Delays Are Dangerous

There is No Disease Which Will Prove So Fatal, If Neglected, as Catarrh. There is no Remedy Which Will so Quickly and Completely Cure as

Japanese Catarrh Cure.

If a person that has what they consider only a little lingering cold in the head or Catarrh in a slight form could only see what a pitiable sight some of those who have a bad case of Chronic Catarrh presents we feel sure they would not neglect taking the proper treatment another minute longer. Catarrh is one of the most dangerous of all diseases: it works its way so slowly and slyly that you do not realize how nearly you are in its deadly grasp, until some of the more painful and disagreeable symptoms appear. There has never been any remedy so successful in treating Catarrh or Head Colds as Japanese Catarrh Cure. There is no guess work, no experiment or no failures when this time tried remedy is used. It relieves the head pains in one minute and stops the discharge from the nose and drooping of the throat in a very short time. It goes straight to every Catarrhal diseased portion, soothes, heals, allays all inflammation and cures permanently. If you have only a slight Cold in the Head don't neglect it, Japanese Catarrh Cure cures La Grippe or Cold in the Head in one night, and permanently cures Catarrh wherever located. You will find it pleasant to use. No instruments of any kind are required. It is the only permanent cure for Catarrh.

Mr. A. M. Wilson, principal ENDORSED BY Government Home, EIK-GOVERNMENT horn, Man., writes:—We have used several boxes of Japanese Catarrh Cure, and find it superior to anything we have ever used for Catarrh. It has given wonderful results on every case tried. It certainly is an article of merit, having cured some very aggravated cases in the Home.

It does not matter how many remedies have failed to cure you of Catarrh or how bad your Catarrh is, Japanese Catarrh Cure will cure you, there is no doubt about that, it always has and it always will. All druggists sell it 50 cents. Trial size 10 cents by mail, from the Griffiths and Macpherson Co., Limited, Toronto, Canada.

DEATH OF F. H. VILLIERS.

Hamilton, March 19.—Fredrick H. Villiers, brother of Lieut. Col. Villiers, of Toronto, died here yesterday, aged 88. Mr. Villiers, who was the second son of Capt. George Villiers, of the Life Guards, came to Canada forty years ago, and was for a long time employed on the Great Western and Grand Trunk Railways.

Ten cents is all you pay for Bentley Lintment—none better at any price. Equally good for internal or external use. Cures PAIN. Also big 25c. bottle.

THE OTTAWA SALE.

The scheme for holding Provincial Auction sales of pure-bred stock, which was inaugurated under such favorable auspices at Guelph on Feb. 27 and 28 last, scored another distinct success at Ottawa on Wednesday. In several respects the Eastern sale was more successful than its predecessor in the West. The prices obtained averaged higher especially for Short-horns the average quality of the animals offered was better, the bidding was more brisk and the sale throughout more expeditiously conducted.

The sensation of the Ottawa sale was the selling of the Shorthorn bull, Triumph bred and contributed by the Hon. John Dryden, to the Government of Prince Edward Island for the handsome sum of \$500. The Island Government was represented at the sale by the Hon. Mr. Rogers, Commissioner of Agriculture, who also secured for his Government another fine animal bred and contributed by Jeffrey Bros. Whitby, Ont., at \$230. A Manitoba breeder was a strong competitor for the Dryden bull but he stopped bidding at \$500, and so this splendid type of the breed went to our most easterly Province in stead of to the western prairie. In him the Island Government have secured a prize, which if taken the proper care of, will do much to raise the standard of Shorthorns in the Province by the sea.

Triumph is a roan of very fine quality, well set up and rounded off in splendid shape. In addition to his individual qualities he has a choice line of breeding behind him. He was calved on Oct. 13th, 1890, his sire being Revenue—21503, a large thick fleshed bull, winner of second prize in Toronto as a yearling, his sire being the prize-winning bull Earl Moray—16188, got by the Cruickshank bull Eclipse—8928. Revenue's dam was got by Lord Lovell—2030, a Cruickshank bull of the Matchless Family and winner of 30 first prizes. Lord Lovell's sire was the renowned Barapton Hero bred by Mr. Dryden, and one of the most successful show and stock bulls of his time, in Canada, Triumph's dam was Miss Lavender, whose sire was the Earl of March 17252, bred by Messrs. J. and W. Watt, sired also by Barapton Hero. One of his sons, Sittytton Hero, used in the herd of Jas. I. Davidson, was recently sold at four years old for \$700. Thus, both in breeding and individuality, the Prince Edward Island Government have secured an animal fit to head any herd in the land.—Farming World.

PEACE PAPERS BROUGHT DOWN.

LONDON, March, 22. (Special).—The Parliamentary papers giving details of the negotiations with the Boers were laid on the table today.

WHAT THE PAPERS SHOW.

These papers show that the British offered very liberal terms, including the immediate return of all war prisoners; replacing of military by civil administration; equal rights for Dutch and English language and no extension of the franchise to Kaffirs till a representative Government is established and then so limited as to

secure a just predominance of the white race with the same legal rights now held by Negroes in Cape Colony.

CITY AND COUNTRY

WILLIAM Richards, of P. E. I. will hear of something to his advantage by applying or writing to DeWitt & McKinlay, Sydney Record.

