N. B. Horse Accorded Royal Welcome

FREDERICTON, June 13.—Ches. ley H. Searcy, 2:05 1/4, the Fredericton Driving and Sporting Club's new free-for-all pacer for the Maine and New Brunswick Circuit, arrived here this afternoon, from Ohio. He was met at the C. P. R. Station by a brass band and a crowd of more than 1,000 people and paraded through the city to the trotting park where he is occupying a specially prepared stall. He was paraded in harness during the baseball game this evening hitched to a jogging cart with Bert Lint, local reinsman, driving.

'Side Contributes Toward The Mar. Olympic Fund

Mr. S. F. Doyle, Prince Edward Island representative of the Maritime Olympic Committee informed the sports department last evening that Summerside has come to the fore in the shape of a donation toward the Olympic Fund. The R. T. Holman, Ltd has contributed \$20.00 as has also Mr. John H. Lea a like amount. Mr. Doyle stated that a further contribution from the thriving western metropolis would follow shortly.
"This thoughtful act from the citizens of Summerside is very much appreciated and only goes to show the general interest taken in the promotion and furthering of athletics on Prince Edward Island. Many Thanks Summerside—Sport Ed.

"BACK AGAIN"

A compromise whereby William T. Tilden and other tennis players retain their amateur standing and which is expected to settle the controversy between the United States Lawn Tennis Association and player-writers, was set forth here today by Wm. T. Tilden, who is competing in the State Tennis Championship. The compromise, it is understood is acceptable to the U. S. L. T. A. Under its terms Mr. Tilden will be eligible to rejoin the United States Davis Cup team. It further provides that player-writers retain the right to write tennis articles, provided that in daily reports of tournaments in which the player is competing he shall use neither his name nor title.

HORSE SHOE PRINTS

BOSTON, June 13.—Now that the season of light harness horse racing is about to open in the Maritime Provinces, it brings to the writer's mind the first time he saw the veteran Tommy D., 2:05 1/4, years ago, still it was the same horse that gained notoriety last year, by establishing a new three-hour record for half-mile tracks in Cape Breton, where he circled the oval, in the mining town of Glace Bay, three times in 2:12 1/4, 2:15 and 2:16 respectively. Many horsemen will recall that Tommy D. is the pacer that has been racing season after season for eleven years, which shows that he must be the toughest kind, to withstand the gaff year in and out and not breaking-down like hundreds of side-wheelers have each year.
Tommy D., in the pacer that put up so many good races in the West years ago when the horse sport in that part of the States was booming. The past year marked his 11th consecutive campaign and during all of these years he has taken part in 125 events, over all sorts of tracks and in many parts of the country.
Way back a year before "old Kaiser Bill" thought he would try to rule the world and the war started, Tommy D. showed forth at Mt. Vernon, Ind., and during the season of 1913 displayed speed of a calibre that won him a host of new friends in addition to his army of old ones. The following season he was an exceptionally consistent winner, pulling in nine firsts, out of fourteen starts and in 1915 he passed the most of his racing campaign on the Great Western Circuit, where he won some excellent races, as the Year Book of those days will verify. In 1916 he was not raced much but in 1917, when the Americans decided to take a crack at the "Old Kaiser", Tommy D. made his longest campaign, racing a good part of the season on Ohio and Indiana tracks and finishing his year racing in the South. In all he took part that year in 21 races.
The following year, 1918, he was also a good finisher, taking six firsts, six seconds, three thirds and two fourths out of 18 starts. In 1919 he came East and then down South showing up nicely in all his starts.
In 1920 he made a few starts on the Bay State Circuit and I recall that he did not attract very much attention from the Ohio home track there were many good pacers racing on the short ship circuit and the critics were on the lookout for a good one, but Tommy D. did not appeal to the scouts. Then I watched him closely and personally could not figure out how he was thought to be such a grand racer but he fooled many it appears. He then shook New England and went to Vermont where he annexed the only three races that he won that season. In 1921 he raced three times, finishing second in one and outside the money in the other two events. In 1922 he started five times and won one race, twice third, once fourth and one unding to date, is said to be 125 starts with approximately 40 wins, 40 seconds, 20 thirds, 10 fourths and 15 unplaced starts.
Tommy D. 2:05 1/4 is by Tommy the Irish Boy 2:15 1/4, out of a good dam. He made history for himself just year when he stepped Cape Breton for the fastest mile ever paced over any of that sections tracks, he incidentally received six of the season's records too. He claims the fastest pacing mile of 2:12 1/4; the fastest third heat, and the fastest three-heat pacing.
In his other starts he was not quite as good as was wished and he failed, to put across the "stuff" that wins races. From his stable this spring comes great tales of what is expected he will do this year, when it is turned to take the word, for he has wintered well and looks every inch a three-year-old rather than a veteran side-wheeler. Nova Scotia is alive to good horse racing and a crowd will turn out to witness the sport, whenever a good card is the attraction, and it is a safe bet that his summer and early fall, devotees of the game can rest assured that first-class sport racing is to be held if all advance reports can be relied upon.
I hope before the summer is well along to have the privilege of looking the latest addition to the Maritime Provinces racing colony over. Chesley H. Searcy (3) 2:05 1/4, the champion pacing colt of 1923, over large and small ovals, is the horse that I refer to, for he was shipped a few days ago to Fredericton from Springfield, Ohio, and is now racing on the mauling New Brunswick-grown oats and hay at his Canadian home where he arrived in charge of Ralph Stokes, son of the driver who raced him. Young Stokes will look after him while he is campaigning in 1924, in the East.
The son of Silver Axworthy (4) 2:10 improved considerably in appearance after being shipped to Springfield following his purchase by the New Brunswick horsemen's club. Only a few days prior to his departure from his Ohio home he was given a workout and when he was cut loose showed a final eighth in 14 seconds at the pace, while some outside watches announced it at 13 1/2. So impressed was Stokes Sr. that when he got down out of his saddle and walked alongside the fence, he remarked to a group of his friends, "I believe I regret more to see that colt leave than any horse I ever had. He is the cheapest horse I sold this year and if I had \$10,000 I would cheerfully give it for him."
Those that know the youngster say that he is a safe bet to tackle John R. Braden 2:02 1/2, Jackson Gratan 2:01 1/4, Roy Gratan 2:01 1/2 and the other "potato belt" half-mile track stars but that by the time "overcoat" meets arrive he will be able to handle them on improved track. He is so much gaited and has such terrific speed, that he should be raced in the \$25,000 derby and other stakes on the Grand Circuit and would easily pay for himself.
The Ohio horsemen who have followed him this spring in his workouts, say that it is sure tough, to see a pacer that looks to have such a chance at the biggest prize ever offered to be shipped so far away to race against aged horses and over a twice around track. But his new owners paid the price asked and once he gets accustomed to the small rinks—watch out—for he will give a good account of himself.

