THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

J. Doucet left last night for Boston. This final game of Hockey between the Absewells and the Victorias will be played in the Arena on Tuesday night next. A great deal of interest centres in the game, for the trophy will probably go to the winning team.

In the Guardian's local about the Police Court yesterday it was stated the P. L. Hazard, K. Y., appeared as counsel for the prisoners who were tried for stealing brass from the Railway works. This was an error as Mr. Hazard appeared on behalf of the Crown, as prosecutor.

Those who want work of any kind or are looking for help of any kind should send their names and addresses with all particulars or call at The Guardian Employment and Information Bureau, New Prowse Block, Charlottetown, Telephone 132a. Those who do not desire to advertise will please send 25 cents with their request, which amount will be returned to them on application, less postage if sent by mail, if they do not get what they want.

The deeply regretted death of Mr. A. J. Hohl, of this city, occurred last night about nine o'clock in the Prince Edward Island Hospital, where she had been for a fortnight past awaiting an operation which was to have been performed today. She, however, took a weak turn last night, and although there was the best of medical skill present, and all that could be done, was done, to prevent the collapse, she passed away. There will be much sympathy felt for her husband, who is a well-known railway man, and who is left with one son to mourn the loss of wife and mother.

The Prince Edward Division S. O. T. held a very enjoyable and profitable social in their hall on Tuesday evening. After a delightful program had been rendered, the baskets were disposed of. Capt. Blakney and Mr. Horace Brodie acted as auctioneers, the baskets commanding handsome prices. Notable among the numbers on the program was a solo by Miss M. Steamer, a new and brilliant star on the musical horizon. May she be heard again and often is the wish of her many admirers. At a late hour the party broke up, after singing "God Save the King," hoping to meet again under such happy circumstances, in the near future.

By far the largest audience of the week assembled last night at the special services being held in Zion Church. The meetings seem to increase in power as well as numbers each night. Introspective prayer was the theme. Rev. Mr. Respoke first on the ground and importance of Introspective Prayer. Rev. Mr. Robertson spoke on the results therefrom giving many illustrations from scripture and from personal experience. When the invitation for decision was given over a dozen arose. These went into an after-meeting where a delightful time was enjoyed. A meeting for all workers whose interest in these meetings will be held in the Y. M. C. A. parlour this morning at 10 o'clock. All who can spare a short time should attend.

An accident occurred yesterday on Queen Street which came very near resulting in the death of Professor McVey, a well known horseman. It appears that he was driving along when a collision occurred between his team and another sleigh. As a result of this Mr. McVey was thrown violently out of his sleigh and fell on the street striking his head very hard blow. He was unconscious from the shock and was carried into Mr. W. E. Carter's store. Dr. Kelly was quickly summoned to the scene, and after working over the man for about half an hour managed to bring him to. He is fortunately likely to be all right, though at the time of the accident it was generally believed that he would have a poor chance for recovery.

The Seed Fair committee met on Saturday at Bedeque, to arrange the prize list. No changes were made in the list as it was prepared at their last meeting, but quite a number of special prizes were added, including the grand and prize from H. E. Mutch & Co. Toronto, for collection of exhibits of seed grown on one farm; one from the Maritime Farmer, Sussex, for best essay on growing timothy; one from the same source from Auld Bros. Charlottetown, for pots grown from clover seed; one from John R. Edwards of Bedford for milking wheat; F. R. T. and second from Garret & Co. Charlottetown, for collection of small seeds, timothy, clover etc. One from William Rennie, Toronto, to be named and several others not definitely decided on.

OWING to the death of Mr. Fred Houle, the five o'clock tea to be held in Zion Church schoolroom this afternoon, has been postponed.

DR. BLACK, V. C. S., Craupud, recently found a hat-pin in a peculiar place. A cow belonging to James Weidell had swallowed it and an abscess had formed. When found the hat-pin was about 8 inches from the lung. The pin was removed and the cow is doing well.

It might be interesting to the many readers of The Guardian to learn that John McInnis who has won a seat in the Local Legislature of B. C. as a Socialist is a son of Kenneth McInnis, Spring of this Province, who left his pen a young boy about seven years ago. All are glad to learn of his success.

CORRESPONDENTS should remember that to ensure early appearance of correspondence all matter sent in should be cut down as much as possible. Every attention is paid to correspondence but it is impossible to get anything in as written, especially when a large number of communications are being received each day.

The St. John's, Nfld., Telegram of the 14th inst., "The P. E. I. hockeyists who arrived here by the Express at 8.30 this morning are in good form for the coming match. They are a husky looking bunch, and will likely give a good account of themselves. They took breakfast on the train this morning, and did not leave the cars till about 9 o'clock, when they were driven to the Crosbie. They played a practice match at the Prince's Rink this forenoon."

Last night was a gala night in the Arena Rink, an unusual air of liveliness being apparent from the fact that a large contingent of Summerside skaters were on the ice. The new and it must be said pretty faces of the Summerside maids, lent a touch of novelty to the scene, and a very pleasant evening was enjoyed by all who attended. After the regular skating, a game of hockey was played between teams from West Kent Street School of this city and the Summerside High School. In this the Summerside boys proved the victors, defeating the home players by 3 to 0.

The game was a most interesting one and aroused any amount of enthusiasm. Although the experiment of bringing down the westerners may be looked upon as a great and pleasant success, the visitors left this city on their return to Summerside at 1 a.m. this morning.

ALL previous events in the line of socials were eclipsed last night by the splendid program which was placed before their guests by the Knights of Pythias on the occasion of the celebration of their Natal Day. There was a large attendance of friends and invited guests, all of whom thoroughly enjoyed themselves and were amazed by the charming features of the program.

Castle Hall in which are celebrated the functions of the Knights of Pythias. The spirit of good-fellowship prevailed all through the evening. After the proceedings were completed, there was a general chorus of thanks and congratulations for the hosts of the evening for their successful entertainment. Wellner; Solo, Miss Hazel Bremner; Oration on Pythianism, Past Chancellor, F. S.
