CRYSTAL PLAYERS 8-BEDEQUE PLAYERS 5—In an excellent exhibition game between Summerside Crystals and Bedouque hockey team at Bedouque rink on Friday the Crystals defeated Bedouque 8 to 0. The game was fast and clean and was witnessed by a large crowd.—S.

WIN CLUB CHAMPIONSHIP—A. B. L. Home's rink playing a team skippered by Mr. E. T. Holman won the Tip Top Trophy which is the club championship trophy of Summerside Curling rink. The skips were Ray Tanton, Bob Palmer, Fred Murray, A. B. L. Home, J. W. MacNaughton, W. E. Darby, H. MacGougan, H. T. Holman, 7-5.

The Y. P. U. of Kensington United Church held their regular meeting on Wednesday evening at 8:30 with an attendance of twenty-two. After the business session, Group 2 presented their program which included worship period, readings by different members in keeping with the theme "Early Christian Fellowship," a duet by Miriam Profit and Russell MacLay. A short skit at the rink with refreshments afterwards was much enjoyed.

BIRTHDAY PARTY—A large number of friends and neighbors gathered at the home of Mr. and Mrs. Colin MacKinnon Sr., South West Lot, 18 on the occasion of Mr. MacKinnon's birthday. Mrs. Charles Campbell Jr., read an address and Miss Mildred Campbell presented the guest of honor with a large wedding cake on behalf of the Women's Auxiliary. Music and dancing was enjoyed. Messrs. John Cameron, Wellington and Robert Blipow of South West furnished violin music and Mrs. Colin MacKinnon accompanied on the piano. Mrs. MacKinnon very graciously acknowledged the address and gifts from his friends. The gathering dispensed wishing Mr. MacKinnon many happy returns.—S.

DEATH OF MRS. W. E. DAWSON—Many friends will regret the passing of Mrs. W. E. Dawson, former resident of North Tryon, whose death occurred at the home of her sister, Mrs. George M. Beth, Lynn, Mass., on March 3rd, at 62 years of age. Mrs. Dawson was the daughter of the late Mr. C. Delaney and his wife Alta Robinson, North Tryon. After her marriage she and her husband continued to live in North Tryon until some twelve years ago, when they removed to Glenora, New Hampshire, where Mr. Dawson engaged in fox ranching. Their only son Rex Reginald A. Dawson remained on the homestead. Mrs. Dawson had been in poor health for some time, and was on a visit to her sister, Mrs. Beth when she was taken suddenly ill and passed away. The remains were accompanied home by her husband, to whom much sympathy is extended. Besides her husband and son, the following brothers and sisters are left to mourn, Claude Delaney Albany; Parker Delaney North Tryon; Mrs. Daniel MacLure Bedouque; Mrs. Hamilton Summerside; Mrs. L. B. Crue, Summerside and Mrs. George M. Beth, Lynn, Mass.—S.

HOCKEY AT VICTORIA

Tuesday, March 9th
Finals for Island Intermediate 'A' Championship
'L. P. U.' vs. Charlottetown
Victoria 'Unions'
Admission 25c and 15c
L-290-3-8-21.

TO ASK REPEAL OF ACT—A petition asking the present act of incorporation for the town of Alberton, P. E. I., be repealed, was being circulated for signatures, it was learned last night. It was hoped the petition would be ready for presentation before the opening of the Legislature, March 22. Too heavy taxes for the amount of benefit derived from the incorporation prompted the petition, it was said.

Personals
—Master Eldred Simmons of Wilmo, spent the weekend with his sister, Mrs. John Burrows.—S.
—Mrs. A. Vah MacLean of Milo is progressing favourably in the Prince County Hospital.—S.
—Master Jackie Delaney, son of Mr. and Mrs. James Delaney is doing nicely in the Prince County Hospital where he is undergoing treatment.—S.
—Miss Erma Baker of North Bedouque entertained a number of Summerside friends on Tuesday last.—S.

Carleton and Vicinity

Mr. Fred Bell of Carleton was a passenger to Charlottetown Saturday morning.

Friends will regret to learn of the illness of Betty Campbell, little daughter of Mr. and Mrs. Harold Campbell of Cape Traverse.

