**—RETURNED FROM WEDDING** FOUR—Mr. and Mrs. Artemus Cameron, who were recently married at Casumpec at the home of the bride, (formerly Miss Leard) have returned to Summerside on an extended wedding trip. Mr. Cameron is a popular employee of Messrs. Home & Co. They have the best wishes of a host of friends in Summerside and the West of the Province.—S.

Mrs. Annie E. Riley, widow of the late Mr. T. B. Riley, of this city, died on Saturday, July 19th, at the City Hospital, after an illness of several months duration. She leaves to mourn a family of four sons and two daughters all of whom were with her during her illness and at her death. Her funeral will be held on Tuesday morning at 8:45 from the residence of D. J. Riley, 88 Pownall St., to St. Dunstan's Basilica, thence to the Catholic Cemetery.

A verdict of not guilty was brought in by the jury yesterday morning at Georgetown in the case of Chester Anil, charged with the murder of Antonio Rodrigues. The verdict was brought down at 10 o'clock to which time the court had been adjourned at midnight on Saturday. The foreman declared that the jury were unable to agree. Anil was at once set at liberty. The charge is to be withdrawn against Fritz Passett, also charged with murder, this morning.

Anil, after he heard the finding of the jury expressed great delight and shook hands with each of the jury-men.

**POST-NUPTIAL SHOWER**—A delightful shower was given on Saturday evening, July 19th, at the beautiful home of Mr. and Mrs. J. D. Jenkins, Charlottetown, in honor of the charming bride of Mr. Hector Jenkins of Marshfield, P. E. I. In spite of the severe electric storm at that time, about twenty-five of the relatives were present and as the gifts were opened much merriment was caused by the many attempts at poetry and advice contained therein. The popularity of the bride was very evident by the beautiful gifts of toilet articles, linens, pexes, china and money for which she gracefully thanked the donors. Dainty refreshments were served by Mrs. Jenkins, assisted by her two daughters, Mrs. Rayfield and Miss Eula at the close of an evening thoroughly enjoyed by all. Mr. and Mrs. Hector Jenkins have returned to Marshfield where they are building a new bungalow which is to be their future home, and their many friends wish them much happiness in their new sphere.

Captain James McLeod, Whim Road, deep sea captain, and veteran of the Klondyke, has just returned from a prolonged trip to the old country extending over a period of almost a year. During that time he visited his native Isle of Skye, the country of the McLeods, where he was shown through the old castle, and where he inspected different points of interest. He also visited Inverness, Edinburgh, London, Southampton and the Isle of Wight. Mr. McLeod found Skye very much improved over its condition of 1858 when he came to Prince Edward Island. His relatives have been erected with slated roofs and the people seem quite comfortable. Gaelic is still spoken and preached in Skye. Mr. McLeod met a distant relative of his own, Miss Martin, who has also relatives at Newton. There is a great number of unemployed in Great Britain, Mr. McLeod states, and the number is steadily increasing. The people have a great deal of trouble in getting clear of agricultural products due to flooded markets. Potatoes were practically given away as they could not be shipped on account of a disease.

It is a peculiar fact, Mr. McLeod states, that there is no historical record of the arrival in Charlottetown of the ship James Gibbs, which brought three hundred immigrants to the Island in 1858. Mr. McLeod, then six years old, was among them. Most of those people settled in the vicinity of Uigg.

Captain McLeod left Montreal on his recent trip on August 3 last and after a splendid passage reached Glasgow on August 12. He returned by the same steamer arriving in Montreal on July 13.

**RECEIVES SEVERE INJURIES**—Mr. Frank Weeks, Fredericton, sustained a painful and serious accident yesterday afternoon when a hay-carrier struck him on the left side of the head. The injured man was removed to the Prince Edward Island Hospital in a semi-conscious condition, and his right side is paralyzed.

**—LIGHTNING STRIKES**—During the electric storm which passed over Sea View recently the house of Mr. Clifford McLaren was struck and somewhat damaged. The lightning entered the roof tearing off shingles and plaster and escaped again at the side wall. The curtains and blinds and several other articles were more or less damaged. Fortunately the family were all absent from home or in all probability some of them might have been injured.

