

SUMMER SCHOOL FOR P.E.I. TEACHERS

On Wednesday afternoon a meeting of the Committee of Management of the Summer School was held in the Legislative Chamber...

MORE SUFFRAGETTES SENT TO JAIL

LONDON, July 24.—Mrs. Pankhurst, rearrested went to jail in a motor ambulance...

STEAMER BEOTHIC HAS BEEN FLOATED

HALIFAX, July 23.—At 11.30 o'clock Tuesday night the stranded steamer Beothic floated off the rocks of Point Rich...

It appears her floating was effected by the lighting of dry bunker coal, and the high tide raised by the strong west winds...

The Canadian Government steamer Stanley which on Tuesday had been ordered to the scene of the stranding returned to port last evening...

CONDENSED ADS TOO LATE FOR CLASSIFICATION

Holman & Co., Ltd., Charlottetown. 502-7-25M21. Minard's Liniment Cures Distemper

P. E. I. CATTLE WIN IN THE WEST

(Special to the Guardian.) BRANTON, Man., July 24.—The Riverside Holstein herd, owned by Lea and Clark, Victoria, P. E. I. did well at the Brandon Exhibition...

The stallion "Labori Again" won fourth in a class of 12, for best Canadian bred Clydesdales. (Note—Messrs Lea and Clark are to be congratulated on this splendid showing. The cow, Jacoba Joanna, freshened two years ago and the fact that she won in such a large class is a splendid testimony to her superiority. In the Grade class Messrs Lea and Clark exhibited only four cows and won four prizes. The Stallion, Labori Again, is only four years old and, winning in a large class, many of them matured animals, is an excellent achievement.)

TURKISH FORCES ACROSS FRONTIER

(Canadian Press) VIENNA, July 24.—Turkish forces crossed the Bulgarian frontier, according to reports received to-day and are now marching on Jamboli, a Bulgarian town and Tunjariper, fifty-six miles north of Adrianople.

STEAMER BEOTHIC HAS BEEN FLOATED

LONDON, July 24.—A telegram was received this afternoon, during the session of the European ambassadors here, from the Bulgarian minister at Paris reporting that Turkish troops had entered the Bulgarian town of Philippopolis and that the populace are fleeing. The Bulgarian legation in London confirms the report of the advance of Turkish troops on Jamboli. The diplomats are of the opinion that the report while correct refers merely to reconnoitering flying columns.

CONSTANTINOPLE, July 24.—The Ottoman Government replying to-day to the Bulgarian protest against Turkey's alleged violation of the treaty of London claims the advance of the Turkish troops was impelled by Bulgarian atrocities and expresses the hope that Bulgaria will recognize the reasonableness of Turkey's reoccupation of Adrianople and will help to restore friendly relations and display similar pacific sentiments to those animating Turkey.

FATAL RESULT OF FIGHT OVER GAME.

BRIDGEPORT, Conn., July 21.—Frank Ghuro, 31 years old, died in a local hospital today from a bullet wound in the abdomen, received last night in a quarrel over a game of "morra," a kind of finger-slapping game, in which a number of young men, including several brothers of Ghuro took part.

It is alleged that one of the brothers fired a shot, but the police have nothing definite on the subject, Ghuro, before he died, declined to give the authorities any information. Thirteen persons including the mother, wife, two small daughters and two brothers of the dead man were arrested pending investigation of the case.

STEAMER HAS RUN FOR PASSENGERS LIVES.

POUGHKEEPSIE, N. Y., July 23.—The steamer Tramp, loaded with panic-stricken passengers, was beached on the east side of the Hudson today with the water pouring through a big hole in her bottom. The Tramp, bound from Newbury to Albany, ran on a reef on the east side of Esopus island. The boat was settled very low before she reached the mainland, after an exciting two mile race. The Tramp was run around in the mud near Stratsburg. All the passengers were taken off without difficulty. The steamer rests on the bottom in a safe position and her freight is uninjured.

BOY CONFESSES TO THEFT OF \$22,000.

