ADMIRAL VON KNORR RESIGNS.

BERLIN, March 7.—Admiral Von Knorr, commander-in-chief of the navy, has resigned. His intention to take this step was announced last autumn.

S' SIDE AND PRINCE CO. A CHAPTER OF

HER many friends were pleased to see Miss Ford out again Saturday looking as bright as ever after her severe illness.

Mr. W. P. HUNT, Manager of the Bank of Nova Scotia, at Kingston, Jamaica, arrived here via Georgetown on Saturday and is visiting his parents, Mr. and Mrs. Richard Hunt. He returns to Jamaica next month.

THE evangelistic services in the Baptist Church will be continued during this week, Rev. D. Price of Tryon will conduct the service every evening. Throughout the series, these meetings have been well attended and show an increasing interest. All are cordially invited.

REMEMBER the entertainment in the Presbyterian Sunday School room tomorrow evening. The drama which is a principal feature of the programme is a particularly interesting one, while the musical part will be conducted by the best local talent available. Admission 10 cents.

Now that the new town Council have taken up the White Man's Burden for the coming year, and are to hold their first regular meeting this evening, citizens will look forward with interest to their platform. Their attitude towards the C. T. A. will no doubt be declared at once—and the questions of "high or low license", periodical fines, first second or third offences, whether the customary \$50.00 is to be paid in advance or at the end of three months, should be settled this evening.

SINCE the accidental explosion of the gasoline tank by which Mr. Frank Compton received such severe injuries some days ago, Messrs Rogers & Rogers, who owned the machine, have taken precaution to preclude any possibility of danger in connection with it in future. The tank which is used to supply gasoline to heat their enameling oven, brazer and vulcanizer, has been placed at a distance of about 20 feet from the oven and in another building, the gasoline being conducted by a pipe to the burner of each fixture. This will make it absolutely impossible for a similar accident to happen.

WITH a few others the GUARDIAN correspondent had the pleasure Friday evening of seeing the first company of The Boys' Brigade at drill in their quarters in Montgomery's Hall. The company consists of about 35 boys, ranging in age from 10 to 16—all dressed in the regulation uniform of the brigade, a black suit, white haversack and belt and a jaunty little military with-strap, and the figure—the No. of the company. Although the majority are raw recruits, they went through their exercises and evolutions—many of them difficult ones—with a precision and regularity that would have been creditable to an older company. The most striking feature, however, was the manly bearing of the boys, their respectful attitude towards their superior officers, and their pardonable pride in their golden uniform, and it is safe to predict that the discipline they are undergoing, will give them a mental and physical training, that will fit them the better for the battle of life, and be a strong guard against such conduct as would "disgrace the Queen's uniform."

FAURE SAID DREYFUS WAS INNOCENT.

LONDON, March 7.—A despatch to the Daily News from Paris says that two months ago President Faure received a French missionary named Viennot, who had come to France from Oceania to spend a vacation. In the course of their conversation, M. Faure said he believed that Dreyfus was innocent, but it would be hard to release him now as it would cause the ruin of so many important men.

Pain In the Back. Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of Pills I had seen advertised, and to put the truth in a nutshell, Dr. Chase's Kidney-Liver Pills are the only pills that have proved effective in my case. I can heartily recommend them. Jno Devlin, Unionville, Ont.

NARROW ESCAPES.

Friday evening, a party of young people started for Centreville, to attend a pie social. Being somewhat late leaving, they drove at a furious rate down Water St., and considered themselves in luck when they saw a train pulling out from the station and passed the crossing. Everything being clear, they keep up their pace until right at the crossing a second train came out of the darkness and shot right across their track. To avoid collision, they made a sudden turn, the train just grazing the rear of their sleigh. They escaped unhurt and enjoyed themselves at the social.

On the same evening a young man with a pung sleigh and a quiet horse was practising horsemanship on Water Street, preparatory to calling for some friends who had accepted his invitation to a social at New Annan, when in the act of making what under ordinary circumstances would have been a safe turn, upset his sleigh and had it not been for the accident policy which he carried, would inevitably have been hurt. He too with his friends enjoyed the social.

Still on the same evening three young ladies undertook to drive themselves to the New Annan social, but being unacquainted with the road and the geography of the country, got mixed up among some hay stacks in a field and were detained until about nine o'clock. They also enjoyed the remainder of the social.

Saturday afternoon, a horse that had been standing near the railroad station became frightened at a passing engine and started for home. Being in a hurry and not having time to go around, he undertook to pass between another horse and his sleigh. Both sleighs were piled up together and considerably damaged, but the horses escaped unhurt.

MR. M. MILLER, BENSFORT, ONT.

Says Laxa-Liver Pills made a new man of him.

Cured him of Indigestion and Pains in the Back.

We don't make absurd or extravagant claims for Laxa-Liver Pills.

Tell you in a plain, simple way what they will do, and prove what we say by the testimony of those who have used them. We say they cure dyspepsia, indigestion and all stomach disorders, and renew the health and strength.

Mr. Melville Miller, Bensfort, Ont., corroborates this in the following statements: "I have used two bottles of Laxa-Liver Pills and I must say they made a new man out of me, after taking them for three weeks. My trouble was indigestion, heart fluttering and pains in my back. Laxa-Liver Pills have completely cured me and I think they are the best medicine in the world to set a man up."

If you take a Laxa-Liver Pill before retiring, 'twill work while you sleep, without a gripe or pain, and make you feel better in the morning. These pills never sicken or weaken, and leave no bad after-effects of any kind.
