Lesson No. 2

Question: Why do underweight children need and realize so much benefit from emulsified cod-liver oil?

Answer: Because it provides a vitamin-rich food that nourishes efficiently and helps thin children put on weight. It's known world-wide as

SCOTT'S EMULSION

EVENING ENJOYED—The Auctioneers for the members of the Knights of Columbus was well attended Monday night, some of the "dark horses" coming into prominence. The first prize last night was won by Mr. E. J. H. Morrisey, with Wm. E. McDonald, "travelling" a good second, and Prof W. McDonald third.

TO SETTLE ESTATE—The Eastern Trust Company has been appointed administrator of the estate of the late Mr. Davies, who died recently in Charlottetown. Mr. Davies who was Social Secretary to Governor Heartz, left no will, and upon the request of his brothers, Fred of Winnipeg and Arthur of Penitence, B. C., the Probate Court has granted administration to the Eastern Trust Company. It is understood that a quantity of valuable old-fashioned furniture, purchased in England in 1873 and owned by the deceased, will be sold by auction.

PERSONALS

Mr. Frank E. Oliver, St. John, traveller, is in Summerside in the interests of his firm.

Mrs. Christopher LePage of Rustico is visiting in the city, the guest of the Hon. B. W. and Mrs. LePage, Upper Prince Street.

HONOUR FOR AN ISLANDER

BOSTON, Feb. 14.—C. S. Ching, supervisor of industrial relations of the United States Rubber Company, was elected president of the American Management Association at the annual convention of that organization in New York City yesterday. Mr. Ching was born in East Point, Prince Edward Island and for many years was connected with the Boston Elevated Railway Company. Since 1919 he has been on the staff of the president of the United States Rubber Company.

He made his address as president of the Management Association at the luncheon yesterday at the Roosevelt Hotel, New York, and in conclusion that speech spoke of "Managers' Thinking in Broader Terms." He said in part:

"As in all its problems, American management today is thinking in broader terms. It carries its responsibility for greater responsibilities to a wider society and is keenly aware of these new duties. It likewise holds the greater confidence of the public and should leave nothing undone to merit and improve this faith."

"If the action and words of any misguided members of management tend to weaken this goodwill and destroy this confidence, then it is the responsibility of those who more truly represent our great group to counteract this influence. The success of business as a whole, as with an individual concern, is dependent upon public good will. In the analysis, the Great American Public is our final boss."

Does Ill Health De-tract From Your Good Looks?

Hamilton, Ont.—"I was in a rather down state of health, my nerves were all shot and I had had backaches and pains in my head, which would be so severe that I would get weak and have to lie down. I could not eat without being distressed. Upon the advice of a relative, I started to use Dr. Pierce's Favorite Prescription and it relieved me of all my distress, and I do not suffer in any way from any of the above conditions. I have a good appetite and my nerves are in splendid condition. I am strong and healthy every way."—Mrs. George Turanski, 373 Ferguson Ave., North.

Sold by dealers. Full size tablets to Dr. Pierce's Laboratory, Bridgeburg, Ont.

The Public Forum

Continued From Page 4

Prohibition is sacrosanct. I know Kansas, and know it from White Cloud to Liberal. I lived in Topeka eighteen years and was for four years its mayor and chief law enforcement officer. The State is wringing wet and always has been; and nothing can be done about it. I know because I tried to do something about it.

There is more drinking now than there was ten or twenty years ago. I still visit the State once or twice a year. My judgment is that there is more drinking done by our best people of Topeka, Wichita, Hutchinson, Leavenworth, Atchison and other population centers than by any equivalent group in Philadelphia or New York. They usually have on the blink in four or five days and must return East to rest and recuperate. In Kansas Prohibition is a fetish; drinking a rite widely and sedulously observed.

LIQUOR PROHIBITED SUNDAY ONLY

Law Enforcement note from the eminent Baltimore (Md.) Sunnapeer.