LAKE CHARLES, La., July 23.—A 17-year-old express driver, confessed that he stole \$22,000 in currency from a Wells-Fargo chest in a railroad station here last November, according to the police. The young prisoner is Herschel Pierce. His arrest came as the sequel to the apprehensions of his uncle, A. E. Amy, on Saturday. The police said Pierce told them he had no assistance in planning or executing the robbery and that voluntarily he divided the currency with his uncle. It was Amy's lavish spending here last November, according to the police, that first directed suspicion on him. Pierce appeared to have spent almost nothing of his share. He led officers today to a cache of \$7,000 and \$2,000 was found in Amy's garage at Eunice, La.

INTERNATIONAL GEOLOGICAL MEETS

(Canadian Press.) OTTAWA, July 24.—Sir Charles FitzPatrick, Administrator of the Government has accepted the invitation of the Minister of Mines to open the International Geological congress at Toronto, on August 7th. The Minister Hon. Louis Gougeon intends to attend the convention and will accompany the delegates to the coast but has abandoned the idea of going as far north as Yukon.

GOVERNMENT EXAMINES SMUGGLED JAPS

VANCOUVER, July 24.—The government immigration officials yesterday continued the examinations of the eight Japanese, who the previous day reached Vancouver by steamer from Bella Bella, an up-coast village. They had come from Japan aboard a sampan 27 on the ship. She had accommodations for only six and they had to take turns in the few beds available.

INDICTMENT FOR IMPERSONATION

(Canadian Press) NEW YORK, July 24.—The indictment of David Lamar, the Wall Street operator, charged with impersonating an officer of the government for the purpose of fraud, is announced to-day by United States District Attorney Marshall. The indictment was found by the federal grand jury several days ago, but publication was withheld owing to the fact that Lamar was not of this federal district.

JAMES CONMEE, FORMER M. P., DEAD

PORT ARTHUR, Ont., July 23.—A message this evening from Prescott, Arizona announces the death of James Conmee, ex-M. P., who had been ill for four or five years. His illness became serious while at Ottawa during the term of 1910, and in 1911, he engaged in the reciprocity campaign as a candidate in Thunder Bay and Rainy River against the physician's advice. Later he remained there till February last, when he went to Arizona. His death at the present time was unexpected. Mrs. Conmee and daughter were on the way to join him, and received news of the death at Kansas City. He leaves three daughters, Mrs. James Whalen, Mrs. M. J. Kelly, Miss Louise and one son, Arthur B. The body will be brought here for interment.

HAWTHORNE MAY BE FREED.

ATLANTA, Ga., July 24.—The application for a parole for Julian Hawthorne, the writer, was taken up for consideration by the Federal parole board when it met today. Hawthorne is now confined in the Federal prison here under a sentence of one year and one day as a result of his conviction in New York on a charge of using the mails to defraud in the promotion of mining schemes. Should he be paroled, action probably will be taken later for a restoration of his citizenship.

KING LAYS FOUNDATION STONE.

LONDON, July 24.—The King today laid the foundation stone for the new Australian Commonwealth buildings which are to be erected on the Strand at Aldwych. The building, which is to be an imposing edifice from an architectural point of view, is to house the offices of the high commissioner of the Commonwealth and the agents-general of the several Australian States in London. It is also to serve as headquarters of the immigration scheme in which New South Wales and Victoria have just availed themselves and it is expected that ultimately all emigration to Australia will be conducted entirely from this centre.

DOUKHOBORS WANT HALF A MILLION

(Canadian press) OTTAWA, July 24.—Assessing for half a million dollars for the land in Saskatchewan which the Doukhobors abandoned when they moved to British Columbia and bought new lands outright rather than swore allegiance to the King, three representatives of the colony are in Ottawa to see the Minister of the Interior. Because, owing to religious dictates they could not become Canadian citizens, one of the party told of the strange sect about four years ago leaving their homesteads in Saskatchewan to go to the coast province where they purchased land outright thus rendering unnecessary a pledge of allegiance to the sovereign. They have done wonderfully well in the fruit raising business in British Columbia where about five thousand of them reside. There are about three thousand in Saskatchewan who will ultimately join newer colony.

