## Baldwin Refers To Pessimistic Parley Reports

### "The Imperial Conference Moves," Says Eminent British Statesman Before Distinguished Gathering.

#### Optimistic

(By W. W. Murray, Canadian Press Staff Writer)  
OTTAWA, Aug. 11—"The Imperial Conference moves." Expressing that profound conviction, Rt. Hon. Stanley Baldwin, leader of the United Kingdom delegation, ranked himself tonight with Galileo, the pre-Renaissance scientist of Italy. In happy vein the British statesman spoke at a gathering in the lecture hall of the National Research building here, presenting to Canada, on behalf of Captain-Surgeon R. J. E. Hanson, of Fowey, England, a collection of fifteen portraits of great European scientists.

His address was one of those "ex tempore" deliveries for which Mr. Baldwin is justly famous, a speech filled with classical allusion, with polished diction and rounded periods. The association of the stubborn conviction of Galileo with the Imperial Conference and the pessimistic forebodings of failure which characterized reports issued last week from Ottawa were linked aptly in a reference to a portrait

## Conference Will Close With Dance

OTTAWA, Aug. 11—(By the Canadian Press)—The Imperial Economic Conference will close with a dance on Thursday night next, according to present arrangements. As an appreciation for the hospitalities received from the Canadian Government and the people of Canada, the members of the United Kingdom delegation and their wives will entertain the members of the Canadian Government and their wives at a dinner on Thursday evening after which the United Kingdom delegation will be hosts at a ball to which will be invited all the delegates and their wives, the advisors, experts and press, as well as many other Ottawa citizens who have assisted in conference hospitality. The plenary session, perhaps the closing of the conference, is fixed for Thursday and the dinner and dance will follow that important occasion.

## Bank Of N. S. Staff Conclude Celebration

(Canadian Press)  
HALIFAX, Aug. 11.—A staff dinner tonight concluded celebration of the 100th anniversary of the founding of the Bank of Nova Scotia. The dinner was given by Hector McInnes, K.C., of Halifax, Vice-President of the bank, who has been a director for 30 years. Speakers included J. A. MacLeod, General Manager, and Mrs. MacLeod; H. A. Fleming, Secretary of the Board of Directors; Hon. F. B. McCurdy, of Halifax, a director; E. L. Rowan-Legg, Manager of the Halifax branch, and E. I. Rogers, of Montreal.

The two-day programme, participated in by branch managers from various towns and cities of Eastern Canada, include a golf tournament 4974-8-12-11 at Ashburn Club, and an elaborate

## Investigating The Malone Case

TORONTO, Aug. 11—(By The Canadian Press)—Own's Brown, Council for Dan Malone, held here on a technical charge of vagrancy in connection with a reported plot against the life of J. H. Thomas, British Dominions Secretary, tonight wired Hon. W. A. Gordon, Minister of Justice at Ottawa, asking leave for Magistrate R. J. Browne to grant his client bail.

Brown's message read: "Daniel Malone held in Toronto jail since August 9 without bail under warrant of your office. Nominal charge of vagrancy preferred by Toronto police on which no bail granted. Magistrate willing to grant bail on vagrancy if you would do same under your warrant. Malone British subject resident in Toronto nearly five years. Will you grant Malone liberty on bail pending completion of your enquiry? Kindly wire reply."

Inspector J. W. Mitchell of the Immigration Department said he would complete his investigation of the case tomorrow. Malone will appear in court on Saturday, for the third time since he was arrested six days ago.

## PUSHING THE SALE OF EMPIRE PRODUCTS

### Continuation And Expansion Of The Work Of The Marketing Board Of The United Kingdom Is Suggested.

(By Ray Brown, Canadian Press Staff Writer)

OTTAWA, Aug. 11—Continuation and expansion of the work of the Empire marketing board of the United Kingdom, as a result of the Imperial Conference, is now suggested. It is possible that the work of the board, heretofore largely concerned with pushing the sale of Empire products in the markets of Great Britain, may be extended. It may be enlarged so as to include the advertising of United Kingdom commodities in Canada and the other Dominions.

