

Mrs. A. A. Pomeroy

The King's County Election Contest

(Continued From Page 7.)

Although not unexpected the death yesterday afternoon of Mrs. A. A. Pomeroy came as a sad shock to her many friends. Always enjoying robust health her sudden illness in August last caused her family deepest concern. A special will was immediately summoned from Montreal and everything that medical skill and loving care could do, was done, but could not bring back the health so earnestly desired. Mrs. Pomeroy was prominent in church, benevolent and social activities and her death in the prime of womanhood and usefulness is a loss that will be keenly felt, not only by the immediate circle of her family, relatives and friends but also by the charitable institutions of the City and especially the poor and the needy, to whom she was ever a faithful friend and helper. The late Mrs. Pomeroy, formerly Miss Margaret Crabbe was twice married, first to Mr. George E. Auld of this city, who predeceased her by about seven years. Of this union there were born three sons and one daughter, namely Clyde, Ernest George and Marion. Mrs. Robert Beale of Hamilton, Ont., all of whom survive her and were with her during her illness and death, with the exception of her second son, Lieut. Ernest Auld of the Black Watch, killed in action Aug. 7th, 1918. About four years ago she married Mr. A. A. Pomeroy, of Halifax, who survives her. Other members of the family are her step-daughter Miss Blanche Pomeroy, her sister Mrs. W. J. Robertson and Mr. Ernest Crabbe of the Yukon. The funeral service will be held at the late home 12 Brighton Road, at two o'clock Saturday, interment taking place at the People's Cemetery. The sympathy of hosts of friends is with Mr. Pomeroy and the family in their great bereavement.

Rev. Mr. Malone Welcome

There was a very pleasant social gathering in St. Peter's School room Wed. evening. A large number of the congregation attending the St. Peter's Cathedral services were present, and there were friendly members of other congregations including the pastors of St. Paul's and Zion churches, the Rev. Mr. Raymond and the Rev. Mr. Taylor. On the part of St. Peter's congregation, a warm welcome was given the Rev. Mr. Malone, Priest in charge, recently arrived from Barbadoes; and hope was expressed that there may be under his influence and direction cooperation in good works not only on the part of members of St. Peter's congregations, but with the members of other city Churches. Mr. Malone responded eloquently and expressed the hope that mutual trust and confidence would increase and prevail throughout the congregation and those with whom it is connected. The Rev. Mr. Raymond and the Rev. Mr. Taylor voiced their good wishes briefly and eloquently, and Mr. Gallagher, to the piano accompaniment of Professor Tatum, sang several songs in excellent voice and gave great pleasure to those who were present. The ladies of St. Peter's, for their part, provided sandwiches, cake and coffee, and a particularly pleasant meeting was ended by the singing of God Save the King.

SYDNEY, Nov. 24.—The largest moonshine still ever captured in Cape Breton was seized by the Inland Revenue officers at Balls Creek, eight miles from the city today. Wol-Schank, an Austrian, alleged to be the owner of the outfit, was caught asleep in a loft near the still.

ILLUSTRATED LECTURE—Rev. G. C. Taylor delivered a most interesting and educational lecture last night in Zion Church, his subject being "The Rose, the Thistle and the Shamrock," illustrative of England, Scotland and Ireland. The lecture was illustrated by 120 magnificent lantern slides and was fully appreciated by the large audience present. Mr. S. A. McDonald occupied the chair and the close tendered the thanksgiving to Mr. Walter Burke who operated the lantern.

MORE PRODUCE FOR HAVANA—The S. S. "Canadian Sealer" sailed from here yesterday at noon for Havana with a cargo consisting of 1089 barrels, 1200 bags of potatoes, 25 boxes cheese and 5 cases canned chicken. In order to accommodate all shippers, by this steamer, she was held one day longer, so as to give all parties a chance to get their shipments ready and forwarded in good order. This is the second steamer which cleared from this port within the past two weeks for Havana, and the Guardian trusts that they will be the means of opening up a good market for our island produce. The Canadian Government Merchant Marine steamers have served the interests of this province, most acceptably during the past two years and the fall of 1921, and in order to give our readers some idea of the large quantity of produce, livestock, etc., carried from this port by these steamers, we purpose publishing a report of same within the next few days.