BIG BRIDGE DYNAMITED

VANCOUVER, July 24.—The Trent River Bridge, on the railway line between Cumberland and Union Bay, was blown up early yesterday morning. Some of the piers were knocked out of position. Evidently quite a charge of dynamite had been used, for the bridge foundations were badly shaken.

The bridge is owned by the Canadian Collieries Limited, which use this railway line to move coal trains from Cumberland to Tidewater at Union Bay. This is the second dynamiting of Colliery miners have for months the same bridge within a few months.

HARVESTING CROPS IN CANADIAN WEST

GROSS ISLE, Man., July 23.—Harvesting the 1913 crop commenced here to-day on the Miller farm, when binders started early this morning cutting a fine crop of rye. A start will be made with barley cutting next week, and the wheat is expected to be ready for the binder by August 15.

REGINA, July 23.—Should the present favorable conditions continue until a fair proportion of the grain harvest is gathered in, a total yield of 270,570,000 bushels of wheat, oats, barley and flax will be realized from the season's farming in Saskatchewan, according to an estimate based on the statistics of the department of agriculture.

Last year the total yield of all field crops was 237,730,446 bushels. Although the average yield per acre in the wheat crop of 1912 was 19.9 bushels, this average cannot be taken as a criterion for the present season, which promises to be the best in the history of the West. In 1902 the average was 22.57 bushels, in 1905 it was 23.09, in 1907, 21.41, and in 1909, 22.10 bushels.

SIR WILFRID REFUSES TO GRANT INTERVIEW.

TORONTO, July 23.—Sir Wilfrid Laurier arrived in town from Ottawa this morning and is at the King Edward Hotel. Following his invariable custom, the Liberal leader declined to talk for publication and nothing is known of the object of his visit except his own statement that he is here for a holiday. Hon. George P. Graham is also in the city. Sir Wilfrid is expected to remain a couple of days.

ONE PARTHING DAMAGES AWARDED IN LIBEL SUIT.

LONDON, July 23.—The fair name of the English turf received a blow in the decision today in a libel action brought by R. Wooten, a trainer, against Robert S. Stevier, editor of the sporting paper the Winning Post. Wooten, who is an Australian, is one of the most prominent trainers in England. His two sons are jockeys and in the constant employ of the best stables. Stevier is a well-known racing man. Wooten charged that Wooten and other trainers and jockeys belonged to a ring which made enormous sums by betting, first entering into an agreement as to which horses should win or lose and by other methods. The trial occupied eight days and several men conspicuous on the turf, jockeys and stable boys, testified for either side. The jury gave Wooten one farthing damages.

INSPECTION OF IMPORTED FOXES

(Canadian Press.) OTTAWA, July 24.—Owing to the great growth of the black fox industry especially in P. E. I., the department of agriculture intends to institute inspection of all animals imported for ranches with a view to protecting the industry from outbreaks of disease. At the request of the P. E. I. government and the fox ranching industry there this course has been decided.

FINANCIAL COMMISSIONER FOR REGINA

EDMONTON, July 24.—John A. Reid, late deputy provincial treasurer of Saskatchewan, and now financial commissioner for Regina, has been appointed agent for Alberta in connection with the provincial offices recently opened in London. The selection was made at a cabinet council meeting this afternoon.

The appointment of a man outside the provinces is said to have been made in order that his advice to English investors might be unbiased by sectional opinions.

PASTIME BOYS ENJOY THEMSELVES

On the banks of the beautiful Cardigan river, close to the railway and but a short distance from the village, in delightful seclusion, is situated the camp of the Pastime boys of Charlottetown. The boys are enjoying themselves immensely and unanimously declare it to be the best camp yet held.

The grounds are on the land of Mr. Alexander, about 300 yards from the Railway Station. Since the boys went to camp they have had no end of enjoyment and have also had different amusements apart from the regular routine.

On Monday night the western drama "A Girl of the Eagle Ranch" was presented in the Cardigan Hall and a large audience, including the camps, were in attendance, and on Wednesday the tea at St. Theresa's provided additional enjoyment.

It took considerable time on Monday for the boys to secure such an appropriate camping place but by evening they had both the large tent and dining hall erected and all the other equipment in place.