Mr. E. R. Brow ships to-day to Montreal, eight pure bred Guernsey cattle which have been purchased by the Attorney General of that state.

The Revere Hotel is being renovated for the spring and summer trade. The office has been papered and the good work will be continued throughout the remainder of the house as soon as possible. When completed the interior appearance will be greatly enhanced.

At a meeting of ladies held in the Y. M. C. A. parlour yesterday afternoon for the purpose of organising a class in Physical Culture, it was decided to start a class after Easter. All who desire to attend are asked to hand their names to the secretary of the Y. M. C. A. at once.

A very pretty wedding took place on Thursday at the residence of the Rev. John Goodwill, Brighton, when Mr. George W. McEachern of Mt. Herbert, and Miss Lettie M. McDougall, daughter of the late Mr. John A. McDougall of Argyle Shore were united in married. The bride who was prettily gowned was attended by her sister Miss Lucy A. McDougall, while the groom was supported by Mr. Neil E. McEachern of Canoe Cove. After the ceremony the couple drove to their future home in Mt. Herbert where they were greeted by hosts of friends eagerly waiting to welcome the happy couple. A number of pretty and useful presents, testifies to the esteem in which they were held. THE GUARDIAN extends congratulations.

Mr. J. F. Norton, Cardigan, returned by the eastern train last night.

RESIDENTS of this province who have occasion to visit Montreal will be pleased to learn that Mr. Geo. D. Fuchs, some years ago manager of the Hotel Brunswick, Montreal, is now associated with Mr. D. Raymond as owner of the Queen Hotel, Montreal. Mr. Fuchs for many years has been the efficient manager of the Queen which as all are aware is up to date in all respects. Travellers reaching a large centre, such as Montreal, will naturally enquire for the most comfortable hotel at a moderate cost. The rank taken by the Queen will commend itself to all and doubtless, Mr. Fuchs will have the pleasure of meeting with a large number of his friends from Charlottetown.

THE GUARDIAN learns that the excellent service of the Plant Line between this port and Boston will be conducted this year with a view to even an improvement of the service rendered for the past two seasons. Tourists will be pleased to learn that the magnificent palatial steamer, La Grand Duchesse will again be placed on the route and it is possible that a more spacious boat will take the place of the S. S. Halifax. The tourist traffic to this province during the coming season will doubtless exceed all the excellent records of the past and every effort should be made to accommodate in a proper manner those who will visit our shores. Mr. W. W. Clarke, the popular agent of the line, will be pleased to receive names from all parties willing to accommodate with the number, etc. A tourist guide is being issued and it would be a judicious move if all would be included in the directory. In years gone by accommodation doubtless existed in many quarters but the information necessary was not in the hands of the proper authorities. The S. S. Halifax will make her initial trip to this port during the first week in May.

In connection with the Women's Tournament in Halifax a citizen writes: From the interest manifested at Thursday night's meeting it is clear that "our boys" intend to go in and win at this coming F. C. men's Tournament, Halifax. At the last tournament held here nine years ago they won a majority of the events and from the wonderful success of our athletes in more recent years there is no doubt, but they will do equally well at this one. All that is necessary, will be the funds and there is no doubt but that the citizens will give liberally to this worthy cause. When it is considered that the firemen perform their offices almost voluntarily and are often exposed to severe hardships, while protecting property there is no reason to expect anything but a large subscription list. As it from this feeling of gratitude there is the spirit of patriotism which should stimulate our liberality and cause us to delve deep into our pockets and to help to send away winning teams. Let Charlottetown not be behind other Canadian towns for all of importance will be represented. Let us through our firemen, show them that P. E. is drawn and muscle can hold its own with the best of them.

YOUR BEST FRIEND On wash day and every other day is SURPRISE SOAP It will give the best service; is always uniform in quality; always satisfactory. You cannot do better than have Surprise Soap always in your house. SURPRISE is a pure lard Soap.

A Lad in Nova Scotia Nearly Died of Dyspepsia, but at Last Finds a Remedy.

Mrs. M. Sears of Lochaber, N. S., writes: "I am in my 70th year. I formerly weighed 180 lbs, but through the pains and starvation of Chronic Dyspepsia, I had run down to 120 lbs. I was a great sufferer. I had severe pain in the pit of my stomach. I could eat scarcely anything. I tried all kinds of Pills and advertised medicines for Dyspepsia, but all to no account. I even used a stomach pump, but nothing I could do seemed to help me in the least. I went away to Newfoundland for some months in the hope that a change might help me, but to no purpose. I had almost given up all hope of a cure, when I read an advertisement of Dodd's Dyspepsia Tablets. I bought one box and they relieved me a little, so I got five more, and I must say that I never had such relief in my life. I had doctored and done everything possible, but I found a true doctor only in Dodd's Dyspepsia Tablets. I am cured. I am gaining in weight, health, and strength, and I am sure I will soon be myself again. Mrs. Sears and her family are among the best known and most highly respected people in Lochaber. Her illness and wonderful recovery can be vouched for by anyone in the neighbourhood. Dodd's Dyspepsia Tablets will do for anyone what they did for Mrs. Sears.
