HER NERVES BETTER NOW

Received Much Benefit by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ontario.—"I started to feel weak after my second child was born and kept on getting worse until I could not do my own housework and was so nervous that I was afraid to go alone at any time. I had a girl who for me a whole year before I was able to do my own washing and ironing. Through a friend I learned of Lydia Pinkham's Vegetable Compound and took four bottles. It gave birth to a baby boy the day of September, 1922. I am still doing my own work and washing and ironing every day because I don't get my rest as the baby is so nervous. But when I get my rest I feel fine. I am still taking the Vegetable Compound and am going to keep on with it until cured. My nerves are a lot better since taking it. I can stay alone day night and not be the least frightened. You can use this letter as a testimonial and I will answer letters from you asking about the Vegetable Compound. Mrs. CHARLES CARSON, 27, Forey Street, Chatham, Ontario. Mrs. Carson is willing to write to girl or woman suffering from nervousness."