A quiet wedding took place in Charlottetown on Monday, March 8, when Rev. Ewen McDougall united in marriage Thomas Burpee McKimken of Carleton and Prillie Margaret Crossman of Cape Traverse. Following a short honeymoon, spent in Charlottetown the young couple have taken up their residence in Carleton, where the groom is a prosperous farmer.

A large number of enthusiastic hockey fans from Carleton and Cape Traverse motored to Kensington Wednesday evening to watch their favorites, the speedy Cape Traverse Sisters defeat the Granite Sisters for the second time in an exciting and well played hockey match.

On Friday evening both Cape Traverse hockey teams were victorious in games played in the Victoria Rink before a large crowd, the Cape Traverse Sisters defeating the Granite Haymakers with a score of 5-3 while the Cape Traverse Bloodhounds chucked up a 4-3 win over the Nine Mile Creek Bulldogs.

The funeral of the late Mr. William R. Campbell of Cape Traverse took place from his residence on Friday, March 5th at 1:30 p. m. and was very largely attended. His pastor, Rev. Ewen McDougall conducted the service both at the house and the grave, the hymns sung being "The Lord is My Shepherd, and several favorite paraphrases. The pall bearers were Messrs. Russell Clark, George McKimken, James Bell, William Waddell, Charles Crossman and Arthur Campbell, interment being in the Church of Scotland cemetery at Cape Traverse.

Mr. Montague Campbell has returned to his home in Borden after a pleasant visit with friends in Cape Traverse.—D.

Management Blamed For Mine Collapse

(C.P. by Guardian's Special Wire)
HALIFAX, March 6—Management of the Moose River gold mine was held responsible for its collapse last April by a commission which investigated the cave-in and tabled its report in the Nova Scotia Legislature today.

Evidence taken by the Commission showed ore had been removed from pillars supporting the mine after it was re-opened last January, 1936, weakening the roof support of certain sections of the mine, the report said.
The mine collapsed last April imprisoning Herman Magill, Dr. D. E. Robertson and Alfred Scadding, all of Toronto. Dr. Robertson and Scadding were rescued 10 days later but Magill, the owner of the workings, died before the rescue was accomplished by Nova Scotia miners who burrowed their way to where the men were trapped.

"While the placing of additional timber in the working places and in the Magill shaft might have afforded temporary relief," the report said in relation to the removal of natural supports from the mine, it could only have delayed the collapse for a short time, because we consider that the structure of the strata left in this portion of the mine was of such a tender nature that it was

Lea And Wright "Windy" Steele Trophy Holds Injured In Hockey Game

Now that the Baker League is concluded with Silver Wings being declared champions, the attention of the coming series between Silver Wings and Aces to decide which team will represent Kensington rink in the finals of the Lea and Wright league due to open next week.
Silver Wings are the defending champions having won out last spring after a bitterly contested series with Victoria. This year they had every intention to retain it that it might keep their newly acquired Baker cup company and when one examines the facts of the case their outlook is truly bright. This year they have been strengthened by the acquisition of two members of last year's championship New Amman team, namely Bernard and Grozier and these together with Waite of last year's Aces make up new life into the team. The Silver Wings though crippled by the absence for the past six weeks of Arnold Taylor, winner of the league's best defenseman medal last year, will have him back for the Lea and Wright series and so one cannot blame them for visioning only success.

The Aces on the other hand are by no means alarmed by any of the above facts but point proudly to their meeting with the Silver Wings in the regular schedule of the Baker league when they not only beat the Wings but handed them their only shut out of the year 2-0.
The Aces have tucked in some good games and some bad, but they feel that the Silver Wing's style of hockey is just their meat and that though out of action for almost three weeks they still haven't forgotten how to trim the Silver Wings.

