**Church Army Conference At Washington**

A united conference of the Church Army in Canada and the Church Army in America will be held on May 22nd, at Washington, D. C., in the United States, this year. This will be the second conference to be held on this continent, the first being held at Toronto two years ago.

The conference this year will be held at the College of Preschers and will be an occasion of great jubilee, for last year was the golden jubilee of the founding of the society at London, England, the society in Canada also commemorates its fifth year of organization and during those five years has made great strides in the Dominion.

The Church Army is the largest Home Missionary Society within the Church of England. Though it has been established in Canada for five years, the Church Army and its workings are still unknown to a great number of people. It is a lay society composed of lay evangelists for the promotion of the Gospel of Jesus Christ. Its aims are Conversion, Consecration and Churchmanship.

A college and headquarters are maintained at 143 Howland Avenue for the education of Candidates for labour in the church. The officers in training are known as Cadets and those who have passed and admitted as Evangelists known as Captains. There are no ranks of degrees in the society outside of Captain. Capt. A. T. Casey, C.A., is the field-secretary of the society and the Right Reverend J. R. Lucas, D.D., formerly Lord Bishop of MacKenzie River, who visited this island two years ago, is the Warden and His Grace Archbishop Sweeney, D.D., who retired during the past year from the Diocese of Toronto is the chairman and still remains an active worker.

Though a small in number society and in finances, it has done and is doing a great work not only for the Church of England but also for the needy. Though hampered greatly by need of assistance, they operate two unemployed Hostels, one at Toronto and the other at Ottawa. During his visit to the Imperial Conference, Sir Stanley Baldwin and Lady Baldwin visited the Ottawa Hostel and spoke to the men gathered there and interested themselves greatly in the work undertaken. His Excellency the Governor General also takes an interest in the work.

It's lay missionaries are well known in the Provinces of Ontario and Quebec where the call for Church Army workers is greater than at present in other provinces. The Lord Bishop of Huron speaks highly of the work which officers have performed and are still doing in his present and former Diocese of Ontario. At St. Paul's Cathedral, London, Ontario, Bishop Seager admitted five officers this month as Evangelists of the Church on the Feast of the Epiphany.

There are two officers stationed on Prince Edward Island at present in charge of the three Anglican Mission Churches on the Island, Captain Kelly, C.A., of St. Matthew's Quebec City, at Holy Trinity, Georgetown and Capt. Wittig, C.A., at Christ Church, Cherry Valley and St. Thomas at Long Creek.

So with its second conference it has much to give thanks to God. A large percentage of the Canadian Clergy were formerly Church Army. Though not meant to be the Society has been the great doorway for many a youth to the ministry of the Church of England in Canada. The work of the society is supported by the voluntary offerings of the laity sent to its headquarters.

**Badminton**

The Presbyterian and United Badminton Clubs met in the Presbyterian Hall on Tuesday night to play the second match of the Summerside Badminton League. The Presbyterians have made some changes and improvements in their hall so that all obstacles have been removed and the hall is now cleared out, with high ceilings, properly marked, and sufficient light, heat and space for spectators, making it one of the best Badminton Halls in Summerside.

The United's started out with three straight wins in the Ladies Doubles. Each game was hotly contested by the Presbyterians, with some fine playing. In the Mixed Doubles the Presbyterians did a little better, but not as good as in the United Hall. The feature of this part of the contest was the fine playing of J. Sinclair McKay, a new player this year and Miss M. McFarlane, when they won from Miss E. Morrison and Wallace Bradshaw.

But it was in the Men's Doubles that the Presbyterians opened up and showed they could play Badminton, when they wanted to, making the last part of the evening's contest very exciting for the spectators. A. E. Harris and J. S. McKay started out with a win of 15-4 playing against James Millman and Jack Sheen who played a remarkably fine game and won the second game 15-12 but the Presbyterians closed the set with a win of 15-6. Wm. E. Forbes and Bernard Harmon went one better when they won from Dr. Clark and E. C. Harris in two straight games 15-10; 18-14, but it was the last set which kept the players on their toes and the spectators thrilled to the finish.

When the previous set was finished, the United's had won six sets and the Presbyterians five, so that the best the Presbyterians could do was to make a tie but the United's were extremely anxious to win this last set and all the honors for the evening.

Reverend Jeans and R. S. P. Jardine won the first game 15-3; Brooks and Bradshaw opened up and won the next game 18-16; but in the last game, the most thrilling of the evening, Rev. Jeans with Jardine excelled themselves and with a score of 15-11 won the set, and tied the match, making the games six wins for the United's and six wins for the Presbyterians.

