Perhaps its diphtheria or scarlet fever. Keep your own home free from the germs of these diseases. Prevent your children from having them. You can do it with our Vapo-Cresolene. Put some Cresolene in our vaporizer, light the lamp beneath, and let the vapor fill the sleeping room. Have the children sleep in the room every night, for it's perfectly safe, yet not a single disease germ can live in this vapor. Ask your doctor about it.

**They Had to be Removed from the Galleries by Order of the Speaker.**

New York, April 27.—A special cablegram from London to the Sun says: The House of Commons late last night witnessed one of the most remarkable of the many noteworthy scenes. James Kier Hardie, the labor leader, had introduced a motion in favor of Woman Suffrage and the debate was going on in a business manner for and against it, when suddenly Mr. Samuel Evans, was speaking against it, a shrill "hear hear" was heard through the grille which screens the women's gallery.

**SENATE INVITES KING TO CANADA**

OTTAWA, April 27.—The Senate has adopted an address, inviting King Edward to visit Canada. Senator Scott, leader of the Senate, was one of those who went to Quebec to welcome the King when he had visited this country in 1893. Of those who welcomed the King then, only two remained in public life, himself and Sir John Carling. Senator Longheed said the King had done more for Canada than any other man in the British Empire. He said that no member of the British Government had ever visited Canada. The British Government had never attempted to divert immigration from the United States to Canada.