At my rate the last games of the year are expected in this series and may be the better team wins.
Friends will regret to learn of the illness of Betty Campbell, little daughter of Mr. and Mrs. Harold Campbell of Cape Traverse.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

When minerals are mentioned people naturally think of gold and silver. Fortunately we don't have to eat gold and silver to keep well, but we need to eat a fair amount of other minerals, especially calcium to keep our bones and teeth in good condition and so to keep our body functioning properly. The drinking of plenty of milk and eating of vegetables generously will provide enough calcium. The state of children's teeth is a good indication of how well they are fed not how abundantly but how intelligently.
To build good red blood requires plenty of iron. Fortunately we have a number of common foods that have considerable iron in them, such as whole wheat, spinach, farina, apricots, liver, potatoes, cornmeal and carrots. Other foods have some iron, but these we mention as the best providers of iron.
We waste a lot of these precious food minerals by pouring them down the sink, for they come out of the food into the water in which they are cooked. So be sure to soak your vegetables in as little water as you can and save the cooking water for soup or sauce or gravy. If the vegetables can be baked or cooked in a waterless cooker, so much the better.
A good safe way to make sure of an all round diet is as follows. Spend as much on milk, cheese and other milk products as you spend on meat, fish and eggs, and spend the other third on fruit and vegetables, and see that you get plenty of variety. To some this plan may sound extravagant, but it will be a good investment in family health and happiness. Above all, don't try to save money by depriving yourself or your family of the necessary foods.

QUESTIONS CONCERNING HEALTH, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

Depth of Fertilizer In Field and Garden

The correct placement of fertilizers is of primary importance to farmers. Experiments show that fertilizers should be placed at about the same depth or slightly below the feeding roots, so as to permit the latter to reach the plant-food easily and quickly. The best results when grain crops is obtained when the drill has a fertilizer attachment which works at the same depth. The planter for potatoes should be designed to place the fertilizer in a narrow band 2 to 4 inches away from each side of the sets and on the same level or slightly below the sets.
For garden crops the fertilizer should be placed in a narrow band on each side and 2 to 4 inches away from the plants, or when the plants will come up in the row, and about the depth of the feeding roots (which means 2 to 3 inches). Grain drills and potato planters with suitable fertilizer attachments for placing the fertilizer as described above have been available for a number of years, and there is now a hand implement on the market for fertilizing garden crops in the approved "hand-way."

Hair ribbons are again good. This fashion, which it will be remembered had quite a success last summer with young girls, is now reappearing in Paris, where smart women are trying childish bows around their hair, finishing at the top of the head. The young Princess de Faucigny Lucigne wears such a ribbon in green grosgrain matching the accents on a black Jersey frock.

Help Kidneys

Don't Take Drastic Drugs
Your Kidneys contain 9 million tiny tubules or filters which may be endangered by neglect or drastic, irritating drugs. Be careful. If Kidney or disorders make you suffer from Getting Up Nights, Nervousness, Loss of Pep, Leg Pains, Rheumatism, Dizziness, Circles Under Eyes, Neuritis, Acidity, Burning, Swarming or Itching, you don't need to take chances. All druggists now have the most modern advanced treatment for these troubles—a Doctor's prescription called Cystex (Siss-Tex). Works fast—safe and sure. In 48 hours it brings relief—feeling of new vitality and will make you feel years younger in one week or money back on return of empty package. Cystex costs only 32¢ a dose at druggists. The money back agreement protects you.

YOUTH HOSTEL MOVEMENT FOR MARITIMES

Efforts to extend the Canadian Youth Hostel Association into eastern Canada are referred to in the following letter received by Mr. Justice Arseneault, president of the Travel Bureau, from the executive secretary of the Canadian National Parks Association at Calgary:
"Dear Sir—You are of course aware of the benefit of the Youth Hostel Association Movement in Europe by which hundreds of thousands of young people of all Nations are enabled at a moderate expense to become familiar, not only with their own countries, but with those of other Nations through the hitherto facilities provided for them by this remarkable organization.
There are now over 3,000 of these hostels in Great Britain and on the Continent patronized by over 4,000,000 hikers last year.
The Alberta Branch of the Canadian Youth Hostel Association have a group of 15 hostels located through the foothills of the Canadian Rockies between High River and Banff. These hostels, an easy days hike apart, provide comfortable accommodation at the European rate of the equivalent of one shilling or 25c for bed and 25c per meal. This has proved a God-send to many young people in this neighborhood either unemployed or financially unable to patronize the more expensive out-door recreation provided through Ski Clubs, Alpine Clubs and other organizations.
It is obviously of the utmost importance during these days of both material and mental depression that something of this nature be made available to our young people. Efforts are being made this summer to extend the Canadian Youth Hostel Association into Eastern Canada. In all probability the set up will be an eastern and western division, owing to the geographical conditions as the prairie naturally separates our country into two interesting hiking areas. Then each Province will probably wish to develop as a Provincial Branch and of course all will organize along the same lines and under the rules of the National Youth Hostel Association, enabling co-operation and interchange of courtesies between members of the various hostels of Canada and also European and American groups.
Owing to the distance and the expense of providing organizers from here, it will in all probability be necessary to accept the co-operation of the Atlantic groups of the American Youth Hostel Association in this regard as the work can be done much quicker and will probably develop with greater rapidity if the various groups are linked with existing American groups.
As you are fully aware, a movement of this nature requires a great deal of publicity and local enthusiasm to properly establish it. It is hoped that you will give this matter official support and that those who have taken part in the hikes of any foreign hostel association or who are interested, may be contacted from the nucleus of a Youth Hostel Association in your district with whom the organizers, whoever they may be, may establish contact and develop the project with minimum delay.

