OFF TO MONCTON.—Four horses owned by the MacKinnon Drug Co., are being entrained today for Moncton where they will compete in the big two days racing on July 1st and second. The horses with their work-outs are as follows:—Our Colonel 2.03% worked a mile two weeks ago, in 2.13% but has since been lame from an injury. Helen R. 2.16% has been miles in 2.22. Angus Dillard raced in 2.20%, and Keltie 2.18%, worked in 2.19%. The stable is according to Major MacKinnon not nearly as formidable as he would like to have for foreign travel but on account of a promise made to Mr. P. A. Belliveau of Moncton lesse of the track he feels it his duty to put in an appearance and take a chance. In years gone by before the Major went to the war he usually took away a "string" that returned bearing the tokens of victory. Let us hope he will do better than anticipated.

A programme which included anthems, quartettes, duets, solos and violin numbers was rendered and was greatly appreciated by the Cavendish people. A standing vote of thanks was tendered the choir at the close. Rev. Mr. Piper, the pastor, presided and the people after the concert tendered the visitors a splendid supper. During the entertainment a silver collection was taken up which netted \$26 in aid of the P. E. Island Hospital.

FOX MEN

I am in a position to impart to you after experimenting for three years how to prevent diarrhoea and dysentery trouble in young fox pups, thus minimizing your losses and reducing the mortality. It is in the art of feeding. I have been using for a period of three years Shredded Wheat and found without a doubt the best food obtainable giving best results and minimizing the cost of feeding.

I have a shipment due to arrive any day of about three tons and will be glad to receive applications in lots of 100 lbs. and over. The Shredded Wheat is packed in bags, accurate weight; fully 35 per cent cheaper than any biscuit on the market, easy digestible, no trouble and an absolute saving. Some of the largest ranches are using same on my recommendation and each and every statement made can be corroborated. For your own good drop me a line or call and see me I will tell you more about it.

Is a Young Girl Less Interesting Than a Sophisticated Woman?

"A young, untried girl is a good deal like a book with its leaves uncut writes Jane Phelps in her newest novel. "It may be she will be interesting..... or that his thoughts will wander because of a sameness in the story, which bores him. Very young women are so anxious to be everything all at once that they leave no page unturned, nothing fresh and new to stir a man's jaded appetite."

Sandra Courtney was this type, and Irma Barton was, oh, so very different. Sandra was just eighteen, Irma had been through the harrowing mill of experience and had come out with no illusions but with startling depths of character.

Which of these would a man find more interesting? Find out in "Sandra the Jealous" which starts on Friday.
