MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism untested for the trial of strength, and when it is over her system has received a shock from which it is hard to recover.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Call Money—4 1/2-5 1/2. 60 days—5-5 1/2. Six months—5 1/2-5 1/2.

Commercial Paper: Prime 5 1/2 @ 5 1/2, Single Names 5 1/2-6. The most noticeable variation in money rates at the world's money centres this week, was in New York where both call and time money was from 1/2 per cent to 1 per cent higher than a week ago. The statement that the United States Government stands ready to relieve the strained situation by depositing some \$45,000,000 with the banks has given the situation a more hopeful aspect than otherwise would have been the case. This is the usual procedure on the part of the Government when conditions like the present arise. However, because of unusual conditions which exist at the present time, such action may ultimately only aggravate the situation. The outlook in New York is for irregularity in rates during the coming 30 days in the stock market.

THE STOCK MARKET. The bulk of the news this week, to influence prices, has been favorable. The Steel Corporation's report of unfilled tonnage as of September 1st indicates that that company is doing the biggest business in its history. The Government's grain crop report gives evidence that this year the total agricultural yield will be greater than ever before. The copper market continues stable at a high price for the metal. The political outlook is satisfactory. As against this news there is but one discouraging factor, that is, the financial situation. And inasmuch as stocks continue to seek a lower level it would seem that this factor is of greater importance to prices than all other factors combined. For this reason careful consideration must be given the financial situation.

At the present time the New York Banks are undergoing a heavy strain as a result of the demand for money not only for crop moving purposes but also to carry on the country's commercial and industrial business which has increased as a result of the enormous prospective agricultural yield. The outlook is for firm money rates into October. About that time, the money from the crops will begin to return to New York. In the meantime, the market bids fair to seek a lower level until more satisfactory conditions develop; however, the pres-

one vaudeville bill is announced for B. V. Keith's Theatre next week, headed by Sam chip and Mary Marble, Harry Tighe and his big company of collegians, and The Great Tornadoes from Germany. For several years, Chip and Marble have been touring the circuits in a musical comedy called "In Old Edam," and thousands of vaudeville devotees have laughed at the quaint antics of the little Dutch-boy and girl. This season Mr. Chip and Miss Marble bring a brand-new act, written act, written especially for them by Herbert Hall Winslow, and entitled "The Land of Bykes." John W. Dunne, who played the old Dutch grandfather in "Old Edam," will have the part of the Burgomaster, and Sam Chip is the old man's gardener. Miss Marble is the burlesque-master's daughter, in love with the gardener. This is one of the most unique and prettiest picture book fantasies ever staged, and abounds in bright lines and catchy music. Harry Tighe and his famous comedians will appear in a new college comedy, assisted by Edith Clifford, which is said to be the funniest and most original act Mr. Tighe has ever given us. The Great Tornadoes is a troupe of six artists from Germany, many of whom present the most startling feats on wire, and others to appear are the Hickman Brothers, a pair of newcomers; Lillian Ashley, a dainty singing comedienne; Helen MacMahon Trio in lively songs and dances, and a number of others to be announced later.
