IN MEMORIAM MR. A. C. MCLEOD The death of Mr. A. C. McLeod took place at his residence, Park Corner, on Oct 28th after a long and trying illness of heart trouble. He is survived by his widow, Agnes Ross of Charlottetown and one son, Mr. J. Fred of Regina, Sask., a younger son Harold died overseas during the Great War.

Two brothers Newton and Capt. Alfred also survive him. The late Mr. McLeod who was born at "The Cove," Park Corner, the son of John and Annabella McLeod, was a brother of Mr. H. C. McLeod, former Manager of the Bank of Nova Scotia. Mr. McLeod was well known in Charlottetown in his younger days being for many years book keeper for the firm of Bremner Bros. Stationers and printers, and will be kindly remembered by many old friends.

In 1881 he returned to the home farm at "The Cove" Park Corner, and established a lobster business, thus being among the oldest lobster packers on the Island. For many years he shipped lobsters to England—bearing the trade name "Keystone." In later years, Mr. McLeod with his brother continued packing lobsters until advancing years caused the closing of the business.

The funeral which was largely attended was held on Friday, Oct 30th, with a short service at the home followed by service at the "Geddie Memorial Church," conducted by his pastor, Rev. Mr. Osborne. As the casket was carried from the church, "Crossing the Bar" was played by the organist—and he was laid at rest among so many of his ancestors in the cemetery near by.

Safe Camping for Boys Although a summer of many drownings and other fatalities, not a serious accident occurred among the 14,100 boys who attended the 588 Boy Scout camps held in various parts of the Dominion. Instead, the Scouts were credited with several rescues from drowning and numerous cases of effective first aid.

An Australian Bunyip A "Bunyip," a monster 50 feet long, with caterpillar legs, a long red tongue and a cry like a bedlam of motor horns, was recently discovered in Australia by Baden-Powell. Inside he found a large number of Boy Scouts, who welcomed him to "down under."

Office Boy to Bank Manager That Canada is a land of opportunity for boys of purpose and character was once again noted in connection with the death recently of David M. Finnie, Honorary Do-

minion Treasurer of the Boy Scouts Association, and active in many other public service organizations of the Capital. Mr. Finnie began his business career as an office boy and rose to the position of general manager of the Bank of Ottawa and one of the city's prominent financial figures.

Scouting for Crippled Boys Scout training for boy patients in children's hospitals has been attracting the attention of medical authorities. Troops at the Shriners Hospital, Montreal, the Sick Children's Hospital, Toronto, and the Queen Alexandra Solarium, Vancouver Island, are credited with materially helping the boys concerned. Their acceptance into the great world brotherhood of boys, and the discovery that they can do many of the Scout tests, gives the handicapped lads a new outlook on life.

Scout News and Notices Cambridge University has conferred the honorary degree of Doctor of Laws upon Lord Baden-Powell, world chief of the Boy Scouts.

The camp equipment of an Alberta Scout Troop this summer included a cow. She went along to solve the safe milk problem.

Close to 60,000 cars were checked through Three Rivers, Que., during the four summer months by Boy Scout Information Bureaus maintained at the outskirts. The boys gave booklets to 1,761 tourists, shipped 26 spare tires and rendered first-aid 21 times.

"Spotted Eagles" A patrol of Indian Boy Scouts at the Sarcee Indian Reserve school near Calgary have adopted the name, the "Spotted Eagles" in honor of the World Chief Scout. The name was given Baden-Powell during his visit to Canada in 1923, when he was made an honorary chief of the Sarcee tribe. There are a number of Indian Boy Scout troops in Canada.

Memorial Window for Boy Hero In St. John's Anglican church at Grand Bay, N. B., is a beautiful stained glass window memorial to a 14 year old Boy Scout, Eric Caulfield, who faced practically certain death to save a companion from drowning, and paid the great price. A Bronze Cross, the V.C. of Scouting, was awarded posthumously and presented to the bereaved parents. The window was unveiled by Archdeacon H. A. Cody of Saint John.

B-P. No Thought of Retiring Recent inquiries at London Headquarters of the Boy Scouts regarding a rumor that Baden-Powell was contemplating retiring from the world leadership of the Boy Scouts brought a specific denial. B-P. was declared to be "very fit," and having no thought of relinquishing the leadership of the Scouts.

Nearly Thousand Get Employment

HAMILTON, Nov. 6— Launching the new fiscal year with an aggressive program calculated to extend through the winter, the Firestone Tire and Rubber Co., of Canada, one of the city's major industries, started operations full blast today. Earl W. Besaw said. Practically all of the old employees, 600 in all, will be back at their machines before the week is out.

The announcement caused a big surge of new blood in the city's industrial life blood. Coupled with F. M. Morton's announcement that 300 men had been called to work by the International Harvester Co., the situation today meant that the army of the unemployed would be reduced by 1,000 at one stroke.

Firestone's program indicated a definite industrial upswing, Mr. Besaw thought, stating the unemployment outlook was brighter than in many months. This and other announcements of concerns here making additions to their payrolls, in the opinion of business men marks the return of more prosperous times.

J. P. Bell, manager of the Bank of Commerce, is very confident of the future. "The horizon is brightening," he said. "In the last few days there has been a change from a pessimistic to an optimistic out-

Centenarian's Age in Court

For declaring on the register of deaths that his father was 75 at death, while the age on the coffin read 105, Bernard Blee of Altishane, Ireland, was fined in court recently. The deceased's eldest daughter said she was born in 1864, and if the father was 75 at death he was eight years old when she first viewed the world. Blee was said to be juggling the age in order to collect insurance.

INDIGESTION

Immediate relief! PHILLIPS' MILK OF MAGNESIA For Troubles due to Acid INDIGESTION SORE THROAT HEARTBURN CONSTIPATION GAS NAUSEA

RICH food... strong coffee... heavy smoking. Then the penalty for indulgence. Digestive distress! People who are haunted by this form of suffering simply have not learned its one common cause. Usually, it's the fault of too much acid. Meats, fish, breads, pastry can easily cause over-acidity, and this destroys the alkaline balance; foods won't digest. They can't. Nothing ever tastes good. One cigar—and you are lousy as if you had smoked ten. Things you eat sour in the stomach, causing pain, flatulence. Your head aches, and you are con-

stipated. Those are danger signals! Warnings that you are in immediate need of an antacid! Heed them, and meet that need at once with a little Phillips' Milk of Magnesia. A creamy, pleasant-tasting spoonful will neutralize many times its volume in harmful acid. But take it for several days, till the whole digestive system is sweetened. Until the appetite returns, and that sourness is all dispelled, and every sign of over-acidity has disappeared. Doctors endorse Phillips' Milk of Magnesia. So be sure you get Phillips' and not a substitute. All drug stores in the dominion have genuine Phillips' Milk of Magnesia in 50 cent bottles. (Made in Can.)
