Mr. Giffrey has been for the past six years at Georgetown and Souris and during that time he has won many friends who greatly regret his departure. Doubtless the same large measure of success awaits him in his new field.

TURNING DOWN THE DOCTORS  
The marvelous cures of Catarrhazone are being much talked about. Thousands are daily recognizing the exceptional merit of this simple inhaled treatment, and instead of running to the doctor with their winter ills they protect themselves by Catarrhazone; it kills colds in the head in ten minutes, quickly relieves Catarrh, Bronchitis, Asthma, Lung Troubles, and cures even though all other remedies have failed. Catarrhazone is very pleasant, safe and convenient to use. Its best recommendation is its enormous sale; try it to-day. Price \$1.00, small size 25c. at Druggists.

What might have proved a fatal accident occurred at Montague on Tuesday. Charles Stewart, of Brudenell was removing some irons from his cart, the horse took fright and ran. Mr. Stewart was thrown heavily to the ground. He received so severe a shock from the wheel that he was rendered unconscious. He was conveyed at once to the residence of J. Robertson, where everything possible was done to relieve the patient. Dr. J. D. McIntyre was summoned, and the patient having recovered was conveyed home. By latest reports he was doing well.

It looks as though there would not be much doing in senior hockey in Halifax this season. The Wanderers will be "shy" of several of last year's team, and Dwyer will leave in a week or two to join the football party on the other side, and journey with them through England and Ireland. Grant is sick, Pickering and Carter, according to the M. P. A. A. A. ruling, will not be available until the first of February. Ryan, of the Crescents, is in Sydney, and it is understood Mahar has been offered a situation in the same town.—Chronicle.

On another page may be seen the advertisement of F.H. Johnson & Co. Incorporated, prominent New York dealers in fresh fish, including smelts, eels, lobster, bass, and game. Mr. Johnson is well known and highly thought of by many of our people with whom he became acquainted while on a visit to our Province last summer. Another leading member of the firm is L. W. Wright, a native of this island and well known to Western people. Messrs Johnson & Co. have sold storage on the premises and solicit consignments from our shippers who will be satisfactorily dealt with by this firm.

Four members of the crew of the Jacques Cartier were passengers last night by the Princess from Cape John. They were Cooke Simon LeBlanc, Rinal, McGillivray, Malcolm McDonald, and Alexander Smith. In conversation with the Guardian representative they report that their experience was a thrilling one but they are none the worse of it. The story they tell is identical with that of the Captain published in the Guardian some days since. While drifting in the straits the vessel sprang a leak, the pumps became choked. At times their were up to their waists in water, but they managed to reach land safely. The vessel is badly smashed and is a total wreck.

The basement of the Brick Methodist Church was yesterday turned into fairyland by the deft hands and clever heads of the young people of the Church. Tea was served at six, from that hour till nearly eight, constant relays of diners kept the host of fair waitresses busy. The tea was delightful. The orchestra started at 7.30 and gave a generous program until the hour of closing. Fancy, kitchen, apron, ice cream, candy and other tables repaid excellent sales. So generous was the patronage that ice cream and light refreshments alone remain for consumption today. Every congregation in town sent its quota of representatives. These occasions serve as excellent rallying spots for all one's friends, and this interest in each other's welfare is certainly a commendable feature in itself. The Zonophone will furnish amusement and interest for old and young this afternoon. While the admission is free a charge of five cents will attach to the Zonophone. The promoters have reason to be gratified at their success while the patrons were regaled with choice viands, fragrant flowers, melodious music and willing attendants, they too, were no less satisfied than gratified.

THE DAY OF MIRACLES.  
In past, but many who are cured of itching, bleeding, or protruding piles by the use of Dr. Chase's Ointment look upon their recovery as next thing to miracle. It is not uncommon for persons who have undergone painful, risky and expensive operations in vain to be healed by this wonderful ointment. It is the standard the world over and the only guarantee cure for piles.
