Earncliffe Silver Black Patch Fox Company

Capital **\$10,000.00**
To be issued **5,800.00**

Provisional Directors

President, Robert MacKinnon, Earncliffe
Vice-President, J. D. Martin, Eldon
Sec'y-Treasurer, Trueman Jenkins, Vernon

Directors

Dingwell Jenkins, Vernon
John J. MacInnis, Earncliffe
Ambrose Doyle, Earncliffe
Patrick Callaghan, Lake Verde

Object of Company

The Company is formed for the purpose of enabling the people of Earncliffe and vicinity to invest in a Fox Company in which the stock is placed at a low capitalization and which offers the best possible returns to the investor.

Foxes

There is an immense demand for the fur of the Cross Fox and it has been constantly increasing in value in the Fur Market of the world; the increase in the past year being upwards of 150 per cent. There is also a possibility of securing Black Foxes among the litters from the Patch Foxes which would place a Company in a position to pay a very large dividend to the shareholders.

The Company owns three pairs of foxes; two pairs of which are old breeders. One pair has a litter already and two litters are expected from the others. It will be seen from this that the Company is in a sure position as regards increase this year and with reasonable luck and with the present prevailing prices for Cross Foxes they should be in a position to pay an excellent dividend to the shareholders.

The capitalization is moderate when the quality of the stock is considered. Only a limited number of shares are offered for sale and it is expected that these will be picked up quickly.

Application for stock can be made to any of the Directors or to Robert MacKinnon, Earncliffe, or to Trueman Jenkins, Secretary-Treasurer, Vernon, accompanied by the full amount.

MEXICAN PROBLEMS ARE UNSOLVED

(Canadian Press.)
WASHINGTON, May 4.—General Carranza and the Constitutionalists today practically eliminated from the proceedings the three South American envoys who had undertaken to solve the Mexican problem by diplomacy. In a telegram to Carranza, the mediators announced that in view of his refusal to sign an armistice with Huerta they withdrew their invitation to him to send a personal representative to participate in the Conference.

(Canadian Press.)
MEXICO CITY, May 4.—There is a report here tonight that the Conference to settle the differences between Huerta and the United States may meet in Montreal. It is announced today that Senor Rodriguez and Louis El Guero and Senator Rabasa would leave soon for Montreal as representatives of Mexico.

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-lives" Cured Him

(Canadian Press.)
ST. THOMAS, ONT., May 22nd, 1913. "I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form. No one could have been worse with these troubles than I was for this long time. The pain from indigestion was so severe that many times, I have had to stop work and lie down until the acute spasms passed away. I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-a-lives". I am mighty glad I did so for they seem to be made exactly for me. They gave results in a very short time and I am now free from these diseases and enjoying perfect health. My wife also used "Fruit-a-lives" and we both think they are the best medicine ever made."

CHEMICALS EXPLODE,
SEVEN BADLY BURNED

OTTAWA, May 4.—Without a moment's warning a terrific explosion of a pall filled with chemicals occurred yesterday afternoon in front of the residence of J. D. Mougo, corner of Centre and Ralph streets, and two men, four boys, and an elderly lady were trapped in a mass of flames and smoke. The pall had been carried from a private laboratory a few moments before and the chemicals began smouldering. District Fire Chief Burnett carried it down stairs, not realizing the danger he was in, and placed it on the lawn, where a crowd collected. Between 250 and 300 persons were standing about the corner when the chemicals exploded with a terrific crash which could be heard for nearly half a mile. Ward Lister of W. H. Lester, 127 Second avenue, and little William Murray, son of F. W. Murray, druggist, were standing within a short distance of the pall when the flames and smoke enveloped them. Nearly a dozen others, including those among the injured, were and their clothes caught fire. The clothing of Lester, Murray and young Gordon Maher was in flames when the smoke cleared and but for the promptness of bystanders and the firemen in smothering the flames they would likely have been fatally burned. As it was Lester was so badly burned about the face that it was hours before it was known that his sight could be saved.

SHARP FIGHT BETWEEN FRENCH AND MOROCCANS

FEZ, Morocco, May 4.—A desperate battle between the French troops and the followers of the native pretender to the Moroccan throne resulted yesterday in the defeat of the Moors, who suffered enormous losses. The French casualties totalled nine killed and twenty-five wounded. Early in the morning the French troops attacked the natives in a mountain stronghold which they carried at the point of the bayonet in spite of a tenacious resistance by the natives. The Moorish camp was destroyed.

CYCLONE SWEEPS TEXAS TOWNS

(Canadian Press.)
MOUNT PLEASANT, May 4.—A cyclone swept over Maod, Texas, near here today, killing two persons. Half the houses in the town were destroyed.

The cyclone also did severe damage at Redwater and near Pittsburg, Texas, injuring fourteen people in three towns. It is estimated that all the buildings in Redwater were destroyed.

GOV. GENERAL TO CONTINUE HIS TOUR

OTTAWA, May 4.—In response to inquiries as to what effect the death of the Duke of Argyll would have on the immediate plans of His Royal Highness the Duke of Connaught the following announcement was made last night: "Despite the deep mourning into which the death of the Duke of Argyll has placed His Royal Highness he has secured special permission from His Majesty the King to carry out his tour in western Ontario. This authority was granted as His Majesty the King considered the people of western Ontario would be greatly disappointed if the tour were to be postponed at such short notice."

How About Your Crops this Year, Mr. Farmer?

Are your crops going to be any better this year, just the same, or a little worse than they were last season?

It all depends on yourself, for if you use our English Unmixed Fertilizers your farm will be built up to its best state of productiveness; you will get a larger and better crop, your produce will command a higher market price; the land will be in better condition for next year—and none of this will mean a large outlay of money or extra work on your part.

Ask Your Neighbor About Our Fertilizers

If your neighbor has been successful at crop cultivation, ask him to what his success is due. Ten chances to one he is a user of these UNMIXED FERTILIZERS and that means that his fields are fertile, his land in splendid condition and he himself enjoying a splendid profit from his big and good crops.

For, remember this, Mr. Farmer, you have to pay back the elements of soil fertility that you use up each year in crop cultivation before you can expect a big or good crop for the next year. A scientist has estimated that a 35 bus. wheat crop removes from every acre of soil 59 lbs of Nitrogen, 24 lbs of Phosphoric Acid and 31 lbs of Potash, so you see that unless this is paid back before the next cultivation your land will not be in the right shape to produce the good and large crop you expect.

---Bigger Crops for YOU

A big point in favor of these Unmixed Fertilizers is not alone the fact that they save you 25 per cent of your money, which is true, but you can mix them yourself and apply single ingredients or combinations to suit the varying needs of every plot or any crop.
