S'ide Legion Defeats Kelvin

In the fastest game of the season, the Kelvin Monarchs bowed to defeat before the Summerside Legionaires by a score of 6-3 in a North Shore Hockey League fixture at Kensington Rink last night.

Playing before a large crowd of fans, the game produced plenty of heavy checking coupled with frequent forward attacks which kept both goalies busy stopping hard, close-in drives.

L. Schurman of the Legionaires was the leading scorer of the night, accounting for four of his team's six goals.

The following are the lineups: Legion — Goal, M. Delaney; defence, D. MacNeill, C. Fitzpatrick, Edwards, Bernard, B. Gay; forwards, Doyle, Pope, B. Grady, L. Schurman, P. Schurman, J. Schurman.

Goal, Miller; defence, McKay, Mayhew, J. Picketts, I. McMurdo, Forwards, W. Caseley, W. Mill, Willis Mill, V. Miller, G. McMurdo, E. Oatway.

Summary: First Period 1—S'ide, B. Grady 2—Kelvin, I. McMurdo, (Willis, Mill) 3—S'ide, L. Schurman, (P. Schurman) Penalties — B. Gay.

Second Period 4—Kelvin, V. Miller (McKay) 5—S'ide, Doyle (Pope) 6—S'ide, L. Schurman, (P. Schurman) Penalties — W. Mill, Gay, P. Schurman.

Third Period 7—S'ide, L. Schurman, (P. Schurman) 8—S'ide, L. Schurman 9—Kelvin, E. Oatway, (Willis, Mills).

Only ten bowlers out of somewhere between ninety and one hundred have managed to maintain a "200" average in fifteen nights of play in the Summerside Community Bowling League.

The "officers" have all slipped a little from their high pinnacles but are still in their chairs of state.

George Guergis, chalking up a high three of 805, got a bit closer to the leaders and may oust one of them if he keeps up his present clip.

Earl Smith, City Slicker, 228; Vice-President — Windy Cioz, 228; MacQuarries, 223; Sec'y — Treas — Alie Harris, Curran & Briggs, 201; George Guergis, Curran & Briggs, 217; Pinky Peters, 200; Ed Arsenault, 200; Dutch Underwood, Curran & Briggs, 204; Len Gallant, Dougboys, 204; Sgt. Bernard, Dougboys, 203; Tanton McNeill, Dougboys, 200.

Standing of High Five in Men's League — Dougboys—49; Dougboys—46; Curran & Briggs — 46; Legion—38; City Slickers — 38; Standing of High Five in Ladies' League—Happy Gans—45; Dougboys—37; Beavers—37; Lucky Five—35; Busy Bees—33.

The Moncton High School hockey team is certainly a hefty crowd of youngsters, and though they didn't impress us as being particularly brilliant, they certainly were a punch in our best scoring punch in a manner we didn't think possible.

There was a lot of scoring potential in the forward lines of our high school boys, (most of them play in our high-flying juveniles), but their artillery sounded like a pop-gun before Saturday night against the husky Monctonians.

Two factors prevented the Moncton High team from getting up into double figures. One was their unbelievably wild, inaccurate shooting at close range, and the other was the agility of Mark Delapey in the Summerside net when the shots were on the target.

De-lapeny is a flash between two teams, the best kid prospect we've seen in the cage for some time. It is true that last year he skidded from brilliance to mediocrity with disconcerting suddenness, but when he's right, he's the rightest thing in hockey, for his age, that is.

The rip-roaring Summerside All-Stars can be beaten yet if the opposing team works hard enough at it, and has a fair share of the breaks. This knowledge won't do the Steelworkers any harm; it will goad them on to further and greater efforts, and if they keep on improving as they have in the last month, they'll certainly have to be reckoned with when the pay-off playdowns arrive.

There's nothing sure about their getting into the Charlottetown City League play-offs. They had such a very poor start that it is going to take a terrific finish to put them in the play-offs.

We don't think there's another team in the circuit better than they are, but the four entries seem to be very evenly matched, and they have a hard row to hoe to eliminate one of the other sextets and take its place in the sun.

The way we figure it, they will have to win their two home games to keep in the fight.

The first of these home games will be played against the smart Prince of Wales squad tonight (Tuesday) in the Crystal Rink. It is a very important game and each team will be all out to get the win.

The addition of "Toe" Richards to the local team should strengthen it somewhat. They have put on some weight, and report has it that he played a good game against the S.D.U. outfit, although not getting into the scoring summary.

Produced by Quebec Productions Corporation of Montreal, the picture was filmed at Quebec and St. Hyacinthe, Que.

Milton Shulman of the Evening Standard said in a one-sentence review: "Canada can do better than this."

Other sample comments: Reg Whitley, Daily Mirror: "Thumbs down—even allowing for the fact that the picture... was made at primitive studios formerly used as a naval barracks."

Leonard Moxley, Daily Express: "...Canada's first attempt at a full-length film... looks that way."

Let's Talk It Over

"The time has come," the Walrus said, "To talk of many things."

Good morning! Recruiting for the army, navy and airforce is going on apace during the last two weeks or so in Summerside.

For the most part, the boys who are joining the colours are those who haven't been able to obtain peace-time employment and so are welcoming the opportunity of being gainfully employed. There is no question but that the discipline of life in any of the services will do a lot for a young man providing he has the necessary qualities for success to begin with.

He will learn the value of unquestioning obedience; regular habits of living will improve his health and his morale. Getting away from the enervating influence of the "sun employment insurance" does bolster his self-respect and the habit of idleness, which can act like a deadly slow rot on character in the formative stage, will be broken.

It all makes us wonder, however, why, since we can afford to make the necessary outlay to pay those boys to learn to defend us in time of war, we cannot afford to pay them to serve us in some essential capacity in time of peace. For are not the pursuits of peace not the main objects of our endeavour on this earth, and war only the accident which obstructs for a time our further road to progress in the bettering of living conditions on the earth? Of course we have to be ready for the eventuality of war, but should we not strive equally hard to be capable of coping with the normal conditions of peace?

If our nation were as ready to go all out for peace as it is ready to go all out for war, there could be no unemployment in time of peace as there is never any unemployment in time of conflict. We could make a mighty concerted, coordinated effort when the smoke of the enemy's guns begins to blow in our faces. Thank heavens, we can. But we seem unable to make that same unselfish, enthusiastic effort to go forward to greater achievement in the peaceful, full and so often times complicated process of selection the men that are fitted for each set of duties that must be performed accurately and skillfully, if we are to survive. It there any such careful method of selection in time of peace? It is in the realm of choice by a careerist and sometimes complicated process of selection the men that are fitted for each set of duties that must be performed accurately and skillfully, if we are to survive.

CAMEO THEATRE

KENSINGTON Tuesday 7.15, 9.15 Dashing Adventure! Smashing Action! "Prates of Monterey" in technicolor — starring Maria Montez and Rod Cameron. Also Shorts "Call of the Canyon" and "Songs of the Season."

(This is absolutely essential, we think) the time would come when we should have a band here in Summerside that everybody would be proud of.

OTTAWA, Jan. 23.—(CP)—Here's a multi-million dollar game that may involve you. The Federal Government owes nearly \$34,000,000 to private citizens who don't seem to want to bother to pick it up.

The sum consists largely of government bonds, some of them dating right back to confederation and which no longer bear interest but which no one has turned in for the cash.

WASHINGTON, Jan. 23.—(AP)—The Agriculture Department today laid part of the blame for recent potato surpluses on a modern-day tendency to keep slim waistlines.

Spud consumption has declined from 195 pounds a person in 1910 to 118 pounds in 1948.

However, the Department came to
