

THE KING'S COUNTY GUARDIAN

Offices in Montague, Capt. W. A. Johnstone, Agent, and in Souris, A. J. McDonald, Agent.

The latest news, first of all.

Mrs. W. A. Houston, North Rustico, is visiting her sister Mrs. J. B. McLure, Dundas.

Daniel Roarke and Alexander Stuart, Commercial Street, spent Sunday in Belle River, the guest of William Emery.

Joseph Burke of Lower Montague, has purchased a very handsome bay driving mare from Seth Shaw, Albion. This mare is greatly admired by local horsemen.

Duncan MacFarlane, of Whim Road East, has returned home after spending a few days in Lower Montague, visiting his old friend Joshua Edmonds, who has lately returned from Souris.

William Coulson of Lower Montague, has sold his valuable driving mare, and has purchased a large fast going pacing mare from William Mahar, the leading horse dealer of Montague. If the ice forms of sufficient strength, no doubt Mr. Coulson will make it interesting for some of the Montague horsemen.

Mont Wright and Bert MacFarlane of Lower Montague who have been in attendance at the Agricultural College, Truro, N. S., during the Short Course, returned home some time ago, and speak in the highest praise of that institution, no doubt the farmers of Lower Montague will under the influence of those young men, make two blades of grass grow where only one grew before.

Prevents as well as Cures

"Father Morris's No. 10" (Lung Tonic) Goes a Step Further Than Other Cough Medicines.

Left to themselves, most "Common Colds" will run their course and depart. But they leave reminders in the shape of lingering, irritating coughs and weak throats and lungs.

There are many cough medicines on the market that help to stop a cold, but they do it because they contain Opium, Morphine or similar drugs that simply quiet or deaden the irritation, but do not remove the cause.

"Father Morris's No. 10" is made of Roots, Herbs and Balsams, without a trace of Opium or any other harmful drug. It goes straight to the root of the trouble and removes the cause of the cough. It restores lungs and throat to a healthy condition, tones them up, and makes them stronger than ever to resist colds and more serious diseases.

Try bottle, 25c. Regular size, 50c. your dealer's or from Father Morris's Medicine Co., Ltd., Chatham, N. B.

Robbers' Victim

BORE CHARMED LIFE HAGERSTOWN, Md., Feb. 15—Terrible efforts today by three masked men to put out of the way John G. Nebert after they had beaten, robbed and bound him, have reduced the unfortunate man to a pitiable and serious condition, but it is believed that he will recover from his experience. Nebert's assailants, believed to be negroes, attempted to hide the robbery which they had committed by cremating him in the furnace, but only his head could be forced within the door and the attempt was abandoned. The robbers then placed the body between the spokes of a fly-wheel and set the engine in motion, evidently believing that he would be torn to pieces. But at the first revolution of the big wheel he slipped to the floor, where he was found still senseless some time later. There is some clue to the identity of the robbers.

Dinner Bell Music

The music of the dinner-bell is always welcome to the healthy man or woman like to the working man or woman who eats a plain meal at noonday, or to people of easier lives who enjoy a rich dinner in the evening. But to the Dyspeptic there is no music in the dinner-bell—it calls him to a trial for which he knows he is unfit. No one can enjoy a meal, or get nourishment and strength from it, knowing that pain and distress will follow after. The true course, even for healthy people, is to help the digestive system, from time to time, with that excellent tonic medicine, Mother Siegel's Syrup. Mr. Michael Bureau, of Stanham, Quebec County, P.Q., writes: "For some time I suffered from indigestion. I had headaches which made life a misery. I could not sleep at night and after eating I felt a sensation of fullness and pain, with heart palpitation. I took no medicine for this illness except Mother Siegel's Syrup and was cured when I had used one bottle of it."

The Morning Paper

Some Reasons Why it Makes The Best Advertising Medium. A woman's curiosity to know about society, marriages, births, deaths, forces her to read it. The Morning Paper is before her all day long, and it is she who is doing her household duties, arranging and improving the appearance of her home, that the missing and necessary articles of furniture, rugs, carpets, curtains or other necessities, show up the plainest, and there could be no more opportune time for a dealer to talk about the new goods, the new styles and the bargains offered, for reading matter, and the long, all-the-day or week. In a majority of homes the newspaper life from 5 a. m. to 10 p. m. of the Morning Paper gives not only the housewife but every member of the family an opportunity to read it. The Morning paper is read at the breakfast table, again at home at noon, on the trains, in the restaurants. It is read in doctor's offices, professional offices, clubs, hotels, cafes, barber shops. It is read by daylight everywhere you go by both employer and employee. It is a known fact that throughout the world, possibly with a half-dozen exceptions, the papers with editorial influence and national reputation are Morning Papers. With these facts in mind, the business man who is looking after the real money-spenders of the family to interest in his goods will consult his paper is practically the bulk of the best interests by placing his announcements where the women will read them.
