INSTITUTE MEETS.—The Marshfield Women's Institute will hold its annual meeting August 6th at 3 p. m. All the members kindly make an effort to be present.

HAY SALE ON MONDAY.—Mr. R. Bearstoe will sell by public auction on Monday August 3, sixty acres of hay on the Rodd Farm, now owned by Canada Fox Exchange. Terms of our months, approved joint notes.

MOTOR BOAT REGATTA.—The Pinette motor boat club held their grand regatta on July 24th, with great success. About 500 people were present, and lined the South Pinette bridge and the surrounding banks to see the speed boats perform. Many motor boats from all points were also present, including the tug Victor from Belle River with a large crowd. The first race was pulled off at 1 p. m., 4 three H.P. boats started. Lairia, 1st, owned by Donald MacKinnon; 2nd, The Luth, owned by Oliver MacKinnon; 3rd, R. L. Borden, owned by Jimmy Stewart. The Victor owned by Simon Murchison, met with an accident, which prevented her from 1st place. 4th. Great excitement prevailed when four speed boats started, the noise of the fast exhausts peeped in the air and about 2 p. m., flying start was made over the two mile course. The Marion second, owned by Messrs MacRaye and Morison was an easy winner for the first place. Red Wing was an easy winner for second position, owned by Sinclair MacRaye and Silver Black owned by Mac Brown 3rd place. The Marion 1st owned by Angus Murchison 4th. Messrs MacRaye and Morison are to be congratulated again for their success in the latest type of speed boat, and those two sportsmen, it must be remembered by all were the builders of the Marion 1st, last year's winner. She had a speed of 12 miles per hour, with an Imperial 3 h.p. engine. The Marion has a speed of 13 1/2 miles per hour, truly a great achievement for its builders. The regatta broke up about 10 a. m., all well satisfied for the great day's sport on the beautiful Finette River.

MR. BENSON'S TRIP.—Mr. T. A. Benson going on a tour of the Maritime, Quebec, Montreal and other important markets with the view of opening up new avenues for the disposal of Circle Eggs, Mr. T. A. Benson, the Provincial Representative of the Poultry Division of the Dominion Live Stock Branch left on Thursday morning for a tour of the Maritime Quebec and other important markets. Mr. Benson will go first to Quebec and Montreal, from there to Sydney and Halifax, from there to Upton and will return to Charlottetown, Mr. Benson will take no part in the actual sale of the eggs. He will simply ascertain the general tone of the various markets in regard to eggs and poultry, inform himself as to the general requirements of each market as regards quality and incidentally secure what information he can in regard to the probable 20 prices that are expected to prevail in each market during the next few months. On his return to Charlottetown, Mr. Benson will prepare a report of his findings and submit it to the officers of the Central Association upon the understanding that the information therein contained shall be made available to the officers and members of the various local associations. While away, Mr. Benson will attend the annual meeting of the American Association of Inspectors and Investigators in Poultry. His bandy to be held this year at McDonald College, Ste Anne de Bellevue, Quebec, and will deliver an address upon "The Development of the Egg Circle Movement in the Province of Prince Edward Island." Mr. Benson will also spend some time in Ottawa where he will take up matters of importance in connection with the Live Stock Commission and other officials of the Dominion Department of Agriculture.

Standard Black Fox Co Ltd

Issue of \$30,000 Worth of New Stock This issue is for the purpose of adding two pairs of this year's pups to the present five pairs, making a total of seven pairs five of which are breeders. Lowest Capitalization This is undoubtedly the lowest capitalized company on the market today. Seven pairs of Silver Black Foxes for \$90,000 or less than \$13,000 per pair. A large portion of the new issue has been taken up by the present shareholders, and the balance is now being offered to the public. This is an exceptionally attractive proposition, for in addition to the foxes the company own 55 acres of oyster area.