Yours faithfully,
(Sgd) W.S. WALKER
Executive Secretary
Anyone interested in this movement will please confer with the Prince Edward Island Travel Bureau.
COLUMBIANA IS WINNER
(A. P. by Guardian's Special Wire)
MIAMI, Fla., March 7—Columbianna, a dainty flapper bearing the silken finery of young Buddy Hirsch of New York, showed her big, rough boy friends the way home Saturday with a burst of flying speed that won the \$10,000 added Widener challenge cup race.

Beautifully piloted by Hubert Le Blanc, leading apprentice rider of the rich Hialeah racing season, the little filly escaped roughing and burned up the stretch in record-equaling time to win the richest race in Florida's history.

APRICOT AND LEMON MAR-MALADE
One pound of dried apricots; one pound of lemons; five pints of boiling water; five pounds of sugar. Wash the apricots, place in a pan, pour over them the boiling water, and leave to soak for twenty-four hours. Wash the lemons, place in a pan, cover with water and boil gently.

Coronation Party Members Are Chosen

(Continued from page 1)
member for Leeds.
Dr. Arthur Beauchesse, K.C., C. M.G., clerk of the House of Commons, and Secretary of the Canadian Branch, will also be in the party.
Will Sail April 23
The delegation expects to sail from Montreal on April 23 by the S. S. Duchess of York. The visit to London will extend from May 2 to 16 for a week or two thereafter for a visit to the British provinces and possibly the Paris Exhibition. A number of Senators and members of Parliament have already indicated their intention of attending the Coronation unofficially at their own expense, including the following: Senators Creelman MacArthur, Lorne C. Webster, A. D. McRae, Thomas Cantley, H. A. Mullins, K. Huggess; members of the Commons, Col. J. E. L. Straight, J. J. Duffus, J. H. Blackmore, J. A. MacKinnon, A. A. Heaps, W. R. Tomlinson, J. R. MacNicol and Denton Massey.