S. D. U. DEBATE—The members of the S. D. U. Literary and Debating Society held their second debate on the evening of November 23. Mr. Bertram Walsh occupied the Chair. The subject under discussion was: Resolved, that Protective Tariff is more beneficial to Canada than Free Trade. The list of speakers for the pro side was Messrs. Patrick Goodman, leader; Louis McDonald, Leo Doyle, St. Clair Trainor and John Cass and on the con side, Messrs. Paul Hughes, leader; Walter McGeary, Henry Doiron, William O'Leary and Charles O'Hanley. The speeches on both sides were well prepared, but the con side was at a disadvantage on account of two who were on the list of speakers, being absent on account of sickness. The vote taken after the debate on the merits of the speeches resulted in 17 pro, 14 con.

WILL THE FAMOUS REVUE "THE DUMBELLS" COME TO CHARLOTTETOWN?—For the past three seasons efforts have been made on the part of the management of the Prince Edward Theatre to secure "The Famous Canadian Revue" "The Dumbells" for a limited engagement, but owing to the possibility of delayed trains, or loss of time coming to the Island, the management of "The Dumbells" could not see their way clear to risk the trip across the straits. This season, "The Dumbells" will probably make their last tour of Canada as they are booked for the O.I. Country. They are expected in the Maritime Provinces early in December, and an extra effort is being made by the Prince Edward management to secure them for two nights. A definite announcement will be made as soon as possible, and local theatre goers rest assured that nothing will be left undone to secure this excellent attraction.

630 Candidates Nominated

OTTAWA, Nov. 23.—Six hundred and thirty candidates, so far as available returns indicate, were nominated today for the 235 seats in the Dominion House of Commons. They are as follows:

Table with columns: Province, Conservative, Liberal, Progressive, Total. Rows include Nova Scotia, New Brunswick, Ontario, Quebec, Saskatchewan, Alberta, British Columbia, Yukon, and Totals.

PERSONALS

Mrs. J. F. Berry and small son and Miss Maude Harrington arrived in Kensington Monday evening from Calgary, having been called home by the sudden illness and death of their father, Mr. Peter Harrington, of Kensington.

Japanese Mitsu To Be Saved

(Special to The Guardian.) WASHINGTON, Nov. 24.—A sharp agreement at the Arms Conference, Japan's demand for increased capital tonnage, a demand which appeared to meet with flat footed opposition from the United States is understood to have disappeared. It seems now to be merely a case of saving the Mitsu, the brand new battleship which was built in Japan and is the pride of Nippon. According to unofficial information obtained the Japanese will be permitted to retain the Mitsu and one of the ships on the list of those to be retained will be scrapped instead. There will be some difference in the total tonnage as a result, a difference favorable to Japan but it will not be sufficient to greatly affect the total ratio and it is believed the United States will concede this slight gain to the Japanese.

ADVANCE IN PRICE OF FLOUR

After steadily declining in price for the last two months, the flour market has had a reaction and some of the leading brands are up forty cents per barrel over the low point. With further advances expected, the general impression is that any persons wanting flour would make better time in buying at the prices being asked by Charlottetown grocers and flour dealers at the present time, which is about four dollars lower per barrel than last spring's prices.

BETHEL CHURCH

Word has just been received that Mr. J. Ritchie Bell of Montreal, will conduct a special evangelistic campaign in Bethel Church, Lot 8 to commence next Wednesday. A special feature of the services will be the solos sung by Mr. Bell, who possesses a very rich voice. Service will be held every week past two weeks for Havana, and the Guardian trusts that they will be the means of opening up a good market for our island produce.

Lord Beatty Well Satisfied

WASHINGTON, Nov. 24.—Admiral Lord Beatty when he departs for Canada will leave Washington fully satisfied that the discussions Kreiser, the famous Washington Armament, have progressed satisfactorily, that there is every promise of an agreement being reached. He is intimated in an interview with the Canadian Press, Admiral Beatty, after his brief trip to the Dominion which will include visits to Montreal, Toronto, Ottawa, Hamilton and possibly to Quebec, will return at once to London. It is fair to assume that matters have progressed in Limitation of Armaments, Lord Beatty was asked, "Yes, I think that is a fair assumption," he replied, "if matters were not going well I should not go, if I would have to stay here. Yes, we have made progress, you may say as far as I know, but with respect to equipment."

Violinist As Ambassador

(Special to The Guardian.) BERLIN, Nov. 24.—It is learned on reliable authority that the Austrian Government has asked Fritz Kreisler, the famous violinist, whether he would be willing to accept the appointment as Austrian Ambassador to Washington.

Touring Yukon With Dog Teams

DAWSON, Y. T., Nov. 24.—Difficulties of Yukon Winter travel have no terrors for the two candidates for Federal honors, Major George Black, Conservative, and F. O. Congdon, C. Liberal and they are making excellent progress in every section of this vast country. Travelling is done with dog teams, but horses and the modern automobile are not neglected.

