EVERY NEURALGIC HEADACHE CURED! USE "NERVILINE"---IT WON'T FAIL

The Miraculous Healing Power of This Liniment is Unfailing.

RUB ON NERVILINE.

There may be a thousand pains; yet, excepting sciatia, neuralgia is the worst. Most remedies are not strong enough or penetrating enough to relieve neuralgia. You know everything you have tried has failed to give even momentary relief, and you have decided that neuralgia must be borne forever.

Do not make this mistake—try NERVILINE.

Apply it to the sore spot. Notice the glow that spreads deeper and wider as Nerviline's curative power is carried further and further into the tissue. How quickly the pain is soothed! How quickly it lessens! In a little while you have forgotten the pain—it has actually gone.

Neuralgia gives Nerviline an opportunity of demonstrating its superiority over all other pain remedies. Not magic, as you might imagine after you have used it— simply the application of scientific knowledge to the relief of pain.

Nerviline is a great outcome of modern medical ideas. You cannot afford to be without it, because pain comes quickly and comes to us all. Guaranteed to cure the aches and pains of the whole family. Large bottles, 50 cents. trial size, 25 cents; at druggists, or the Catarrhozone Co., Kingston, Canada.

The WEEKS Canada Silver Fox Furs Limited expect with average success to pay a dividend of 60 p.c. THIS FALL—with Mr. Weeks' usual success they will pay much more.

The Company has five pairs of highest grade Silver Black Foxes, two pairs of which alone raised nine pups last year.

The ranch is owned by the company and is perfect in every detail. The whole in charge of Mr H. B. Weeks, of Tryon, one of the most successful ranchers in the world. **He has never lost a pup or had a pair that did not breed.**

For prospectus and application forms apply to the Secy-Treasr. Par value of shares, $25.00.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

AGRICULTURAL MEETING.— The Agricultural meeting on the 13th inst in New Glasgow Hall, under the auspices of the Conservative Commission conducted by Messrs John Fixten and Andrew Elliot experts in illustration work in agriculture was interesting and instructive, and should prove valuable there being a large number of farmers and others present who listened with marked attention to the addresses given. The Speakers strongly emphasized the necessity of a short rotation of crops and the frequent seeding of Clover; together with early and deep fall cultivation as being essential for soil fertility and production of crops. An interesting feature was the illustration in the crop produced from good and poor seed by lantern slides and a chart showing the distance apart the clover seeds are when sown at the different quantities per acre also cuts of the most improved implements in use for the better tilling of the soil.

HOPEFIELD. — The farmers in this vicinity are engaged in getting their firewood sawed, Messrs. Duncan Blue of Little Sands and D. J. McDonald of Murray River doing the work in an up to date manner with their gasolene engines and sawing outfits.—Miss Margaret W. Clarkin, school teacher, spent her Easter holidays at her home in Hartsville.—Lagrippe is prevalent and some severe cases are reported. Mr Dan. McKay of Hopefield leaves shortly for Pictou Island where he has secured a position as manager on the farm of Duncan McCallum. MacEachern Bros. enterprising millers, are getting ready for sawing and by the amount of logs in their yard it will be a prosperous year for them. Messrs. M. A. McPhee and Magnus Fraser have arrived home from the lumbering woods of Maine where they spent the last six months. Mr. Donald D. Livingston of Hopefield who has been visiting friends in High bank has arrived home. —Mr. Sam McLeod of Orwell who has been visiting friends in Hopefield has returned home.—Mr. Garfield Roberts of White Sands spent Sunday the guest of Hector and Mrs. McNeill, Hopefield.—Mr. Willard Jordan of Murray Harbour was a visitor to Brookside Mills recently.—D.

SCOTCHFORT.—The Colonial picture company was in Mount Stewart on their weekly tour Thursday night, and as usual put on good pictures, but unfortunately the weather man behaved himself very badly making the night so disagreeable that the crowd was not as big as it otherwise would have been. On the evening of the ball at Morell, March 17th, Mr. and Mrs. Grover Coffin of that place gave a delightful and bounteous repast to a number of invited guests. Among those present were Miss Katie M. Clarkin, Miss Lena McDonald and Miss Annie McKenzie.—Messrs. William Sinnott Ernest Rossiter, J. A. McKenzie and Mr. and Mrs. Patrick Murphy. The table which was overladen with all kinds of delicacies was enough to please the most fastidious and was the last word in the culinary art. The writer who had the pleasure and good fortune of being one of the guests, takes this opportunity on behalf of those present and himself in particular to heartily thank Mr. and Mrs. Coffin for their courtesy and generosity.—S.

MINK RANCH.— While in Morell a few days ago the writer had the pleasure of visiting the mink ranch owned by Mr. Ernest Roositer and others of that place. The ranch is situated on Mr. Rossiter's farm about two hundred yards from the village and personal supervision of the careful and personal supervision of Mr. Rossiter. This ranch is composed of three pairs of the highest grade minks enclosed in pens about twelve feet long by four feet wide in which are built houses about three feet square. There are also two large pens aboue twenty feet long to which the minks have access from the smaller ones and in which is located fresh water at all times, of which the little animals are so fond. All the different pens are built with the best mink ranching wire procurable, the walls are about four feet high and the wire is sunk into the ground a distance of between one and two feet. They are also enclosed over head as well as the sides with the same kind of wire making the ranch so secure that it would be impossible for a mink to escape. It is indeed amusing to stand and watch their movements while they are being fed. They are not a bit frightened of strangers, especially at meal time, for the moment that they are called they will all run out of their different houses right up to the top of the wire in expectation of something to eat. When they get a piece of meat or fish they will back down again, seldom jumping as they seem to prefer letting themselves down easily. They are all very tame and appear to be entirely at home in their enclosure. One thing particularly funny was to see them answering to their different names which the keeper has given them, when being fed. The ranch and its contents reflect much credit on the owners and the writer wishes them enviable success in their venture.—S.

Kidneys Wrong?—

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, trouble comes at once. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gall Stones and the deadly Bright's Disease are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys so that they do their work thoroughly and well. Try

Dr. Morse's Indian Root Pills.

Eating Relieves Stomach Trouble

PROMINENT PHYSICIAN'S ADVICE

"Eat good foods and plenty of them. Dieting, in many cases is almost criminal. Get back to normal. To do so you must have the proper quantity of nourishment. You need it for brain or physical work. Probably there is nothing the matter with your stomach except acidity. There is merely an abnormal secretion of acid in the stomach. Neutralize that acid and your stomach trouble will end at once. Neglect may mean ulcers if not cancer of the stomach. Do not take patented medicines or pepsin tablets for dyspepsia. Simply take a neutralizer of acid. Decidedly the best neutralizer is ordinary druggist's bisurated magnesia. You can get it at any drug store for a few cents. Take a teaspoonful in a quarter glass of water after each meal. The relief will be immediate."

Five Pairs of Sirdar Silver Foxes at $15,000 per pair

The five pairs of Sirdar Silver Foxes are of the finest pedigreed stock procurable, selected from strains of recognized fecundity and fur value. The prices at which these foxes are capitalized, $15,000 a pair, is the lowest of any company now before the public.

Expert Ranching

The Sirdar foxes will be boarded at the ranch of the Silver Fox Ranching Co. at Alberton. This ranch is one of the best, if not the best, in the province.