W. M. S. Scores Sale Of Bottles

NEW GLASGOW, March 7—Meeting today in conference with President Mrs. J. T. Burchell, of Sydney, presiding, members of the executive of the W. M. S. of the United Church for the Maritimes strongly condemned in a resolution the sale of empty beer, wine and liquor bottles by minors.
"Whereas the future of our country lies with our boys and girls, the resolution stated, and whereas we believe the drink habit tends to destroy manhood and womanhood and all that goes to the making of good and worthy citizens and that the victims of strong drink formed the habit at an early age, and whereas we have every reason to fear that the collecting of discarded beer bottles, on our streets and parks is a temptation and danger to our children, therefore be it resolved that the Maritime Conference Branch of the Missionary Society of the United Church of Canada memorialize the Dominion Board of the W. M. S. of Canada to request the federal government of Canada to enact legislation making it illegal for anyone to purchase empty beer, wine or liquor bottles from minors and also illegal to have empty beer, wine or liquor bottles in their possession. The resolution was passed following considerable discussion on the floor.
To Charlottetown
It was decided that the conference branch meetings be held bi-annually with the next gathering to be in Charlottetown next fall and that the term of office of the president be four years.
Nominated to attend the board meetings to be held in Toronto beginning May 26th were Mrs. E. H. Langille, Tatamagouche, and Mrs. W. R. Turner of Middleton; Mrs. George Gough, of Noel, and Mrs. F. V. Bishop, of Andover, N. B.; were nominated as alternates. Mrs. L. W. Parker was appointed Dominion candidate advisor.
Mrs. S. L. Gibson, supply secretary, spoke at some length on the work done in supplying goods to Newfoundland and Labrador. In the past year goods to the value of nearly \$9,000 were donated by W. M. S. of the Maritimes to those places and to the West. Thanks were extended to various firms for giving free transportation to these goods.
Reports were heard from the following: recording secretary, Mrs. J. W. Bartlett; corresponding secretary, Mrs. J. H. A. Anderson; treasurer, Mrs. E. H. Langille; Christian stewardship and finance, Mrs. L. R. Allan; Mission Circles, Mrs. A. J. Reynolds; C. G. I. T., Miss R. Robertson; Mission Bands, Mrs. George Gough Associate Helpers, Mrs. E. M. Mills; Strangers, Mrs. A. L. Fraser; Literature, Mrs. J. B. Hall; Temperance, Mrs. R. A. Jamieson; Press, Mrs. K. N. Tait.
Mrs. Induk Pak of China, will visit the Maritimes in May. Following the conference tonight the advisory committee consisting of President J. T. Burchell, Mrs. J. H. A. Anderson, Mrs. J. W. Bartlett and Mrs. L. W. Parker met to discuss Home Mission matters in the Maritimes.

RELIGIOUS SERVICES

(Continued from page 3)
TRINITY UNITED CHURCH
Both services in Trinity United Church yesterday were conducted by Rev. Andrew E. MacKenzie. The theme of the morning service was "Toward Greater Unity." The subject of the evening's meditation was "New Life for Old."
At the morning service the duet "God is Love" by Abt was rendered by Mrs. Roy Cudmore and Mr. George Johnson. At the evening service the choir sang "There was Ninety and Nine" very effectively.

CENTRAL CHRISTIAN CHURCH
The services were conducted by the Rev. S. C. Cooper as usual at the Central Christian Church yesterday, the children's sermon at the morning service being on "The potter's vessel." The sermon for the adult congregation was "Buying Up the Opportunity" with parallel texts drawn from the Colossian and Ephesian Epistles "Redeeming the time."
The apostle gives two reasons why time should be redeemed, one being because of those without and the other being because of the evil days. "Some of us have little time to redeem," said Mr. Cooper, "and others expect a long lifetime, but whichever of the two we belong to we should take stock of ourselves."
The special music at the morning service was "Jerusalem The Golden" with Mrs. R. M. Mason singing solo.
The sermon for the evening was "The World Wide Commission" and the text was Mark 6:15 "Every Creature."
Jesus' preaching was characterized by an optimism. As a humble village prophet he declared the social Utopia of Isaiah had come. Jesus' spirit entered into the apostles and disciples and missionaries of the faith.
Some have declared that man through a process of evolution has reached his present plain and tradition says that man is on his present plain of evilness and misery because of the fall. We are concerned not with the theory but the fact and that is man's present condition which shows he is in need of a personal God.
While man is evil yet he can be recovered to truth and virtue. The pessimist may say this is nonsense but we have seen schools, churches and churches taking root in the vilest camps and transforming them. We may encounter opposition for men will laugh at the thought of a crucified Nazarene or a little book doing such a thing. The greatest forces however are usually the most beneficent and insignificant.
Love is the imperishable motive of all service. It was love that said "The nearer the sword the nearer God." It was love that garnished the house and poured out the spiknard and spiced the sepulchre. Love plants the great Cross of the divine passion in the heart of the church and the race forever.

