Terrible Dizzy Spells Would Come Over Me

The Nerves Were on Edge—Noise Excited and Irritated—S. S. tem Restored by Dr. Chase's Nerve Food

Overworking and underresting—these words describe the cause of many a woman's physical breakdown. The body is a delicately-constructed machine, calculated to perform only a certain number of hours without rest. If overworked there is no time allowed for the reconstruction of the wasted cells, and breakdown is inevitable. Rest is absolutely necessary to every woman who allows herself to become run down from overwork. Dr. Chase's Nerve Food will help wonderfully in bringing back health and strength of mind and body. Women are particularly enthusiastic in praise of this great rest cure because no treatment was ever discovered that will so thoroughly restore vigor and energy and vitality to the tired, overworked and run-down nervous system.

Mrs. T. P. Cullen, Fairview Farm, Shepshad, Alta., writes: "My nervous system was so run down and exhausted that terrible dizzy spells would come over me, and I would have most peculiar feelings. Every thing appeared as if it was falling off, and caused me to jump after taking a few steps. While in this frightfully nervous condition I heard of Dr. Chase's Nerve Food, and began using it. This treatment built up my nervous system, and completely cured me, and for this reason I am always glad to recommend it for the sake of those who suffer as I did." No ailments cause greater suffering than diseases of the nerves, for they affect mind as well as body. You can get the nerves right by using Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50. All dealers, or Edman-son, Bates & Co., Limited, Toronto.
