"I HAVE GAINED FIFTEEN POUNDS

Since Taking "Fruit-a-tives" And Feel Like A New Person"

DRYSDALE, Ont., June 15th, 1913. "I am a general storekeeper at the above address and, on account of the great good I have experienced from using "Fruit-a-tives", I recommend them strongly to my customers. They were a great boon to me, I can tell you, for about two years ago, I was laid up in bed with vomiting and a most terrific pain at the base of my skull. This pain nearly drove me mad. Doctors feared it would turn to inflammation of the Brain, but I took "Fruit-a-tives" steadily until I was cured. I have gained fifteen pounds since taking "Fruit-a-tives" and I verily believe they saved me from a disastrous illness."

J. A. CORRIVEAU, 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

The committee was gratified to find that the conference was in nearly every way a success and that the money in hand will be sufficient to meet all bills. It was regretted that more of the local boys did not take advantage of the opportunity to attend the sessions. The following were appointed a conservation committee to be in charge of a series of progressive activities following the conference: Rev. G. C. Taylor, J. A. Clark, J. K. Ross, F. W. Steele, Dr. J. FUNERAL NOTICE.—The funeral of the late Elmer Arnett, will take place from the home of his parents, Albany, on Monday 6th inst., at 2 o'clock. Interment in Searletown Cemetery.

SERIOUS LOSS.—Mr. Thomas Pendergraft, Hope River while returning home by the ice, one night last week had the misfortune of losing in the ice, a valuable horse which he was driving. It appears that he drove directly into a spring hole, and as he was alone at the time, he found it impossible to save the horse. Mr. Pendergraft's loss is a heavy one as the horse was worth in the vicinity of two hundred dollars. Others however, ought to profit by Mr. Pendergraft's experience and should especially when it comes to this time of the year avoid the ice after night at least, and thus prevent losses such as above mentioned.—2.

CONGRATULATIONS.—Mr. Sotaire Pineau of Toronto, Lot 23, is being congratulated on all sides upon the success of his Happy George colt in the race held at Long River last Monday afternoon. His horse surprised (agreeably and otherwise) a great many that day, by winning his race in three straight heats and without any trouble. Even Mr. Pineau himself was surprised, for he did not expect that his horse, with so little training, this being his second or third time on the ice this winter, and his first time in the race would be able to complete so successfully with horses that had been receiving careful training all along. He was by no means discouraged although he was told that "if he couldn't keep up, he could trot behind the others," for he was determined to find out what his horse could really do. The horse it seems had no intention of trotting behind the others for he soon made the others "trot behind him" and keep "them there." This speaks well for both Mr. Pineau and his horse and we hope that we shall hear more about this Happy George colt in the near future. It is understood that Mr. Pineau refused a handsome sum of money for his horse after the race was over.—2.

MacKinnon Drug Company Cor. Gt. Geo. and Kent Streets

Milton Silver Patch Fox Co.

Capital \$16000 Shares \$50

Very little information has been given the public regarding the immense possibilities of Patch Fox Ranching in fact very few were bred in captivity until last year. The test more than exceeded the expectations of the owners as in every litter was found one or two Black Beauties. Another point to consider is that the fur which has advanced over 150 p. c. in value during the past year, is very popular with the nobility and the wealthy class.

If you consider carefully the above indisputable facts you will be convinced that the Milton Silver Patch Fox Co. is offering to the public a proposition hard to beat. The six pairs of foxes owned by the Company were not picked up at random but were carefully selected by men of several years experience in handling all classes of foxes. Most of the foxes in this Company are but slightly removed from the silvers. The very low capitalization of \$16,000 for six pairs lets the investor in on the ground floor.

The ranch which is located at Milton is built of the best possible material and is up to date in every respect. The manager D. W. Howard has had several years experience in the caring and handling of foxes, and the services of an assistant has been secured who has had two years successful experience along this line. Mr. Investor, consider this proposition carefully—remember you only have about six months to wait for dividends. As there are only a few shares left don't delay, but send in your application today.

Getting Your Money Back

Is the main thought of many foolish investors. O! they say to themselves, we will get our money back in two years and we will advance the rest. But what about the fellow you got your money back from, is he going to get his money back and is he going to keep on getting his money back?

That is the Question

We say, yes, undoubtedly yes, if you invest the fox ranch that has the pelts which will pay big dividends on PELT BASIS but not otherwise. Now that is why you should put your money into the best fox ranch on earth.

The Hygrade Black Fox Co.

owns fifteen pairs of DALTON'S PUREST REED—and that only. Why not invest in \$2,000 pelts before \$200, ones. It is just as easy and a thousand times safer.

The capitalization of \$18,000.00 per pair is not higher and in many cases less than hundreds of fox Companies are asking for ordinary kind of pelts.

Stop and Think

Is there any sense in putting your money in any other ranch while this one has the DALTON FOXES, which bring, for each pair, \$2,000 more per pair than any other, and for PELTS you know none can compare with them. The Shares prove it. If you use good judgment, this stock will all be sold very quickly at \$100. par value. Apply to the undersigned.

Remember

The Dalton Company are going to give you a permanent benefit and have a permanent investment for all time to come.
