### Nine Killed In Gale Swept North Pacific Coast

Heavy Damage To Shipping And Property. Oregon Bears Brunt Of Storm.

(Associated Press, By Guardian's Special Wire)  
PORTLAND, Ore., Oct. 21.—At least nine persons lost their lives as a furious gale struck the Pacific Northwest today, sinking a fishing boat, wrecking a passenger vessel and causing thousands of dollars property damage.

The Puma Steamer sank off Fort Wilson in Puget Sound while the coast guard cutter Haida approached to lend aid. The Haida reported two bodies sighted in the water, two had drowned before it arrived and a fifth dropped from sight while being hauled to safety.

The passenger boat Virginia V., plying between Seattle and Tacoma, was wrecked at Olalla and between 35 and 50 passengers were rescued with difficulty.

### MOVE TO EXTRADITE TERRORISTS

Italian And Belgian Authorities Act—Slight Change Expected in Yugoslav Cabinet.

(C. P. By Guardian's Special Wire)  
BELGRADE, Oct. 21.—(C. P. Havas)—After conferences that lasted throughout the day, Nikola Uzunovitch was today forming a new cabinet. Decision to have him organize the new government came almost exactly 24 hours after he and his ministers resigned.

Political observers indicated the new cabinet will probably differ very slightly, if at all, from the one that resigned yesterday to allow the three regents under the chairmanship of Prince Paul to "meet the needs of the hour."

Although slight change was anticipated in the personnel of the new government, changes were expected in the government's policy. It was believed that a milder attitude toward the minorities, particularly the Croatsians, will be put in force. A widespread amnesty for political prisoners was also believed imminent.

The resignation of the cabinet yesterday was followed by the dismissal of the Marshal of the Court, General Alexander Dimitrievic, who has not yet received a new appointment. The second in command, Col. Johann Pavlovic, also was dismissed.

Dimitrievic went to Marseille several days before the arrival of Alexander to supervise safety measures, and had been blamed for their breakdown. He returned with the body of the King but failed to make a public appearance after ward and did not attend the funeral.

His resignation was said to have been demanded by Queen Marie. The Belgian point of concentration was considered probable. Hopes of Yugoslav democrats that formation of a new cabinet would mean an end to dictatorial measures was increased by the thoroughness of conversations undertaken by Prince Paul, the chief regent, and his fellow regents, following the resignation.

FURIN, Italy, Oct. 21.—(C. P. Havas)—The Italian police, in close touch with the ministry of interior at Rome, today moved to facilitate extradition of Ante Pavelich and Egon Kvaternik to France, where they are wanted respectively as the alleged master-mind and executive assistant in the assassination of King Alexander of Yugoslavia and Foreign Minister Louis Barthou of France at Marseille.

LIEKIE, Belgium, Oct. 21.—(C. P. Havas)—The Belgian police apparently have concluded their part in the international inquiry into the assassination of King Alexander of Yugoslavia and tonight were holding Nestor Perichas, Croat terrorist, for probable extradition to France. The police revealed that Perichas had confessed to being the former lieutenant of Dr. Ante Pavelich, accused as ringleader in the plot that also caused the death of the French foreign minister, Louis Barthou.

### Wage Lively Battle In U. S. Campaign

(C. P. By Guardian's Special Wire)  
NEW YORK, Oct. 21.—Two weeks from Tuesday about 50,000,000 Americans will go to the polls to cast their ballots for or against the policies of President Roosevelt.

The off-year election of 34 senators, 43 congressmen and 35 governors of states in addition to other state officers, will be largely decided not by party affiliation but by the feeling of the people concerning the experimental policies of the National administration.

Democratic headquarters are confident the Republican minority of 115 in the House will be cut and that there is a possibility of a gain in the Senate. Republicans attacking the spending propensities of the Roosevelt administration—billions and billions of dollars have been put out on public works and in direct relief—and questioning the constitutionality of some of the President's measure, are putting up a lively forensic battle.

### FIVE KILLED IN TYPHOON

Second Destructive Typhoon Strikes Luzon.

(A. P. By Guardian's Special Wire)  
MANILA, Oct. 21.—Five persons were killed and property damage estimated at \$250,000 was caused tonight by the second destructive typhoon to strike Luzon, principal island in the Philippines, but the storm spared Manila, causing only squalls here.

Four severe typhoons in the islands within a month have taken a toll of 92 lives, made possibly 80,000 persons homeless and caused heavy property damage.