**Victoria Unions Win MacLean Trophy**

On Wednesday February 8th, the Victoria Unions shut out the Kensington Granites by a score of 2-0 in the final game for the MacLean Cup. Although the game was fast throughout, a sticky ice surface slowed up puck carrying considerably and was the cause of many a lost goal for both teams. In the previous game at Kensington the Union's defeated the Granites 4-2 giving them a total score of 6-2 in the series.

The first period opened very slow but gradually speeded up, as each team got the feel of the ice. After ten minutes steady hockey Dan MacLeod picked up the rubber behind the Union's blue line, made a solo rush from end to end and picked the corner of the Granites net for the first score. About five minutes later the fans were again given a chance to test their voices when Dan MacLeod rushed in close on the Granites defence, passed the disc across an open net which was picked up by C. Logan and shot into the corner of the cage, giving the Unions their second and last goal of the evening.

Play continued in the second period with the Unions playing slightly defensive hockey and the Granites at times rushing five men forward. But although both teams had many chances for scoring at

close in shots the two goalies did their duty as experts of the cage. The ball rang with the Granites trying to make the red light flicker.

The Granites came out in the last period with the sole idea of scoring and with the sound of the gong began to make good the idea. Only the stellar work of MacLeod in the nets kept the Kensington players from making a tally and the bell found the Unions shooting the rubber up the ice to take up time.

At the end of the game the MacLean Trophy was presented to the Unions' captain, Wm. MacLeod by Mr. E. M. Pidgeon. As the cup changed hands, the Kensington team, showing their good sportsmanship, gave three lusty cheers in favor of the Unions. Mr. Chas Cahill refereed and later extended his congratulations to the Victoria boys.

**HOCKEY**

Two games of more than passing note took place at Savage Harbour, Tuesday, February 7, when the first and second teams from Head of Hillsborough played the first and second teams of Savage Harbour. Both games were hard fought but the Savage Harbour pucksters seemed to hold the edge of the battle and the results of both games were brilliant and creditable victories for Savage Harbour. The visiting teams though outscored played an excellent game and showed good signs of hockey.

Lineup:  
First team, Head of Hillsborough—goal, A. Douglas; defence, T. Douglas, W. Douglas; centers E. Warren; wings R. Douglas, L. Cameron, H. Coffin.  
Savage Harbour—goal, P. Coffin; defence, Earl Warren, J. Morrison, W. Coffin; centres L. Warren, E. MacLellan; wings, J. MacKay, R. Pigott, C. Murphy.

**Kaiser's Baggage Going To Germany**

DOORN, Holland, February 11—There is a continuous flood of "the Imperial household's baggage" to Germany through one of the railway stations near Doorn, and a visit to this little town has given the impression that the departure of the ex-Kaiser is being prepared. No one knows where he will go. "That will not be decided here but in Berlin," says an official at the castle who ought to know. It has been noticed that the ex-Crown Prince's visit for his father's seventy-fourth birthday lasted six days—much longer than usual—and that the ex-Crown Princess Cecilie was absent. During the Crown Prince's stay there were lengthy deliberations between father and son, but no agreement is believed to have been reached on the crucial question of who shall mount the Hohenzollern throne if it is restored.

The ex-Kaiser has never ceased calling himself Emperor Rex, despite his abdication, nor claiming the title of His Majesty. He regularly concludes his Sunday preachings in the hall by expressing the wish that heaven may end the

The semi-annual examination of Mount Mellick School took place on Tuesday, January 31st. There were sixteen visitors present. The pupils were all examined in the different branches by the teacher, Miss Villet, Mrs. Arden Richards, (a former teacher) and Miss Charlotte Drake. Miss Villet is to be congratulated on the success of her efforts. A treat of oranges and cookies was passed around and meeting closed with God Save the King.

Mr. Herbert was saddened by the death of Mrs. Robert Wood who passed away at the advanced age of eighty-nine years. The deceased lady before her marriage was Miss Margaret Wood, daughter of the late John Wood, Esq. and his wife

**Painful Piles**

Go Quick—No Cutting—No Salves Itching, bleeding or protruding piles go quickly and don't come back, if you really remove the cause. Bad blood circulation in the lower bowel and hemorrhoidal veins causes piles by making the affected parts weak, flabby, almost dead. Salves and suppositories fail because only an internal medicine that stimulates the circulation and drives out the impure blood can actually correct the cause of piles. Dr. J. S. Leonard discovered a real internal Pile remedy. After prescribing it for 1,000 patients with success in over 900 cases, he named it HEM-ROID. Hughes Drug Co., Ltd. and druggists everywhere sell HEM-ROID Tablets with guarantee they will end your Pile misery or money back.