The poles for the clothes tent and the large table only arrived on Wednesday and were put in place in quick order. In short the boys are having "the time of their lives" and the only cause of worry is the rapidity with which the time is passing.

Baseball is the most popular recreation at the Pastime Camp. Much "Entertainment" was shown. Our chief steward was some bidden of cakes at the tea. Oh no, we won't tell who he gave the cakes to. A new brand of hole-proof hosiery at the camp. Doucette displayed them for the first time at St. Theresa's. Old Mose is right on the job. Martin is some class in the dining hall. Jack C. is selling cigarettes to get along.

Although Frank T. is now past the danger stage, he is still worrying about his little "Coffin." Alger is some class, fiddling on his ragtime violin. We have discharged our mail carrier. He lost all our mail at St. Theresa and had to detain the train to recover it. Very energetic—only 12 of his own among the lost. We had two deserters Wednesday night. McCarey says Summerside is alright.

Our trainer had to go after one of our baseball team. Frank (Connaught) came. McTAVISH The vocal music (?) of the camp is being supplied by McTavish, but with use of cotton wool the boys have protected their ears, and up to the present the vocalist has lost only six of the new songs he invested in for the occasion. One night there was some talk of applying the gag, but fortunately the conspirators fell asleep before the plot ripened.

VESSELS TO EMPLOY CHINESE FIREMEN. NEW ORLEANS, La., July 24.—Wearied by strikes and other troubles with union firemen the United Fruit Company has definitely decided to operate its passenger and freight vessels with non-union men in the future. The decision of the company became known today when fifty Chinese firemen arrived. The Orientals are to be used to man the company's vessels now in port, while others are en route here to be employed on other boats as they arrive. For a time at least the company intends to employ only Chinese firemen.

MORE WORK FOR BANKERS

(Canadian press) OTTAWA July 24.—Under the provision of the bank act the returns to make monthly to the department at Ottawa are considerably augmented. Under assets there are six additional headings and under liabilities two. The first new returns will come in at the end of this month. The object of this course is to ensure a wide measure of publicity. The amounts in gold coin held by the banks must now be shown between Canada and elsewhere. It used to be one item. Return of call loans is an added qualification, "not exceeding thirty days". Other new schedules call for a return of liabilities of customers under letters of credit and acceptances.

WESTERN RANCHERS WILL ORGANIZE

MOOSEJAW July 24.—For the first time in the history of the province ranchers from all parts met in this city yesterday with a view to forming an association for the protection of the stock raising industry, which has fallen upon evil days. A number of resolutions will be passed and forwarded to the Provincial and Dominion governments asking for more equitable legislation regarding ranching.

A ten year ranching lease instead of the present year lease will be one of the requests. It was unanimously agreed at to night's convention that the recent report prepared by the ranching commissioners who toured the west this spring covered practically all the details of ranching, it was an eminently fair report.

A delegation will be appointed to go to Ottawa and ask for the acceptance of this report.

ACCIDENTS AVERTED AT MONCTON PICNIC.

MONCTON, July 23.—The United Baptist picnic which was held at Point Du Chenet today, was the biggest thing of its kind in recent years. It took two fifteen car specials to carry the crowd over to the point, and these trains were so crowded that it was found necessary to man them with double crews.

The day was ideal and the outing was not marred by a single serious mishap, although a small child had a narrow escape from drowning at the point and on the return train a young girl fell off the first train near Painsic Junction, but was picked up by the following train. She was not injured.

The Torreon garrison consisted of more than three thousand officers, men, as well as a number of cannons and if the report that the town has capitulated be true, it is assumed here that a portion of the garrison must have revolted and aided the rebels.

REPEAL OF U. S. PROCLAMATION.

WASHINGTON, July 13.—Repeal of the neutrality proclamation prohibiting the exportation of arms to Mexico is being considered by the administration as the next step in the Mexican situation. Conferences between President Wilson and Congressional leaders were planned today for a discussion of the proposals to which many leaders have given their approval.