Residents of the Western police district who thirst after forbidden liquors on Sunday must go out of the district hereafter if they would rest their weary aches on a brass rail and lean their elbows on a table. Notice was served yesterday by Capt. Charles M. Cole that this frequenting of saloons on the Lord's Day must stop. Just why a law-abiding Baltimorean, with six long days in which to drink, should stoop to help a saloon-keeper to run afoul of the Maryland law forbidding the sale of liquor on Sunday is beyond the comprehension of Captain Cole.

(To be continued)

OBJECTIONABLE TACTICS

Sir,—In the Patriot of the 11th inst. I notice the Rev. A. A. McLeod takes objection to the word "snooper" as used by The Guardian, but judging from her attitude and the item in the Bulletin which calls for information against offenders of the Prohibition Act, in regard to those individuals who furnished information to the President of the Temperance Alliance, I am sure that she will not, doubt, learn the business very rapidly, which will become a favorite with her customers. The young people have another to add to their number and join in their many good times.

Any information of this kind will be for the most part, from sneaks, who snoop around and are afraid to work in the open, who get their information by ways that are questionable and by deeds that are dishonourable. I would stoop to be a snoop, if I could get a \$50 dollar bill, this I understand, is the amount the "snooper" gets when the fellow he informs on is convicted.

If the Temperance Alliance is to stoop to tactics of this kind to effectively enforce Prohibition then, I say, it is a pity that more of our people did not support the Premier Stewart and his improved Temperance Policy. At least we would not be living a Prohibition, where the cloak of religion, hypocrisy and deceit are encouraged and practised as boldly as it is on this Island at the present time.

I am, Sir, etc.
A FORMER LIBERAL

LETTER OF SYMPATHY.

Mrs. Ina Brown, Hunter River. Dear Friend—We, the members of the W. M. S. of Hunter River United Church, wish to convey to you our sincere sympathy in this your time of deep sorrow in the part from those we love, but you sorrow not as those without hope. We commend you to the care of our loving Heavenly Father. Who has promised to comfort all those who trust in Him. Our words of sympathy are indeed vain. Only God can pour the balm of consolation when unexpected sorrow comes upon us, and, although separated from dear ones, may you be able to look above and in due time rejoice with them, who would say: "Weep not for me for I have entered into the joy of my Lord."

Our united prayers are that God will be to you a very present help in this hour of sorrow.

Yours with deep sympathy,
OFFICERS AND MEMBERS
HUNTER RIVER W. M. S.

Ups And Downs From Tryon And Vicinity

Mrs. Wilfred Inman of North Tryon, recently spent a pleasant week in the Western capitol, where she visited relatives.

The Misses Margaret Callbeck, Vera Wood and Mary Newsome, were visitors to Augustine Cove, on Wednesday of last week.

Mrs. John Howatt of West Tryon is now visiting her daughter, Mrs. Gordon MacMillan of Cornwall.

North Tryon rink is in full swing now, with excellent ice at all times. Regular skating nights are Tuesdays, Thursdays, and Saturdays, also there is usually skating after hockey matches. The canteen which is operated by the manager, Mr. Bill Pooley is well patronized at all times.

The many friends of Mr. Kenneth MacDonald, who underwent a slight operation last week in the Charlottetown Hospital are delighted to see him home again and well on the road to recovery. "Ken" appears very highly of the many kindnesses bestowed on him by both doctors and nurses there.

Mr. Lorne Mabey has returned after spending a short vacation in Summerside.

Mr. and Mrs. Russell Bell of Cape Traverse were guests of Mr. and Mrs. Lloyd Sturdy of Branch Road, on Wednesday last week.

Mrs. Bruce Howatt and son, Asbury of Tryon West, made a flying trip to the adjoining community of Victoria on Wednesday of last week.

Miss Isabel MacFadyen of Riverdale, P. E. I., arrived last week in Tryon, where she is employed in her general store, owned by Mr. Ernest Howatt. Miss MacFadyen has been installed in this line, and is in charge of the store. Her home—a stately manor—has been a most satisfactory result as reported.

Radios and still more radios! Mr. George Ives of North Tryon, is the latest to have one installed in his home—a stately manor—has been a most satisfactory result as reported.

