association. The Guardian learns that the importation and distribution of this season's fertilizer requirements have been completed. The quantity used this year shows an increase over that of last year of one hundred per cent. The Association imported this year 21,000 tons. This quantity was brought in eight steamers direct from Baltimore and was discharged in Charlottetown, Summerside, Georgetown and Souris. All parties who had placed their orders previous to the rating of the last steamer have received their full complement. There have been no complaints and no disappointments. The fertilizer came through in excellent condition.

This stupendous undertaking, involving an outlay of considerably over \$500,000 has been carried through without a hitch, a great tribute to the management of the Association.

Mr. Boulter showed The Guardian representative a paragraph from a letter received by him from a prominent business man of this province which reads as follows: "I wish to congratulate the Association on the completion of one of the biggest contracts ever undertaken by a business organization in this country. The work has been done with precision and accuracy and to my mind reflects a great credit upon the Association and is but another evidence of what can be accomplished by an organization of this kind if properly directed and controlled."

Mr. Boulter stated that all this is understood by a party from Standard Wholesale Phosphate and Acid Works of Baltimore, Md., and he could not speak too highly of the treatment received from this company, who, to complete their order and have it here on time, paid an excess in freight on the last steamer of over \$3,000. There may be some larger concerns, but there are none more honourable and obliging.

That Baby Of Yours. Keep Him Well With the Aid of Baby's Own Tablets. No matter how strong and rosy your child may be he requires a laxative sometimes so that the stomach may be kept sweet and the system clean. Formerly the laxative medicines given to children were disagreeable ones—castor oil, senna tea, powders and so on. But now Baby's Own Tablets, easily administered and pleasant to take, have superseded these. The children like Baby's Own Tablets.

Not only as a laxative but in many other ways these Tablets are an ideal remedy for little ones. They quickly reduce feverishness, relieve indigestion, colic and vomiting, prevent constipation, check diarrhoea, allay teething pains and promote healthful, natural sleep. You can get Baby's Own Tablets at any dealer in medicine or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

OH! WHAT'S THE USE OF ME TRYING TO THINK UP A NAME FOR THE ELEPHANT? YOU FIND FAULT WITH EVERY ONE I SUGGEST!

WELL! YOU KICK ABOUT EVERY NAME I OFFER!

I STILL THINK "BOZO" IS THE BEST NAME, BUT YOU'VE OUGHT TO NAME HIM AFTER DUGAN AN' CALL HIM "PAT".

NOT AT ALL! "SAMBO" IS A REAL ELEPHANT'S NAME, BUT IF WE MUST CALL HIM AFTER SOME ONE, CASEY IS THE MAN!
