# FRESH FISH

There are many reasons why we have built up one of the largest fish retail businesses in P. E. Island. The steady growth of our business speaks for itself. Our reputation has been built on the high quality of goods we handle, the facilities we possess for handling fish in a clean sanitary and modern way, and the special effort we put forth to please every patron.

## Improvements Being Continually Added

We have lately completed the construction of a large concrete refrigerator which from a sanitary standpoint is much superior for fish to one built of wood. The latter material becomes quickly contaminated and permeated with the gaseous odors arising from fish, whereas concrete is almost non-absorbant and is easily kept fresh and sweet by a frequent application of the hose and brush.

## Our Prices

We buy in large quantities and consequently at the lowest market prices. We are thus enabled to place our prices at such figures that no one can afford to undersell us on the same high grade of goods. Our prices are positively the lowest consistent with the quality of the goods we offer you. Our policy is one of carefulness, large daily sales, and honest competitive prices.

Our Schedule of prices at present are:—
Codfish 4 cts per lb, Haddock 5 cts per lb, Mackerel 12 cts to 25 cts each, Salmon 15 cts to 25 cts per lb according to cut, Halibut 16 cts per lb, Lobsters 15 cts per lb. etc.

Remember we absolutely guarantee our goods to be second to none on the market.
