BOOT TRADE CONDITIONS—Following a meeting which had been convened by the Canadian Trade Commission for discussing the possibilities of export trade by the boot and shoe manufacturers of Canada, at which exception was taken to criticism of prices and methods in the boot trade in Canada in the "Farmers' Platform," a resolution was adopted by the executive to extend an invitation to a committee of the Canadian Council of Agriculture to investigate conditions in any of the Canadian shoe plants. Members also pledged themselves to give every assistance to that committee in their investigations, as they expressed the desire to have the facts in the boot trade made widely known.

SIGNALLER WEEKS HONORED—A most enjoyable evening was spent on the 17th ult. when upwards of thirty invited guests assembled at the home of Mr. and Mrs. Howard S. Weeks, Fredericton, the occasion being in honor of their son Signaller Harold R. Weeks, who had arrived that evening from overseas where he had certainly done his bit, having fought in all the last great battles. Before enlisting in defence of King and country he held a position with Bruce & McKay's, Summerside, where he has many warm friends. On arrival of the train at the station he was bounced by the Fredericton boys, then repaired to the house where the evening was pleasantly spent by young and old. In a few well chosen words Mr. George S. McLeod welcomed our hero home again. At about midnight all repaired to the dining room where a dainty supper was served by Mrs. Weeks. Then after a very pleasant evening the happy concourse dispersed wishing Signaller Weeks good luck and many happy days at home.

THE WAY OF THE EDITOR IS HARD — SOMETIMES—The Summerside Pioneer Editor thus acknowledges the kind enquiries of his friends during his recent illness. "There is a standing notice elsewhere in our columns to the effect that a charge of one cent a word is made for publishing cards of thanks; but this one is free. This is, so far as we know, the first opportunity we have had to take advantage of any of our readers and the first chance we have had for some years to save a few cents out of our salary; so we ought to make the best of it. All we wish, however, is to sincerely thank more friends than we thought we had for their kindness during the past several weeks of sickness, which, they can take it from us, was, on account of such kindness, borne with more Christian fortitude than might otherwise have been the case."
