
 Sport Fan wishes also to know what team will finish first in the National League.
 Ask me something easy! A 1918 German mark is worth the chances of any one of the four leading teams, and their all playing like champions. Pittsburgh, New York, Chicago and St. Louis are now rounding the three-quarter pole and it looks like a driving race to the wire, with

New Ford Cost Over \$100,000,000
 (Special to The Guardian)
 DETROIT, Sept. 12.—Ten thousand expert machinists have been busy the past three months changing machinery for the new Ford car and before the first model is sold Henry Ford will have spent over \$100,000,000 in plant changes.

Sport Whirl
 By "TEC"

Slowly Recovering
 George Francis, intrepid and colorful backstop of the Anchors is slowly recovering from a severe and painful injury sustained early last week in the opening game of the City Baseball League play-off series. Francis broke his left leg below the knee and injured his back when completing a play behind the plate on a foul ball. He is at present in the City Hospital where he was conveyed shortly after the unfortunate occurrence. The nature of George's injuries are so that his confinement to hospital is at present indefinite. At any rate his legion of friends throughout the city and Island hope for a speedy recovery.

Benefit Game
 The proceeds of the second game of the play-off which takes place tomorrow afternoon, it is understood is to be donated to the injured ball player. There have been some large attendances at the Abegweit Grounds this summer, in fact gates that compare favorably with any experienced, but Wednesday's turnout of fans should be the largest that has ever graced a ball park in this Province. Francis has given his all in the interests of baseball in this community and is surely deserving of every consideration by fans and players alike. The Anchors and Rovers, also the Abegweit Athletic Association are to be commended for their stand in this matter and is none the less appreciated by the ball followers of Charlottetown. So let's make it a Francis Day at the Abegweit Grounds tomorrow afternoon—and it surely would be fitting and quite appropriate if the Down Westers should even the series with the Stars. It would then put all the trimmings and all that goes with it around "Francis Day."

Large Crowd Expected
 I may be wrong, but should tomorrow prove fine and warm upwards of 1500 or more customers will be on hand. The Anchors have another chance. Should they lose today to the victors belong the spoils; should they win then a third game will be necessary to decide the issue.

One bad and destructive innings in last Saturday's opener was disastrous for the Anchors. The Stars garnered all ten counts in the early frames to be shut-out for the remaining six innings. The damage was done however and the huge lead not only too great for a team to overcome on the Stars but spoiled the moral of the Anchors entirely. They faced a 10 to 1 top-sided score with grim resignation, but the fight was not there on the offensive.

With McFarlane in good fettle today and his team tightening up behind him, who knows but baseball history, locally, is in the making. McQuaid seems to be better than ever on the Star buckboard. His portside flinging in the last game was easy to look at, and should be in the same form tomorrow. Anchor hickory swingers had better don their batting togs and have clear and accurate vision.

Taking a Day Off
 Jack Patterson, heavyweight wrestler afraid of getting too fine, as the term is used, has been taking a few days off and resting easy from training. He will resume light workouts on Wednesday afternoon from 3 to 4 at the Arena and on Thursday evening from 7 to 8 will repeat his exhibition of training methods with an added free exhibition in the demonstration of the different grappling holds used by famous wrestlers of the world.

Exhibition Races
 Never in the history of horse racing in this province has such an entry list, recently published in the Guardian, been received. One hundred and eight horses have been entered for this fall's racing at the Prince Edward Island Exhibition. Forgetting for a moment the wonderful exhibits of live stock, poultry, art, in fact all the leading industries of the Island, the leading industry, grand stand attractions, etc., the races in themselves this year are bound to be one colossal success. The fastest horses in the Maritime Provinces are entered, including the famous \$25,000 Bill Sharen, Bud Hal, Dan Patchen, Longest and many others noted for their performances on the ovals of Eastern Canada. Every class is filled to overflowing with the best horseflesh seen here in a goodly number of years.

Secretary Smallwood of the Exhibition Association in his handling and general compilation of the record entry list is to be highly commended. His work in this regards has been no "pink tea," but nevertheless he has proved equal to the task and has fulfilled his official duties to the letter.

Island Boy
 Sport Fan wishes to know where Jack McKenna, Canadian middle-weight boxing champion was born. As far as I can learn McKenna is an Island boy by birth, leaving this city when but a mere lad. He is still in his early twenties and has a brilliant ring future ahead of him. Charlottetown boxing fans and sport enthusiasts in general are indeed fortunate of having the privilege of seeing McKenna perform here the latter part of this month.

Try and Find Out?
 Sport Fan wishes also to know what team will finish first in the National League.
 Ask me something easy! A 1918 German mark is worth the chances of any one of the four leading teams, and their all playing like champions. Pittsburgh, New York, Chicago and St. Louis are now rounding the three-quarter pole and it looks like a driving race to the wire, with

Blankets covering all four. Pick 'em yourself, you might be luckier than I.