The Victoria "Unions" and the North Tryon "Arrows", once again crossed sticks on the home territory of the "Unions" on Wednesday evening of last week. The "Arrows", during the first two periods kept the "Unions" well in hand, and it looked as if the team were twenty evenly matched, but the "Unions" walked away in the last period, and when the gong finally sounded, the "Unions" were leading by the score of 7-3. Cheers for Tryon, better luck next time!

I heard someone from Victoria remark that it was only practice for the "Unions" to play the "Arrows", but never mind, the "Arrows" are rapidly coming into their own, and may give the famous "Unions", a hard run for their money before the season is over.

Some of the fans from Tryon, to attend the hockey match at Victoria between the Tryon "Arrows" and the Victoria "Unions" were: The Misses Mariann Howatt, Kathryn Dobson, Amy Lea, Gertrude Howatt, Margaret Callbeck, Althea Mabey, and Adelaide Pool, Stanley Howatt, Charles Howatt, J. Erle Thompson, Austen Smith, "Bill" Lea and William Rogerson.

Mrs. Jabez Lea of Victoria, who has been in the Charlottetown hospital for the past two months, suffering from a fractured leg is still confined to bed, and her friends are glad to learn she is recovering very slowly.

Miss Dorothy Muttart and Mr. M. Muttart of Carleton, were visitors to Tryon on Sunday.

Mrs. Victor D. Howatt of Tryon, left on Monday of this week for Summerside, where she will spend a week, the guest of her brother, Morley and Mrs. Bell.

Mrs. Manson and little son of Bluffsford, P. E. I., is expected to arrive early next week, where she is to be engaged as housekeeper for Mr. Charles D. Wright of Tryon.

Spring must be near at hand. Now, let me tell you why: hear the farmers talking Potatoes—Potatoes is the cry. One says: "I use chemicals. I find 'this' the better way." Another says: "I get mine mixed. It's far better. I should say." One does it this way: the other that. But this they can't deny. Whether it be mixed or no, I'll have to say: "Good-bye!"

From "D"

Abney And Vicinity

The residents of Abney and vicinity are busily engaged cutting and hauling their firewood, the furnishing of wood for fuel is getting to be quite a problem to solve as wood in these parts is now a scarce article, some having to haul it from four to six miles or more.

The semi-annual examination of Abney School was held in the afternoon of January thirtieth. There were twenty-seven pupils present and they were examined in their several branches of learning by their teacher, Mr. Everett H. Buell, and gave fairly satisfactory answers to all the questions asked.

The Rev. Mr. Smart of Murray Harbor, conducts regular Sunday services in Abney at 3 p.m.

Miss Annie L. Beck, who has been working at Montague since last summer, has recently gone to New Glasgow, N. S.

Mr. Chester Buell, who has been home attending the funeral of his mother, has returned to his home in New Glasgow, N. S.

Mr. Morris Arnold has gone to Southport, P. E. I., where he intends working for the remainder of the winter.

Mr. and Mrs. William Davison spent a few days in Abney recently. They were called here on the death of Mrs. Davison's mother, the late Mrs. Daniel Buell.

Miss Ruby Reynolds has been visiting friends in Abney recently.

Mr. and Mrs. Walter Buell and little daughter, Reta, of Murray River, has returned home after spending some days in Abney.

"A GLORIOUS SURPRISE to find my smiles so dazzling white," says Miss Jane Fenwick of New York and Philadelphia. Pepsodent is magical.

Brighten Dull Teeth

Just remove that dingy film easily the way dental and beauty experts urge. Test free

YOUR teeth are covered with a dingy film that ordinary methods do not combat successfully. Under it are the prettier, whiter teeth that you envy.

Film is the great enemy of tooth beauty. And a chief cause, according to world's dental authorities, of most tooth troubles. It clings to teeth, gets into crevices and stays. Germs by the millions breed in it. They, with tartar, are the chief cause of pyorrhea.

Just use the special film-removing dentifrice called Pepsodent. Mail the coupon. Or ask your druggist for Pepsodent. Don't expect the same results from old-time dentifrices.
