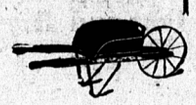
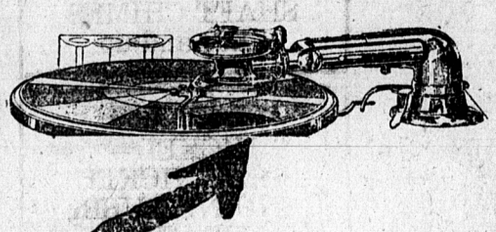
**All Kinds j All Sizes! All Prices! The Best and Biggest Showing!**

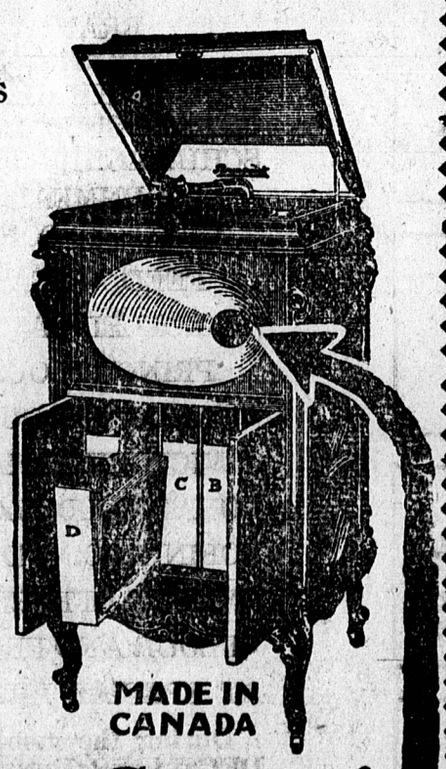
—Beer & Weeks—



You've heard the others ---now hear the "Brunswick."

The Brunswick
ALL PHONOGRAPHS IN ONE





MADE IN CANADA

## It Had to Come!

The Bunswick just had to be. In every industry the law of evolution applies, and sooner or later, perfection is attained.

Just as we have seen the automobile perfected in the last fifteen years, so those in the phonograph industry confidently watched for the "Final Phonograph."

And it has come. The "Final Phonograph" is the Brunswick—the instrument which plays all records CORRECTLY. The Brunswick unlocks for you the whole world of recorded music.

In addition to having all the good features of every other good phonograph, the Brunswick alone has these two supreme inventions:

1.—The "Ultona"—an improved tone arm and reproducer which provides, by a mere twist of the wrist, the exact WEIGHT, the proper DIAPHRAGM and Correct NEEDLE for every kind of record.

2.—The all wood oval tone amplifier—built like a violin. This tone chamber, oval-moulded from choice woods, and absolutely free from any kind of metal, eliminates all harsh metallic notes.

The Brunswick plays better, looks better, costs no more and gives you unlimited choice of records.

LET YOUR EARS BE THE JUDGE

Hear it play your favorite record — any make. ANY DAY.