**—TWENTY-FIVE GALLONS OF LIQUOR SEIZED**—The Customs Officers and Prohibition Officers had a big haul in the early hours of Saturday morning, when they seized a car on the bridge at Grand River with five kegs containing five gallons of liquor in each keg and its cargo to Summerside, where the liquor was deposited in the Customs warehouse and the car held in custody pending instructions from Ottawa. It is expected proceedings will be taken in the matter shortly.—S.

**WELCOME VISITORS**—Mr. and Mrs. W. H. Wright of Newton, Mass., who have been on a motor trip to the Island, left yesterday morning on return home. Mr. Wright is assistant vice president of the New York-New Haven and Hartford railway, one of the pioneer roads in the United States. This is Mr. Wright's first visit to the Island and he was most favorably impressed with its fine summer climate, beautiful scenery and fertile farms. His wife is a niece of Mrs. Harvey Sterns of Charlottetown and Miss Florrie Cairns at present visiting her sister, Mrs. Wright in Newton, Mass.

**NEW BUILDING BEGUN**—Preparations are now underway for the construction of a three storey brick and tile building on the site on Great George Street, owned by Stanley, Shaw and Peardon, and formerly occupied by the garage of W. B. Prowse and Son, burned out last fall. Three stores and a warehouse will occupy the ground floor. The first floor will be built for offices, and the third left unfinished. The contract has been let to Vall Bros., and the building has been planned by Mr. E. S. Blanchard, and will be finished in October. The structure is to have a frontage of 65 feet, and extend 87 feet from the street. The rear will be occupied by a garage equipped with a turn-table.

**ISLAND POTATO CROP**—For the time of the year the potato crop is far in advance of any season of the past. Mr. J. W. Boulter, Deputy Minister of Agriculture, and Secretary of the P.E.I. Potato Growers' Association, reports. The maturing of the crop will, however, be governed by seasonal conditions. There is a slight increase in acreage over that of last year, but the increase is entirely for potatoes entered for certification. 25,000 acres were entered this year as compared with 22,000 acres last year. This would place the total acreage for the Island at 45,000 acres, 14,000 acres of Irish Cobblers between 7,000 and 8,000 acres of Spaulding Rose, and some 300 acres of Triumph seed, have been entered for certified seed. The crop in southern United States has already been harvested, while the New Jersey crop is being dug at the present time.

**—MUCH DAMAGE TO PROPERTY CAUSED BY ELECTRIC STORM**—The severe electric storm, which occurred on Saturday evening caused a very considerable amount of damage throughout the country. Reports have come to Summerside of barns and houses being struck. Mr. Colin Hutchinson's house at Ellerslie was struck, the bricks from the chimney going through the house and causing a very considerable amount of damage. Two boys, who were in the house were rendered unconscious but otherwise not hurt. Mr. Peter McIvor, of Milton West, had his large barn destroyed together with its contents, consisting of a gasoline engine, thrasher and cleaner, two or three hundred bushels of oats. Two nearby sheds were also burned. The loss to Mr. McIvor is considerable, especially at this time of year. Mr. Lemuel Winchester, of Belmont, Lot 16, also had his barn burned to the ground. Another barn in French River was reported to be burned.—S.

En route several stopovers will be made, the main one at the Y.M.C.A. summer school, situated in the Muskoka district on Lake Couchiching, where Mr. Walker will attend the school. She attended the biennial meetings of the Canadian Nurses' Association held in Regina Sask., the latter part of June. Being the guest of her brother Dr. W. R. Coles 2430 Victoria Ave., while in the city. Afterwards spending some time in Bladworth, Sask., the guest of her brother Mr. C. S. Coles. She was accompanied on the trip by her niece Miss Margaret Coles, Milton.

The spacious home of Mr. and Mrs. W. C. Lawson, Alberton, was the scene of a happy event on the afternoon of Thursday, July 17, 1930, when their eldest daughter, Dorothy Campbell, was united in marriage with Mr. James A. Farquharson, of Capreol, Ont. The bride was given in marriage by her father and entered the drawing room on her arm to the strains of the Wedding March, capably rendered by Mr. Cyril Leard, uncle of the bride.