Food Prices Are Lowering

MONTREAL, Nov. 24.—That there is a distinct tendency towards lowering of food prices in the majority of hotels and restaurants throughout the city is shown by the canvass made today in various eating houses throughout the business section of the metropolis. During the past two months the general cuts in prices asked for by the caterers have been made to their appearance until today in many cases the figures on bills of fare range from fifteen to twenty-five per cent below those asked on the same articles a few weeks ago.

EXCELLENT FILM AT PRINCE EDWARD THEATRE

"The best that can be produced in films," has always been the slogan of Manager, Gallagher, of the Prince Edward and last night in the showing of "Black Beauty" another big success was scored. The Theatre was crowded last night with an audience that followed closely the thrilling story, the autobiography of a horse; a story that grows up, but especially to the children. This is indeed a picture that the latter should see, inasmuch as it teaches love for dumb animals, a lesson all should learn. This excellent picture will be shown at the matinee this afternoon and again tonight for the last time.

MR. MOSHER GIVES OPINION

OTTAWA, Nov. 24.—Mr. Mosher, of the Canadian Brotherhood of Railroad Employees stated last evening that he had considered the report of the Grand Trunk arbitration board. He said it recognized the wage reduction here to heavily on the lower paid employees, but offered no basis upon which such a condition might be corrected. "I am opposed to political interference in the conduct of the National Railways of which the Grand Trunk forms a part, but I think when officials resort to reduction of this nature to make up their losses which their employees are in no way responsible, it is time the government steps in to determine what should constitute a reasonable minimum of wage for the employees of the peoples railways," he declared.

SIR JAMES CRAIG RECALLS ORDER

LONDON, Nov. 24.—Sir James Craig, Ulster premier, ordered the withdrawal of what is described as a secret circular issued recently from the Divisional Commission of the Irish Constabulary of Belfast which, according to Dublin despatches said the government was considering the desirability of forming unauthorized, Loyalist Defence Forces into regular military units to be called out in a grave emergency.

DEATH TOLL IN BELFAST

BELFAST, Nov. 24.—When darkness fell last night the death toll, the result of the disorders of the past few days reached a total of eighteen. The wounded numbered seventy-five. Five persons were killed during the day by sniping and sporadic outbreaks of shooting which took place in various parts of the city. Order had been restored at 8.30 o'clock last evening. The curfew is due to take effect in some parts of the city at nine o'clock.

Indian Loyal To The Prince

(Special to The Guardian.) LONDON, Nov. 24.—The entire visit of the Prince of Wales to the Bombay presidency has been a great personal triumph, says a message received at the India office from the Governor of Bombay. The departure of the Prince for Baroda was made, the occasion of another great demonstration. Masses of people to get near the Prince's car made it difficult to get the train. The Governor reports, appears to be gratified by the unfortunate riots of last week to prove their loyalty. Reuter cable from Calcutta says that when addressing the legislature the Earl of Ronaldshay, Governor of Bengal, said that by the wholesale terrorism and intimidation the normal life of Calcutta had been gravely interfered with, a situation, he said, had arisen demanding drastic action.

A Liberal Split In British Columbia

VICTORIA, Nov. 22.—The Liberal government of British Columbia is tottering. Following corruption charges on the floor of the house directed against two branch offices of administration under the direction of the Hon. J. W. DeB. Feys, Attorney-General, two Liberal members have crossed the floor of the house and on Saturday afternoon the Hon. Mary Eileen Smith, widow of the Honorable Rasm Smith and the first woman cabinet Minister in the British empire tendered her resignation as Minister without portfolio.

ON STRIKE 2 YEARS, BUT BETTER OFF

SYDNEY, N. S., Nov. 24.—What is believed to be the longest railway strike in this country, and possibly on the continent, that of the yardmen of the two Cape Breton steel corporations, entered tonight upon its second year. It was on November 22, 1920, that the switch engineers, firemen, conductors and brakemen in the employ of the Dominion Steel Corporation and the Nova Scotia Steel and Coal Company walked out for standard rates of pay, house and working conditions and they have been out ever since. Since the strike began there has been so much short time that the men on strike with their monthly allowances have been better off than most of those who have remained nominally on the job.

MR. MOSHER GIVES OPINION

OTTAWA, Nov. 24.—New Zealand stands beside Australia in favoring the continuance of the Anglo-Japanese treaty for the present at least, or until a more comprehensive system for guaranteeing the peace of the Far East has been found.