OPTIMISTIC UTTERANCE. LONDON, July 24.—Sir Felix Schuster, governor of the Union of London and Smiths Bank, one of the highest authorities in Europe on finance, spoke optimistically on the stock market outlook at the directors' meeting yesterday. He said the reaction soon must set in and he believed it would be as rapid as was the fall in prices.

AMHERST HAS TWENTY MILE BIKE RACE.

AMHERST, July 22.—A twenty-mile bicycle race was held this evening by H. D. Oulton. The competitors started from the corner of LaPlanche and Victoria streets, and rode back to Ford's Corner and all finished in a close order. Thomas Oulton, the champion long distance rider of the provinces, won out; time, 1 hour three minutes and thirty seconds. D. McAllum, a youthful rider not yet 16, finished a half minute behind Oulton. His time was one hour and seven minutes. Oulton being handicapped seven minutes. Gordon McCullum finished third position, Hermanson fourth, Cormier fifth, and Elliott sixth.

FARMERS PICNIC YESTERDAY

There was another farmers' picnic to the Experimental Farm yesterday, the Institutes represented on this occasion being the Union Institute, comprising the people of Mount Carmel and Egmont Bay, in one party, and the Miscouche Institute in the other party, the total number of persons being about 230, of which 200 were members of the Union Institute. They came by special train, and reached the Farm about half-past ten o'clock. Luncheon was the first thing on the program being partaken of on the picnic grounds. Seats were laid for a hundred and thirty. As soon as luncheon was over, the Superintendent, Mr. J. A. Clark, took the party out to the Lily Pond, where he photographed them in a group. Then the poultry man took charge of them and showed them the Farm's new poultry plant, and chickens, explaining his methods of feeding, and giving the people an idea of what they at the Farm proposed doing with their poultry.

Afterwards, Mr. W. Frost, the American Consul, addressed the people, who were assembled in front of French Acadians, he spoke to them in French, but a shower of rain interrupted his speech, driving the assembly into the barn for shelter, and there Mr. Frost continued his address, this time speaking in English. He referred in a comparative manner to agriculture in this island and the New England States, stating for example that P. E. Island grew more potatoes than any of the Eastern States, with the exception of Maine, and that it produced more grain than any of the same States except Massachusetts. Mr. Frost dealt with the question of the conditions for farming in this Province, and said he thought that the farmers of this island had a pretty hard living to make, but he quoted Sir Louis Davies as having told him on the previous night that he had travelled a good deal backward and forward over Canada, and he (Sir Louis) believed that the people of P. E. Island were the best farming community and had the best opportunities ahead of them, than any Province in the Dominion.

Following upon this the Superintendent conducted the party all over the Farm, explaining the different rotations on the various crops, and the purposes to which these rotations were arranged, a number being arranged to destroy noxious weeds, such as oxeye daisy and yellow. After this inspection, which included the orchards, root crops, small fruits and flowers, the people again assembled in the picnic grove, where they were addressed by Mr. C. J. Reilly, the Secretary of the Y. M. C. A., who urged the development of a social community in farm life as the means of making farming more attractive and interesting than it is at present. Several of the farmers of the party then made speeches, one of them delivering his address in French, and a vote of thanks to the Superintendent, for his courtesy and attention and the instructive day that had been afforded them, was proposed and unanimously carried. Mr. Clark suitably acknowledging it.

The party then scattered and employed themselves in going over the farm according to their own sweet dictates; some went out to St. Dunstan's College and the Orphanage, while most of them were taken for rides through the city in motor cars, in the hope, by this practical demonstration, of dispelling the prejudice against the auto among this class.

Another picnic to the Farm takes place today, from New Glasgow, Rustico and Cavendish. The party will come in on the Cape Traverse train. Addresses will be delivered to them by a number of prominent citizens, among them the Premier and the Commissioner of Agriculture.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

One cent per word each insertion in this column. Cash must accompany order. Minimum charge twenty-five cents.

**For the next few days or until further announcements the motor boat will leave the Marine wharf for Holland Cove each afternoon at 3.30 and 4.30. 503

**Add to your life by the freedom from cares and easier hours the Smith Premier or Remington Typewriter will give you. A Milne Fraser, Halifax, N. S. 452-7-23M31.