"TIGERS GET THE SHORT END"

AMERICAN LEAGUE

The animosity which has prevailed between the New York Yankees and the Detroit Tigers since the start of the present series, reached a climax this afternoon when a miniature riot was staged on the field in which players of both teams and irate fans participated in a general free-for-all fight. Before order was restored umpire Evans had forfeited the game to the Yankees 9 to 0.

JUNIOR BASEBALL

Queen Square and West Kent will meet this afternoon at the Abegweit grounds in what is predicted to be a hot battle.

ABEGWEITS HAD EASY TIME WITH ALL-STARS 10-4

Air-Tight Support Behind Campbell, Coupled With Timely Hitting Made The Verdict An Easy One.

The Abegweits had an easy time disposing of the Summerside All-Stars last night when they decisively trounced the visitors, scoring 10 runs to the losers 4.
In the gathering dusk with the count looming 10 to 1 against them the All-Stars made a final effort to lose the gap and succeeded in moving three runs over before the curtain fell.
Lou Campbell, veteran right hander of the Abegweits had an evening annexing the win as the support behind him was of the stone wall variety, the majority of the clouts going to the outfield where a machine like trio did their stuff in big time style, especially "Willie" Ryan the intrepid right field guardian who made difficult spears look like the proverbial cushion—"pretty soft." "Biff" Howatt the All-Star south-paw who trimmed the Abegweits last Wednesday had lots of whiz in the early frames but this went for naught as the locals resided in "clout alley" last night and led "Biff" a terrible session, especially when loose work prevailed behind him and that coupled with inaccurate pegging to the bases had the game on ice before "old Sol" said good-bye for the day.
A fair crowd of customers saw the set-to and although the score was somewhat one-sided, the entertainment had its pleasing aspects and taken on a whole we would like to see it all over again.
The old adage is correct "practice makes perfect or pretty near."

Following are the lineups:

Abegweits	Catcher	All-Stars
Francis	Wright	
Campbell	Pitcher	Howatt
McCarey	First Base	Morrison
Garrick	Second Base	Gaves
Dougan	Third Base	Daley
McEachern	Short Stop	Stewart
Ryan	Right Field	Gallant
Diamond	Centre Field	Silliphant
Cronin	Left Field	Perrin

Yacht Race This Afternoon

The Yacht Club informs us that a race of the 18 foot class yachts has been called for Saturday afternoon course flag at 2.17 p. m., preparatory signal at 2.27 and start at 2.30. Several boats not in the last races are now ready, and a hot contest is expected. Rumor has it that the new boat "Winona" has been showing the winners a turn of speed and if she keeps up the performance on Saturday some exciting work may be expected. "Miss Charlotte" too, we understand, has been improved in several ways and may have her new sail spread for the race. The boating fans will probably find watching the racing on Saturday real sport, and with a fresh breeze there will be fun for all.
There will be at least a dozen boats to make the start and it will be a pretty sight when all these get going. No doubt if fine the largest crowd of spectators of the season will be on hand to see the race. There is a whole lot of speculation as to who will win, and the (wise ones) may be disappointed when the race is over. Anyway it will be a real good contest as every man wants his boat to win, so there you are.
