ENGLISHMAN'S HOME NOW TO BE NUMBERED. LONDON, Sept. 29—Quite a strong movement is on foot in this country—and not too soon either, to put an end to the silly but almost universal custom of giving names to private houses, and to adapt the eminently more sensible, if less poetic one of numbering them instead, as is done in most other parts of the world.

A WONDERFUL DISCOVERY An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

DROWNED IN WELL GOLDBORO, October 2—An accident occurred at Isaac's Harbor North, this morning, by which Mrs. John A. Cook was drowned in a well. She was alone in the house and it is supposed had gone to a well in the porch to draw a pail of water. In some way she stumbled or overbalanced and fell into the well head downward, where she was found about an hour later by her adopted daughter, who had been to the post office. Doctor MacRitchie was immediately summoned, but nothing could be done. Her husband is in charge of the schooner Wapiti at Halifax, and is expected to arrive on the steamer Scotia tomorrow. He had not been away for years previously.