The Inexpert Experts
 This forthcoming \$3,000,000 thirty minute affair is quite bewildering. The experts have been slammed so hard and often, and have been so consistently wrong that they have closed up like clams, and talk in glittering generalities regarding the form and condition of both gladiators. None of them are picking the fighters to pieces. They are avoiding being technical. They will dwell more on the sparring partners than on the principals. To a man they eschew telling whether Tunney is hitting harder, whether he is timing better, whether he is knocking about better sparring partners than Dempsey.

A lot of them dwell on the fact that Dempsey is being easily shelled by his sparring mates. They attach undue importance to this well known fact. Dempsey never did look good against sparring partners. He was always willing take take two wallops to give one.

Most of them veer to Tunney, but they give a very good reason why they select him against Dempsey who is bound to be a great deal better than he was against the Marine last year. The experts are falling lamentably in their task of keeping the public informed. The old time ballyhoo has gone on a non-stop flight and is labelled lost at sea. Most of the experts look on the fight with considerable suspicion. There is a state of mind crystallizing regarding these big flat affairs which bodes ill for the future of the game. The general idea is that training shows nothing, proves nothing, that past performance is of little avail, and that only the action of the "wise betting money" counts. If this idea persists and grows then the death knell of boxing isn't far away.

Dr. Bill Kennedy, F.R.T.S., osteopath, formerly of Truro and now located in Charlottetown, is well known not only among the athletes of this province but the Maritimes as well as an enthusiastic follower of all branches of sport, especially hockey. The Doctor was closely identified with the Champion Truro Bearcats for the past few seasons as a great booster and helped in no small way to put the sextette on the Eastern Canadian hockey map.

In conversation with me last evening signified his willingness to do everything in his power to help the Abegweits as best he can this winter. The Doctor thoroughly understands physical culture and the conditioning of athletes, the methods of training etc. The Doctor likes the Province immensely and intends to make his future residence here.

Mr. McCloskey—Was it your intention at the time to go along Sydney Street or turn Weymouth.
 Mr. Doucette: No, I was intending to go along Sydney St. The street is a little narrower at the corner. I was on my right side about one third way across. Arsenault was driving on his right side of street and not in the centre.
 Mr. McCloskey: How would you account being hit on one side and being dragged to the post on the other side?
 Mr. Doucette: I could not say. The force of his car might do it, or the force of my own.
 Mr. Carl Kelly, jurymen: Was your car hooked up with his car. Mr. Doucette said he would judge his bumper was hooked in the fender and the running board of his car. He stated he was not going fast enough to drag the other car that distance. He thought he was pushed. I blew my horn at the corner, but did not hear Arsenault blow his. His bumper was caught in my fender. He looked to me to be sober, that is, the best of my judgment. I had always been good friends with Mr. Arsenault.
 F. R. McLaine—Sworn. I live in the city and do business on Corner of Grafton and Prince Streets. Am a car dealer. Sold a Willys Knight to Mr. Arsenault a month ago; do not remember date. The car I sold him was a Willys Knight Six. It was in perfect condition when I sold it to him. The Willys Knight Six is equipped with 4 wheel mechanical brakes. This car going at 12 or 15 miles an hour should stop on the service brake, properly adjusted, at about 10 or 12 feet. The brakes were properly adjusted when I delivered the car. I was with Mr. Arsenault several times in the car before I sold it to him. I considered him a good enough driver to handle the car.
 Mr. McCloskey: Does the brakes hold good after driving 4000 miles?
 Mr. McLaine: A new car is generally adjusted after 500 miles.
 Mr. Kelly—Jurymen: Who tested the brakes after the accident?
 Mr. McLaine: I do not know. I was not in the car when the brakes were tested.
 H. J. Nelson—Sworn: I live in Charlottetown. Am a garage man. I work on Grafton Street, the McLaine Service Station. Have been doing business there since last April. Have 25 years experience. Examined car, Ford, after collision. Took it to the Garage from site of accident. The running-board and fender on the left side was smashed, and two rear wheels. I did not see the other car. I would say car was hit dead center. (In answer to Mr. McCloskey's question.)
 Mr. Carl Kelly, Jurymen, understood the Willys Knight in question was ordered out by the Coroner for a testing of brakes, but was not, up to the present tested out. He also implied that Arsenault's evidence, if any in regards to the brakes was as good as he is not qualified to judge brake adjustment.
 It was recommended that Mr. McLaine accompanied by one or more of the jurymen should test brakes and give evidence this afternoon at 4 o'clock accordingly.

CAR FOR SALE
 Willys' Knight five passenger Sedan for sale—used 6000 miles—in perfect condition. Inquire at office of The Rogers Hardware Company, Limited