**Health Note**

A good reducing exercise is to move the head from left to right when the cake is passed.

affliction of his exile. Nevertheless, he gives the impression of being happy in Holland, and for several years has been moving all over the country. He visits the famous Rijks Museum at Amsterdam, goes to see the Queen Mother Emma at Soestdijk and occasionally visits his old host, Count Bentinck at Amerongen. His wood cutting is having such a serious effect on the trees at Doorn that the Dutch Society for the Preservation of Natural Resources is becoming concerned and beginning to wish the Kaiser would be called back to Germany.

Those who frequent the "Court" at Doorn do not believe the Kaiser's departure when it comes will be unannounced. It is well remembered how annoyed Wilhelm was when he heard the Crown Prince had slipped away secretly from his place of exile on the Island of Wieringen. Besides it is believed here that the Kaiser would think twice before forsaking his comparative peace and comfort here for the turmoil of his own country. Villagers at Doorn, at least, have no desire to see him off for he is a big taxpayer, and the Court has had a stimulating effect on the life of the town.

The presence of young Miss Ursula von Panwitz for the Kaiser's birthday celebrations aroused renewed conjectures over her alleged engagement to Prince Wilhelm, the eldest son of the ex-Crown Prince. The ex-Kaiser is on good terms with her mother, who is a widow, and members of the Hohenzollern family even visit her country house near Haarlem, which is the centre of German life in Holland.

**THE DEBTS DISCUSSION**

(By Frank H. King, Associated Press Staff Writer)

LONDON, Feb. 11—Great Britain's fundamental aim in entering the Washington debts discussion will be to create a friendly atmosphere and a mutual trust leading to a widespread American understanding of the world nature of the problem which, in the British view, calls for a rapid final settlement by a drastic scaling down.

This is the authoritative opinion of highest government quarters tonight, and with the cabinet strongly united on the war debts policy, plans will be rapidly completed for the Washington negotiations as soon as Sir Ronald Lindsay, British Ambassador in England Monday.

Prime Minister Ramsay MacDonald and the group considering the debts negotiations are awaiting the arrival of the ambassador to receive a report from him on the present debt situation in the United States. After that there will be a full cabinet meeting to choose the personnel of the British delegation and to decide upon procedure.

Great Britain regards the provisional Lausanne agreement which virtually ended reparations as the anchor for world economic recovery and the British delegation will try to gain some similar settlement of war debts at Washington.

The first task will be to win American public opinion and to the ambassador will be assigned the task of inaugurating upon his return to Washington a move for a popular understanding of the British war debts policy. It is stated here that Great Britain hopes to dispel the prevalent idea in the United States that the war debts question is merely one of money owed by Great Britain to the United States which, if not fully discharged, will cause the burden to fall upon the shoulders of the United States taxpayer.

Great Britain stands firmly by the Lausanne agreement and also on the preliminary arrangements for the world economic conference, and hopes for successful American debts discussion without having to make commitments there which would subject Great Britain to criticism by other countries which will attend the world parley in London. The Lausanne settlement will be kept to the forefront in all discussions preliminary and otherwise at Washington.

Prime Minister Ramsay MacDonald today accepted an invitation to preside at the proposed world economic conference on condition that the meeting be held in London.

**SLIGHT DEFICIT IN CO-OPERATIVE**

INVERNESS, N. S., Feb. 11—(O. P.)—Operations of the Inverness Coal Co-operative Company for the first three months of its existence resulted in the disbursement of \$142,000 in wages, an increased average production daily, a slight decrease in total production, and a deficit of \$18,000. It was pointed out at a meeting of employees that a wage reduction of 12 1/2 per cent would take care of the deficit.

On Sept. 1 the Inverness collieries, previously operated by private interests, were taken over by the co-operative. The showing, in view of the fact that the pits worked 21 days less during the same period of 1931, and that of the total production was only 4,000 tons less than that raised during that period, was not considered creditable.

The question of lowering the selling price of coal in an endeavor to increase sales was brought up at the employees' meeting, but no decision was made either on this or on the matter of a wage reduction.

It has been decided to issue shares of \$100 par value, the right to purchase being limited to employees and citizens assessed at a certain amount.

Jobs Awaits Him.

A man with two hearts has been discovered. We wish they could use him in the banking business.