THE BAPTIST CHURCH
The sermon preached by the Rev. H. L. Denton, B.D., yesterday morning was "The House of Obed-edom," Says 1 Chron. 13, 13 "And the ark of God remained with the family of Obed-edom in his house... and the Lord blessed the house of Obed-edom." Houses, either as a physical dwelling place or as the name of a family group attain a place in history for many causes. The house of Obed-edom will ever be remembered as the one that gave hospitality to God. A man and a house that honored God, obeyed God, receiving blessing and honor in serving God. When Obed-edom received the ark of God into his home he felt that in a very special way he was receiving God into his life and that of his house. God forces not, God intrudes not, God waits the invitation of man.
What about the house of Obed-edom today. Are our homes made bright and gracious by the realized presence of God. Are our homes sincerely and truly places of prayer, where spiritual insight and perception is made easy. Shall our children go forth from God centered homes conditioned for a life that shall be, in the sight of God, a gracious success? God grant to us the spirit and the blessing of Obed-edom.
The music of the morning was led with marked excellence by the boys and girls of the junior choir, who had been trained carefully and efficiently by Miss Vera H. Malcolm Campbell, Mus. Bac. A duet, "Tell Me the Stories of Jesus" (Challiner) was sweetly sung by Misses Aetha Saunders and Marguerite Burnhoe. The children's anthem, Ernest Nichol's setting of "The Children's Army" was sung by the whole choir, with Miss Bernice Ward taking the solo.
The evening service opened a period of two weeks special evangelistic services, with Mr. Denton's sermon "Are You A Christian". Frey's "They that trust in the Lord" was the evening anthem with Mrs. Misses Campbell and Burns. For the offertory a violin number by Miss Campbell, The Communion of the Lord's Supper was observed at this service.
The music of the day was directed by Miss Vera H. Malcolm Campbell, Mus. Bac., with Miss Helen Callbeck at the organ.

Defence Leaders
(Continued from page 1)
The trawler permitted the ship, enroute from Bristol to Bordeaux with coal, to continue its journey. French observers attached significance to the incident since it occurred so far from the Spanish coast and since the Gallium was headed for Spanish port. He D'Yeu is 20 miles off the French coast.
LONDON, March 7—(AP)—The 27-nation control scheme to prevent arms and volunteers from reaching the civil war in Spain probably will go into effect March 13, it was authoritatively indicated tonight.
Charles Corbin, French Ambassador to London, has been urging that at least skeleton control shall be put into operation on that date and the subcommittee of the "Hands Off Spain" International Committee is expected to approve when it meets tomorrow.
An international agreement to halt the flow of volunteers to Spain has been in effect for two weeks. The larger control scheme is to include a four-power naval cord, around the coast of Spain to prevent war supplies from reaching the combatants.
Informed sources said only two problems remained as obstacles to agreement.
Portugal must be reconciled to permitting Soviet Russian ships to call at Lisbon and Madeira, designated as "control ports" at which ships bound for Spain must call to prove they are not carrying war materials. Portugal does not recognize the Soviet Government and objects to Russian ships visiting her ports.
Germany must be induced to pay her share of the control costs in "usable currency." Berlin's delegate wants to pay in Reichsmarks, which are not acceptable to other members of the committee.

Sopwith Builds For Cup Series

LONDON, March 5—With caulking hammers ringing a merry tune of prosperity in Britain's yacht yards, countless feet white wings are straining for the opening of the coronation year of racing.
The big event will be staged in United States waters. Once again T. O. M. Sopwith will bid for the America's Cup. Success for his new J-class yacht Endeavour II would crown a boom year that has seen skilled labor run short.
There is speculation, meanwhile as to whether England's new king, George VI, will follow in his father's footsteps and take part in the racing at Cowes. This would mean construction of a new royal yacht. The famous old Britannia has been sunk.
The building program is providing lucrative employment for thousands in coastal ports. The biggest order for pleasure craft has been placed by Sopwith. He is having a 1,614 ton craft constructed to accompany his challenger to America.

HAZELBROOK W. I.

The February meeting of the Hazelbrook Women's Institute met at the home of Mrs. William Rogerson on Tuesday, Feb. 9th, with an attendance of twelve members and two visitors. Meeting opened with Institute Ode followed by repeating the Creed. Minutes of previous meeting were read, followed by roll call. Sick committee reported calling on two sick folk and taking them fruit; bill for same was presented and paid. Invitation for March meeting was left open; roll call to be answered by naming a Canadian author. Collection amounted to 76 cents. One member re-joined, (25 cents). Meeting then adjourned, followed by a delicious lunch, after which a most enjoyable evening was spent.