Rev. E. H. Ramsay, D. D. of Trinity United Church, Charlottetown, a former pastor of the contracting parties, performed the ceremony. The drawing, living and dining rooms were tastefully decorated with cut flowers and ferns. The bride looked girlish and lovely in a Princess gown of white silk crepe with the conventional veil and orange blossoms and carried a beautiful bouquet of carnation roses. The bride's little sisters Mary and Norma, attended as flower girls. After the ceremony about twenty-five of the immediate relatives and friends partook of a sumptuous buffet luncheon, after which the happy young couple left for their home in Capreol, Ont., where the groom is Secretary of the Y.M.C.A. They were the recipients of very many beautiful gifts.

A NARROW ESCAPE

A double drowning accident was only averted about three o'clock yesterday afternoon when Wallace McDonald saved the three year old daughter of Mr. and Mrs. James Loughran and Mary McCloskey, ten year old daughter of Mr. and Mrs. Bernard McCloskey. The little Loughran girl who was playing about the float on the Marine wharf stumbled and fell overboard. The McCloskey girl who with others, attired in bathing suits were paddling about in a boat resting before they took another dip, hearing the screams of the child's companions without hesitation dived from the boat after the sinking child. After reaching the little victim she grasped her but both went down. Messrs. Wallace McDonald and John Lund who were employed on the wharf hastened to their assistance. Mr. McDonald reaching the wharf dived in without removing clothing or rubber boots and rescued both who were clinging together. The plucky little McCloskey girl remained on the wharf and continued her occasional dips without showing the least excitement.

The provincial rifle matches enjoyed another beautiful day, with much keen competition. The corporation match, ten rounds at 500 yards was won by Lt. A. J. McCabs with a possible 50 points. The Silver Black Fox Match ten rounds at 300 yards was won by Lt. F. G. Kennedy, with 49 points out of 50. The Lieutenant Governor's Match, ten rounds at 600 yards was won by R. L. Prize after a shoot-off with Ray Coles. The D. C. R. A. Silver Medal, for the highest aggregate was won by R. L. Coles. Milton. G. G. McLennan, Pownall, and J. B. Poole, Montague, were tied for the bronze medal for second place in the aggregate. In the shoot off, J. B. Poole won. The shooting throughout was of a high order as a glance at the scores will show, and the ten men who will represent Prince Edward Island being the ten highest shots in the Ottawa aggregate will constitute a strong team, and from their number there is a good chance of our having a representative for Blaisy. The Ladies' Challenge Match in which

thirty-six riflemen shoot for thirty-six ladies, the highest, scorer being the winner of the trophy for the lady he represents was the concluding match for the program, being fired between 7 and 8 p. m. Great interest was taken in the shoot-off between G. G. McLennan and Percy Hooper, representing respectively, Mrs. Ewen Stewart, and Mrs. J. A. Longworth. Both had made possible, that is to say every shot had hit the bull's eye. Five rounds were fired by each, McLennan making every one a bull's eye, his rival dropping one point, Mrs. Stewart who now resides in Edmonton, Alta., will have the custody of the trophy for one year. We are requested by the riflemen to say that they are greatly pleased with the arrangements made by the secretary of the association, Lt. Col. Leigh, V. D., and by the work of the range officer, Captain Wendal Worth. Thanks are due to the statistical department presided over by Lt. J. C. Moors for prompt information.

FROSTPROOF WAREHOUSE

The quiet solitude which has for many years prevailed at Perth Station is now being broken by the advance of progress and commercial enterprise. Mr. W. L. Jenkins, Millville, general merchant and shipper of farm produce, has a gang of workmen with Mr. William Mour, New Perth, foreman, busily engaged in erecting a large frostproof potato warehouse at this station. Mr. Jenkins has, during the last two years, shipped a large lot of produce at this point, but was greatly handicapped by the lack of frostproof accommodation. This will now be completely overcome. The warehouse, with capacity for storing 5,000 bushels of potatoes, will not only be an acquisition to Mr. Jenkins in his shipping business, but will also be a boon to the many farmers who ship here. His enterprise is very favorably commented on by them and he is expected to receive a liberal share of their patronage when the shipping season arrives.

By the prompt action of the Summerside Fire Department and their up-to-date chemical engine a bad fire was averted on Wednesday morning.