The future of the Empire marketing board, it is intimated, has been the subject of careful consideration by the important Imperial Conference committee on methods of economic co-operation. This matter, with a number of other questions requiring further discussion, may be considered by a special committee, with representation

## Hitler After Chancellorship

(By Louis P. Locher, Associated Press Staff Correspondent)

BERLIN, Aug. 11—Adolph Hitler will lay his claim to the Chancellorship before President Paul von Hindenburg tomorrow at a conference arranged by the President himself. Whether the Nazi leader emerges from the conference with a mandate to head the Government apparently depends on his success in satisfying the aged Field Marshal that Germany would continue to be a constitutionally governing nation under Hitler rule.

At the conclusion of two days of political manoeuvring the lineup tonight was this: The Nazis were demanding that Hitler be made Chancellor as a matter of party prestige.

The Centrist party of former Chancellor Heinrich Brüning were favorable as they believed that Hitler's power would be broken once he surrendered his opposition role. Chancellor Franz von Papen and other members of the Cabinet—with the exception of defense minister Kurt Von Schleicher whose role was enigmatic and sphynxlike—were steady to yield to Hitler but they considered the experiment dangerous.

Industry, the business world and Dr. Alfred Hugenberg's Nationalist party were strenuously opposed to a Hitler Chancellorship. The President was known to be personally disinclined to appoint the Nazi leader, although the strength of the party in the Reichstag elections July 31 impelled him to the belief that the Nazi claims were strong.

luncheon presided over by S. J. Moore.

Tributes to the founders, who "undertook the hazardous task of launching a new financial institution" in trying times, were heard at the luncheon when the President reviewed the colorful history of the bank from its start in Halifax to its present position as a great national institution of the Dominion.

Among those attending the banquet were: W. E. MacDonald, C. D. Schurman, Summerside; L. D. Murray, Charlottetown.

## RIOTING CONTINUES IN SPAIN

### Mobs Burn Buildings And Bomb Homes In Seville.

(By Red Smith, Associated Press Staff Correspondent)

MADRID, Aug. 11—Rioting mobs in Seville today took their vengeance on monarchist sympathizers for yesterday's shortlived revolt against the Republic, which collapsed when its leader, General Jose Sanjurjo, fled the city and was captured while trying to get to the border.

While the rioters were burning buildings and bombing homes in Seville, the government proceeded with "mopping up" operations against the revolutionaries and the rest of Spain gave itself over to public celebrations in honor of the young Republic's hardihood in its first great test.

General Sanjurjo, who complained that "everybody abandoned me and my undertaking," was on his

## Says Families On Verge Of Starvation

(Canadian Press)

GLACE BAY, N. S., Aug. 11.—Mayor MacVicar has telegraphed Premier R. B. Bennett and Premier Harrington of Nova Scotia requesting immediate financial assistance for that town, so that the acute unemployment situation here could be met.

The Mayor said the town was unable to pay its one-third share of the relief required and the Government must step in if trouble were to be avoided. Hundreds of miners and their families are on the verge of starvation.

## The Story Of A Broken Leg

CHICAGO, Aug. 11—(A.P.)—Most persons would find it impossible to do what Walter Kent, 60, did last night.

His right leg was broken off when he was struck by an automobile driven by William Kelly.

Seizing the leg in his hand, Kent hopped over to Kelly's car and argued. Kelly finally drove away with Kent, looking for a carpenter's shop where the wooden leg could be amputated.

## HOOVER OUTLINES HIS POLICY

### U. S. President Accepts Republican Renomination.

(Canadian Press)

WASHINGTON, Aug. 11—Advocating a change in prohibition and envisaging a movement "from defense to powerful attack upon the depression" Herbert Hoover tonight accepted the Republican renomination to the Presidency.

