

# TENDERS

Sealed Tenders addressed to the undersigned will be received until noon on March 28th, 1906, for the building of a

## New St. James' Church Manse

Charlottetown, according to plans and specifications prepared by C.B. Chappell, Architect.

Plans and specifications can be seen at the house and at the office of the Architect.

A certified cheque, made payable to the order of the undersigned for 10 per cent of the amount of tender, must accompany each tender. The cheque will be forfeited if party tendering declines the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

Each tender to be marked "Tender for St. James' Manse."

The lowest and any tender not necessarily accepted.

A. LORD,  
Chairman of Trusts

# "IT SAVED MY LIFE"

### PRaise FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

Dear Mrs. Pinkham:— "I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day.

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, headache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has been under her direction, and since her decease, has been advising sick women free of charge. Address, Lynn, Mass.

# TERRIBLE FAMINE IN JAPAN CONFIRMED

## Red Cross Society Report About 1,000,000 People Starving Owing to Rice Crop Failure, and No Relief is in Sight Till October--Appeal for \$16,000,000.

NEW YORK, March 26.—The New York state branch of the American National Red Cross has issued a statement as to famine conditions in Japan. It is explained that owing to the national characteristics of the Japanese in not calling for help these facts have just become known. "The famine in Japan," the statement says, "which has been considered for some time moderately serious, is now known as the result of reliable private advices received by the New York State Red Cross to be one of the most terrible starvation emergencies of modern times. The failure of the rice crops, which at one time was believed to be limited to certain classes

# THIS BATTLESHIP HAS SET OF SAILS

## New Departure in Naval Work--Japan's Secret Kept--Have Not Told Details of Warship to Britain--A Remarkable Novelty in Battleship Construction.

TOKIO, Mar. 26.—The World at large knows very little that is really authentic about the design of the British battleship Dreadnought. It knows very much about the great Japanese battleship now approaching the launching stage at Kure.

It is stated that the British admiralty are slightly chagrined by the rigor of this reference on the part of our ally, since they afforded the Japanese naval construction department every facility

for investigating the design of the Dreadnought.

Captain Pakenham, British naval attaché at Tokio, has been able to communicate to the naval intelligence department some interesting general particulars of this forthcoming floating fortress.

The most remarkable innovation in this new battleship will be a return to yards and sails. She will carry two tall masts, fitted with light steel fire-control platforms. On each of these can be spread topsails, top gallant sails and lower courses.

It will be difficult to the British naval mind to reconcile the very questionable utility of sails and sheets to a modern battleship with the manifest disadvantages of so much additional top hamper to deal with in clearing for action.

The new vessel is to have a displacement of 19,000 tons, and a sea speed of twenty-one knots, being aimed at. It is known that she is to embody all the lessons of the late war. This undoubtedly means that she will have a record preponderance of heavy gunfire and very massive armour.

In appearance this gigantic Japanese battleship will mark a striking departure. Not only has the ram been omitted from her design, but she has a schooner bow. The overhang of the bows to the cut-water is expected to keep the fore part of the ship comparatively dry in a heavy sea.

# Threatened With Paralysis

The Doctors Told the Writer of the Letter Quoted Below—Restoration Brought About By Use of

# Dr. Chase's Nerve Food.

It is customary to consider paralysis, insanity and other diseases of the nerves as afflictions which come upon a person without warning and which are, therefore, unavoidable.

As a matter of fact such results are preceded by months, if not years, of symptoms which point to an exhausted condition of the nervous system. These symptoms are such, however, that many pass them by as not being of serious concern and thinking that they will wear away of themselves.

Sleeplessness, nervous headaches, indigestion, bodily weakness, fainting spells, twitching of the nerves, inability to concentrate the thoughts, and loss of memory are among the most common indications of a run-down nervous system. It is sometimes only a step from such symptoms to prostration, paralysis, locomotor ataxia or insanity.

Stimulants and narcotics, though sometimes affording temporary relief, only hasten the exhaustion of the nerves. Dr. Chase's Nerve Food, on the other hand, reconstructs and restores the wasted and depleted nerve cells.

Naturally, gradually and certainly this great medicine instils into the blood and the nervous system the life-sustaining principles which replenish the nerve force in the body and so effect lasting benefit.

Miss Emma Scott, Athens, Ont., writes: "Dr. Chase's Nerve Food has done me a world of good. I was troubled with fainting spells, bodily weakness and spent restless, sleepless nights. I frequently had cramps in the stomach and would at times become entirely insensible. I knew what was going on until others told me afterwards.

"I doctored with several doctors and they told me I was threatened with paralysis. They gave me relief, but could not cure me. After suffering for three years I began the use of Dr. Chase's Nerve Food and it has done me more good than all the medicines I ever used."

Dr. Chase's Nerve Food, 50 cents a box, at all dealers or Edmondson, Bates & Co., Toronto.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also worth out a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

To insure perfect health use Iron-ox Tablets. For sale at your druggist's, 25 cents a box.

DEBTORS—Accounts due Weeks & Co must be settled immediately. Delay will mean increased cost from lawyers expenses.—Weeks & Co. 23dtf.

# Ashamed of her Skin

## Now proud of the complexion "Fruit-a-tives" gave her.

Bad complexions are all too common among women. The skin becomes sallow—pimples and blotches break out. Then women try lotions and creams and "beautifiers" which really injure the skin. They never think of constipation and bad digestion—sick kidneys or torpid liver—as the CAUSE.

"I was a martyr to that distressing complaint—chronic constipation—and had a dreadful complexion, sallow in the extreme and black under the eyes. Last May, I was advised to try "Fruit-a-tives." Before I had finished the first box, the constipation was relieved. My complexion began to clear up again, all the sallowness disappeared, and the black circles under my eyes went away. Since then, I have continued to improve and now my complexion is as clear as when I was a young girl. To all persons suffering from constipation and indigestion, and particularly those with bad complexions, I would strongly advise them to try "Fruit-a-tives."

FLORENCE JAMISON, MASSON, P. Q.

# Fruit-a-tives

## or Fruit Liver Tablets

strike right at the root of the trouble. The skin helps to dispose of the waste of the body. When the bowels don't move regularly—when the kidneys are clogged—the blood carries the poisons, which the bowels and kidneys won't pass off, to the skin. The pores of the skin become clogged with this poison and the complexion becomes grey or sallow or irritated and inflamed—and pimples and blotches are the natural result of the poisoned blood.

"Fruit-a-tives" correct faulty digestion and make the bowels move regularly. They act directly on the kidneys—and open the millions of tiny pores of the skin by stimulating and strengthening the glands. This insures all the waste of the system being removed as nature intended. It insures pure, rich blood—and who ever heard of a bad complexion where the blood was rich and pure?

"Fruit-a-tives" cost 50c a box—and are worth 50c to any woman who values her complexion. If your druggist has none, we will send them on receipt of price—50c a box or 5 boxes for \$2.50.

FRUIT-A-TIVES LIMITED, OTTAWA.

# 2 in 1 Shoe Polish

Black, Tan and White "2 in 1" has no substitute. It was the first polish of its kind produced. Millions use it and refuse all imitations. It is the cheapest and best—the only one. Insist on it from your dealer.
