MRS. JOHN MATHESON

The death of Mrs. John Matheson at her home in Emerald on Dec. 15th at the age of 94 years was learned with sorrow and regret by everyone in the community. She had been in failing health for some years, and about a year ago suffered a slight stroke and since the time has gradually weakened away until the end. She was never known to complain about her suffering, but bore it with a true Christian spirit. During her illness she was frequently visited by her pastor, Rev. Dr. Genge. Though unable to talk, the expression on that beautiful face told that she was prepared to enter into the great beyond, where there is no more suffering or sorrow. She will not only be missed in the home but the whole community, both in sickness and social affairs for she was always ready to lend a helping hand, wherever it was needed. She will also be missed by strangers who called at her home and were always welcomed and nourished.

The funeral was held on Friday, Dec. 15th, Rev. Dr. Genge officiating. There are left to mourn, besides a sorrowing husband, nine children, Mrs. Jack MacLeod, Mrs. Sam MacLeod, Mrs. Matheson MacLeod, all of Boston, Mass.; Mrs. Fretton Reeves, Freetown; Mrs. Rex Dawson, Tryon; Mrs. Bruce Campbell, Augustine Cove; Norman, in Bradshaw; Dannie and Charlotte at home.

The pall bearers were: John Mahan, Angus R. MacDonald, Angus M. MacDonald, Roddy Nicholson, Dan MacDonald, Peter MacMahon. The bereaved family have the sincere sympathy of the community on the loss of one that can never be replaced here on earth.

MR. JOHN S. BUCHANAN

The death of Mr. John S. Buchanan of Murray River took place suddenly at his home on the evening of Friday, Dec. 15th. He had not been in good health for some months, but no one supposed him to be in a serious condition. He had been carrying in wood in the latter part of the afternoon, and when the lamp was lit he was discovered to be dead sitting in a chair in the kitchen. Heart failure was the cause of his death. Naturally, the shock to his family was very great, and the community feels much sympathy for them.

The funeral was held on Sunday afternoon, from the house to the Baptist Church at 1:30 o'clock and thence for interment to the Murray River Cemetery. Rev. T. R. Goudge conducted the services. In addition to his wife, Mr. Buchanan is survived by one son, Warren of Montague, and by two daughters, Mrs. Stewart Adams of Victoria Cross, and Ella of Murray River. There remains also four sisters, Mrs. John Johnston of Mitchell's River, P. E. I., Mrs. Frank McNeill of Cardigan, Mrs. George Lloyd of Rosemeath, Mrs. Florence Knapp in the U. S. A. and three brothers, Wesley in Cardigan, Charles in N. B., and Dillon in N. S. He is survived too by his aged mother, who lives at Rosemeath with her daughter, Mrs. Lloyd. The deceased was but 56 years of age.

MRS. PERCY LELACHEUR

Death came to one in apparently perfect health when Mrs. Percy LeLacheur of Guernsey Cove, P. E. I., passed away on Friday evening, Dec. 15th, at her home. Cerebral hemorrhage was the cause. She was struck early in the evening and died about three hours afterwards. Unfortunately her husband is now in very poor health, having received hospital treatment in the fall, and with less benefit than hoped for. He was not able to attend the funeral.

Mrs. LeLacheur left one son and five daughters, Grace and Helen, teachers in near by schools, Seton, Thelma, Roma and Mildred at home. There also remains two sisters, Mrs. MacLean, (Ruth) of Westco; and Mrs. Sutton, (Lucy) of Orleans, Mass., and seven brothers, Hanford and Robert of Murray Harbor, Heber of Charlottetown, Clint, Joe, Dan and Clifford in the United States. Much sympathy is felt for all the family, also for Mrs. LeLacheur's mother, Mrs. Alex Bell of Murray Harbor, especially since this bereavement follows so closely on the death by drowning of the deceased's brother, J. Rankin Bell. Mrs. LeLacheur was only 52 years of age.

The funeral was held from the home at half past one on the afternoon of Monday, Dec. 18th, and the service was conducted by Rev. T. R. Goudge, assisted by Rev. C. E. A. Marong of Montague. The day was very stormy, and the roads were heavy with falling and drifting snow, but a large number expressed their sympathy by attending, some coming as much as twenty miles by car. Burial took place in the Murray Harbor cemetery.

ADAM T. REYNOLDS. The death of Adam T. Reynolds of Murray River took place suddenly on the evening of Monday,

NEWS is the Dynamo of Business

Seldom before has there been so much important news! Rarely have people waited so eagerly for their copies of daily newspapers. These are the days when "new things happen"; when the whole world seems bent upon making itself over. Try to imagine the past year without newspapers as a reliable source of information. You will picture a country blind and paralyzed, a prey to rumor and fear and almost certain chaos.

Following the news has become a habit in our lives; almost like breathing or eating. Our conversation, our opinions, our actions are based on what we read in newspapers.

Advertising in the newspapers is, for this reason, more than advertising. It is part of the force that is generated by the great dynamo of news — the force by which people act and think.

Newspaper advertising, like the news, is born fresh daily—timed to the minute—sparkling with the energy and action of each day's events.

It reaches virtually everyone who can be reached at all by any advertising, because whatever else people do, they read the newspapers today and will read them again tomorrow.

When you think of this, it is little wonder that advertisers in increasing numbers are harnessing their sales message to this dynamo called the news.

They are directing its mighty force at markets which are most promising. They are timing it to day-to-day sales opportunities.

If you want to see your sales curve rise with the return of business, put your advertising message in the pages of this newspaper. Put this great dynamo of news to work for you.

Newspaper advertising gets to everybody every day -- and gets there FIRST.