Reiterating opposition to cancellation of war debts, he at the same time expressed assurance that the United States would consider adjustments "if for any particular annual payment we were offered of markets for American agriculture and labor."

One after another, he advocated a "sound currency," protective tariff, immigration restriction, revision of railway laws, federal regulation of interstate power, conservation of national resources, tax and banking reform, balanced budget, federal economy, the St. Lawrence seaway and adherence to the world court with reservations.

In reference to foreign affairs,

## CHINESE GOVT. AT STANDSTILL

SHANGHAI, Aug. 11—China was a nation virtually adrift today. Chiang Kai-Shek, former President and virtual commander in chief of the army, appeared to be drifting toward the role of Fascist Dictator, favoring a tolerant foreign policy, especially with respect to Manchuria.

China's Government was at a standstill. In political circles it was indicated that leaders were urgently attempting to solve the crisis resulting from the resignation of Wang Ching-wei, from the executive Yuan, and the Nanking Cabinet.

Without warning, Wang Ching-wei quit last Saturday. He gave as his reason the maladministration of affairs in north China, coupling with it a withering attack upon Chang Hsiao-Liang, erstwhile Manchurian chieftain now directing affairs about Peiping, supposedly under Nanking's direction.

Chiang Kai-Shek instead of assuming the dictatorial role and commanding his one time subordinates to remain in their respective jobs, telegraphed to Nanking that he, too, would be forced to resign unless various leaders resumed their duties.

Chiang Kai-Shek's action precipitated the gravest crisis within the history of the stormy Nanking regime. Today China's government is at a standstill. Wang Ching-wei and other members of the Nanking Cabinet are in retirement here.

## Good News For Fruitgrowers

KENTVILLE, N. S., Aug. 1—(By the Canadian Press)—Trans-Atlantic freight rates on apples will be reduced by 15 cents a barrel.

This good news for the fruit growers of Nova Scotia was brought home by H. O. Bishop, general manager of the United Fruit Company, and Herbert Oyer, a director who attended a New York conference attended by ship-owners, shippers and growers of United States and Canada.

The new rate will be 55 cents, compared with the present rate of 70 cents a barrel.

## Moving Swiftly Forward Towards Successful Close

### Agreement Between Great Britain And Canada Is Now Expected Within Next Two Or Three Days - Thursday Named As Day For Closing Plenary Session.

OTTAWA, Aug. 11—(By the Canadian Press)—Assurance that the Imperial Economic Conference would be a success, was given today and the expectation expressed that the agreements would be ready for a plenary session of the conference next Thursday. There are no difficulties between the delegations which cannot be composed. The agreements will provide for increased preferences for Dominion products in the markets of the United Kingdom.

(By George Hambleton Canadian Press Staff Writer.)

OTTAWA, Aug. 11—The empire conference moves swiftly forward towards a successful close. Agreement between Great Britain and Canada is authoritatively intimated, is now expected within the next two or three days. Agreements between Great Britain and other Dominions are nearing finality.

Thursday next has been tentatively fixed for the closing plenary session of the conference when agreements made will be formally signed, sealed and delivered. "A very good chance of satisfactory conclusions all around," was the way one conference authority put it tonight. Yet much work remains to be done and possibly Thursday's plenary may leave a hang-over of matters still to be concluded between individual delegations. The present plan is to embody the various agreements in a multi-lateral agreement covering accords as between Great Britain, the Dominions and India. There remain possible agreements as between individual Dominions and in connection with these, it may be necessary for members of individual delegations to remain in Ottawa after the conference proper has closed.

A Day of Activity

With its long series of cabinets, committees, sub-committees and conversations the day has been one of continuous activity. The Canadian Cabinet was in session this afternoon considering the latest developments. The British "Cabinet" met to consider negotiations in progress with Canada, Australia, New Zealand. Subsequently, British ministers were in conference with

the delegation from Southern Rhodesia. Later they consulted their own industrial advisers. And during the day Canadian and British experts were busily working out details.

The British delegation is negotiating on the basis that empire preference is now an established
