Central Drugstore

A HEAVY ANIMAL.—A bull owned by Mr. Brehaut of Murray Harbor, weighed on the city scales yesterday tipped the beam at 2,024 pounds. Some animal!

The Central Guardian

IT PAYS to buy in this Province.

AT EMERALD TONIGHT.—The concert at Emerald tonight for Patriotic purposes. Admission twenty-five cents. 4855.

WOMEN'S INSTITUTE SOCIAL.—The Women's Institute of Springfield have done much to help the Red Cross work and should be further encouraged by a large attendance at their social next Friday evening in the Springfield Hall.

ANOTHER ISLANDER IN CASUALTY LIST.—Mrs. Alexander McRae, of Mt. Vernon, received a telegram on March 7th, stating that her son, Private John A. McRae, who went over with the first draft of the 105th Battalion to France has been wounded in the knee and is now in the hospital in France. Mrs. McRae has three sons in the army, two of them are still in England.

STOCK NOTE.—Mr. Owen Sullivan, Vernon Bridge, has sold his prize winner Shorthorn bull, "Vernon Chief," to Mr. Charles A. McKenna, Newton Cross, for the handsome sum of \$110.00. Mr. McKenna is to be congratulated on his successful purchase. This animal was raised on the farm of the late Wm. Murphy, China Point, and Messrs Hayden & Son, Cherry Valley, are the proud owners of his dam, "Milkmaid," milking record of the maritime provinces for the year 1915. No doubt Newton Cross farmers will be proud to learn that such an animal is in their vicinity, and hope Mr. McKenna will always have the best of luck in his Shorthorn herd as he is now the owner of some valuable Shorthorn cattle. —Patriot and Examiner.

PULPIT EXCHANGE.—Rev. J. Heaney and Rev. F. H. Littlejohns exchange pulpits tomorrow.

DROP IN PRICES.—Yesterday potatoes dropped to 90 cents a bushel. This drop is explained, was occasioned by the local dealers refusing to buy as the dealers abroad will not purchase at the prices asked. Eggs also dropped as low as 25 cents per dozen and may go lower.

CONCERT IN SPRINGFIELD HALL.—The Women's Institute of Springfield, Lot 67 will conduct a basket social and candy sale in the Springfield Hall on Friday, March 23rd. The proceeds are for Red Cross purposes and should be well patronized to help this worthy cause. General admission twenty cents. Ladies with baskets or candy free.

BOATS, MAILS AND STEAMER.—The mail boats crossed both ways at the Cape yesterday. Five boats left Cape Traverse at 10.20 a. m. taking 47 bags of mail and arrived at Tormentine at 1 p. m. Boats left Cape Tormentine at 6 a. m. arriving at Cape Traverse at 10.35. They brought no mails as they had been sent via Pictou to go forward by the Car Ferry steamer. The latter had another big battle with severe ice conditions yesterday. At 7.30 p. m. She was reported off Cape Bear making little or no progress.

PRINCE EDWARD THEATRE.—"Destiny," was the title of a decidedly meritorious three-act drama shown at the Prince Edward Theatre. This play was the very realistic story of the battle of a young man against the demon drink, his downfall and ultimate reclamations through the memory of his promise to his departed mother. An interesting love affair is intertwined making the story exceptionally good. Chapter Four of "The Crimson Stain" is replete with startling situations and the portraiture is remarkably fine. A comedy "The Stuff that Heroes are made of" was greatly enjoyed. Owing to the non-arrival of the steamer yesterday Charlie Chaplin in "The Rink" could not be shown, but it is expected to have it for today's shows.

ST. PATRICK'S DAY.—This is St. Patrick's Day and will be observed by the usual parade of the Benevolent Irish Society and the Ancient Order of Hibernians. The members of these Societies in full regalia with band will parade at 10 o'clock this morning to St. Dunstan's Cathedral where Solemn High Mass will be celebrated. The preacher for the occasion will be Rev. M. J. Smith of Iona. At the conclusion of the service the societies will again line up and to the strains of the melodious airs of Ireland will make the customary parade of a number of the principal streets of the City. On account of St. Patrick's Day falling on Saturday this year that concert in connection with the celebration will not be held until Tuesday evening the 20th. The drama entitled "Retribution" will be staged by local talent and promises to be the best seen here for many years. Seats are now on sale at Jamieson's drugstore.

PERSONALS

Hon. Senator Murphy, Tignish, was in the city yesterday.

Mr. D. J. Bonnell, Summerside, was in the city yesterday.

Mr. J. B. Martin, teacher, Rusfico, was in the city yesterday.

Among the visitors to Charlottetown yesterday were Dr. McGrath, and Mr. Clarence Morrissey, Tignish.

Mrs. Prowse, Murray Harbor, who accompanied her husband Mr. A. P. Prowse, M. L. A., to the opening of the Legislature returned home yesterday.

Dr. J. P. McGrath, of O'Leary, intends starting practice in Charlottetown. The doctor has been very successfully engaged in practice in the Western centre, and is certain to acquire a large number of patients here where there is at present a scarcity of medical men.

FARMER BUYS MOTOR TRUCK.

Sir.—You are to be commended upon the broad way in which you view the automobile question. Too much politics, and too little consideration for the requirements of the farmers, are responsible for the present shameful condition of things. The demand for increased agricultural production and the scarcity of help are factors that compel the attention of experts. How to secure the former in the presence of the latter is a problem that must be solved; and personally I am of the opinion that the answer can be condensed down to two words: "Motor Trucks."

Right here I might add that I have purchased a motor-truck for spring delivery, because I know that I can make it pay for itself in a short time, hauling farm products to the market. I can get strawberries, fruit, etc., to the market in good condition, and thus secure the highest prices, besides saving an immense sum in railway freights.

I can compete with farmers and gardeners on the mainland by delivering fruit and farm products to the car ferry when the boat is placed on the Capes route, and again I can save freight and save time.

I have purchased a motor truck because I feel convinced that legislators cannot longer refuse to grant the farmers of Prince Edward Island the same privileges enjoyed by the farmers of other provinces; and I further believe that the member who refuses to grant the farmers' demands in the matter of motor trucks need never go to the country with any chance of being elected again.

It is nothing short of ridiculous that the Government of Prince Edward Island will not permit the farmers to adopt progressive methods of agricultural development, when they should be urging the adoption of such meth-

LOBSIER EMBARGO.

Sir.—What the fifty per cent lobster embargo means to the poor fishermen on the South Side of P. E. Island deserves ventilation in the Guardian. On account of the embargo our buyers will take advantage to reduce the price offered for canned lobsters. We find today the very best prices which can be secured by contract on canned lobsters are \$15.50 per case. Allowing the fisherman \$2.00 per hundred for their fish will mean to the packer per case \$4.00 for the fish, \$3.50 per case for expenses of packing and \$3.00 per case for cans and \$3.00 per case for expenses of gear; making the total expenses of lobsters per case \$13.50. Deduct this amount from the price per contract and you have a profit of \$2.00 per case for the lobster. I would like to know where are the fishermen who are going to fish Crucible Steel for the small sums of \$2.00 per hundred for lobsters. They could not do it under any circumstances and live. Reading the packer, if he paid any more

I am Sir, etc., H. G. LOWTHER, North Carleton, P. E. I.