A dispatch to the Manila bulletin said four persons were killed at Naga, capital of the Province of Camarines Sur, where the water at some places was six feet deep. Five hundred bamboo dwellings, the dispatch said, were toppled over and their occupants made homeless. Information from the stricken areas was meagre because communications were crippled.

### SYNOD HURLS DEFIANCE AT HITLER

Declare Independence By Seceding From Rule Of Archbishop Mueller.

(By Rudolph Josten Associated Press Foreign Staff)  
BERLIN, Oct. 21.—Defiance of the opposition synod of the German Protestant Church which seceded yesterday from Reichsbishop Mueller's Nazi Church dictatorship, was hurled into the lap of Chancellor Hitler today.

Karl Koch, who read the synod's declaration of independence yesterday from a church pulpit, today submitted a resolution to the Government declaring the synod, claiming 80 percent of all Protestants in the Reich, forever free from Mueller's rule.

Tuesday was expected to mark the turn of a church which today taking the oath of fidelity from Mueller, will deliver a highly important address on the fight in the Church.

It was reported from various church circles that Hitler will declare the Government's stand based on reports submitted to him from Government officials.

### Scott And Black Set Terrific Pace In Taking Lead

British Pair Leave Singapore For Darwin. Unconfirmed Report States Plane Carrying Officials Crashed Killing Six.

(C. P. and A. P. Cables)  
(By Guardian's Special Wire)  
MILDENHALL AERODROME, England, Oct. 22.—(Monday)—Two ace British flyers held the lead early today over a fast flying Dutch pair in the London to Melbourne air race. Capt. C. W. A. Scott and Campbell Black were winging their way somewhere between Singapore and Darwin, Australia, while K. D. Parmentier and J. J. Moll had passed Rangoon, Burma.

None of the flyers actually engaged in the race had met with serious injury. But there were unconfirmed reports that a British Royal Air Force bombing plane out of Singapore in connection with the race had crashed and that several persons were killed.

The Havas News Agency in a despatch from Mildenhall Aerodrome, England, reported the plane, carrying British officials, crashed north of Singapore in the jungle with an estimated toll of six dead. The report was unconfirmed. Several planes put out from Singapore in search of the missing bomber.

### Leaders In Air Race

Leaders in the London-Melbourne air race, the point at which they were last reported and the approximate distance flown to the last reporting point, were as follows by Greenwich mean time early today:

- 1. C. W. A. Scott and Campbell Black, British; Singapore; left Singapore 11.42 p.m. Sunday; 7,048 miles.
- 2. D. K. Parmentier and J. J. Moll, Holland; Rangoon, Burma; left Rangoon 10.47 p.m.; 6,000 miles.
- 3. Col. Roscoe Turner and Clyde Pangborn, United States; Allahabad, landed Allahabad 10.26 p.m.; 4,853 miles.
- 4. Capt. J. A. and Amy Mollison, British; Karachi; left Karachi 9.10 p.m.; 3,900 miles.
- 5. Cathcart Jones and Ken Waller, British; Karachi; left Karachi 10.00 p.m.; 3,900 miles.

Scott said at Singapore he hoped to reach Darwin, the next control point, non-stop. His plane bumped badly as it landed, giving the crowd a thrill and a brief shock. It nearly overturned owing to a sudden change in the wind.

The British flyer told Reuters the trip from Allahabad had been "appalling" but that the engine was behaving splendidly. He had hoped to reach Singapore earlier but had decided to reduce speed in order to nurse the engine and provide a daylight landing by local time. The landing was made at 5.23 a.m. local time, Monday.

Parmentier said at Rangoon he was not trying to catch Scott. At Calcutta he had expressed confidence in his ability to catch the leader of the great air derby but apparently he and Moll had changed their plans.

Col. Roscoe Turner and Clyde Pangborn, United States entrants, were at Allahabad while the flying Mollisons were en route from Karachi to Allahabad. Also on that leg of the 11,500 mile grind were Cathcart Jones and Ken Waller. They left Karachi at 10.00 p. m. only about an hour behind Capt. Jim and Amy Mollison.

Sixteen planes were still in the hunt for the speed and handicap trophies tonight out of the original 20 which took off from Mildenhall Aerodrome near London, at dawn Saturday. Smash-ups, engine or equipment trouble caused four withdrawals.

Two crack United States flyers, Col. Roscoe Turner and Clyde Pangborn, held a slim advantage over Britain's famous flying pair, the Mollisons. Turner and Pangborn landed at Allahabad, India, at 10.26 p. m. Capt. Jim and Amy Mollison.
