Dalhousie Players Present '4 Plays In One'

The audience which greeted the Dalhousie Convocation Players in the Hertz Memorial Hall last evening was very delightfully entertained by four one-act plays, very cleverly given. Each play was complete in itself, entirely different in style and showed to excellent advantage, the histrionic ability of the talented performers.

A detective's cunning caused a good laugh in the first play entitled "Thank You Doctor," while the intense drama of "The Valiant" was most affecting. "The Moonshine" was in a merrier mood, while "Barbara's Wedding" a phantasy, by Sir James Barrie, was most appealing.

The casts were as follows: "THANK YOU DOCTOR" Nurse Gray—Doris Margeson Mrs. Norman Lester—Helen Williams Dr. Gurney—Ralph Morton. Patient—Robert Donahoe. Dennis Cort—Walter MacKenzie.

"THE VALIANT" Warden Holt—Walter MacKenzie Father Daly—Victor Oland Attendant—Paul Sheehy James Dyke, the boy—Ralph Morton. Josephine Paris, the girl—Ruth MacAulay.

"MOONSHINE" Luke Hazy—Robert Donahoe. Revenue Officer—Walter MacKenzie.

"BARBARA'S WEDDING" Dering—Victor Oland. The Colonel—Ralph Morton Barbara—Dorothy Rostler. Billy Boy—Robert Donahoe. Karl—S. W. Archibald. Ellen—Ruth MacAulay.

Mr. Don Murray presided brilliantly at the piano, adding greatly to the pleasure of the evening. A cordial welcome will always be extended to the Dalhousie troupe and the hope was freely expressed that they would return.

THE MARKETS

(Canadian Press) MONTREAL, May 23—Montreal dairy produce markets generally will be closed tomorrow. The Board of Trade today issued final receipts for the week, the figures being featured by an increase in cheese arrivals. Butter and eggs arrivals fell off from the previous week. Total receipts were cheese 13,320 boxes, butter 7,931 boxes, and eggs 22,940 cases. The butter market today showed a little weaker tone. Sales of Quebec number 1 pasteurized were made as low as 28 2/7 cents per pound, with the general market around 29 cents per pound. There were few sales of New Zealand butter, the asking price of which was around 30 cents per pound. Prices to retailers were unchanged at 32 cents for solids and 33 cents for prints. Cheese was firm, with the market quiet. Eggs were holding about steady forecasts for next week, being that prices will be unchanged except for seconds with one cent per dozen reduction in that grade. Potatoes held firm at the lower price put into effect earlier in the week.

OTTAWA, Ont., May 23—The demand for carlots is less active on central Canada egg markets today, although prices for local current receipts are unchanged.

TORONTO, Ont., The undertone on this egg market still continues easy with the demand for carlots less active although consumption is active, dealers still quote country shippers for graded eggs extras 30 to 31, firsts 28, seconds 23 to 25 delivered cases returned.

MONTREAL: Egg receipts here yesterday were 4,220 cases as compared to no cases on the corresponding day a year ago. The egg market is a little easier. Some local shipments sold today on spot at extras 32, firsts 30, seconds 26, but buyers are scarce. Chicago practically unchanged.

EMPIRE DAY

The following "Empire Day" program was presented in the public schools yesterday; the exercises of Prince Street and Rochford Square Schools having appeared in yesterday morning's issue of the Guardian.

WEST KENT SCHOOL

Arbor and Empire Day exercises at West Kent School were held yesterday morning in the Assembly Hall. A large number of parents and visitors were present. After a few opening remarks by the chairman, Mr. MacDonald, an excellent program of solos, choruses, dialogues and recitations was rendered, in which the pupils acquitted themselves in a way which reflected great credit on the musical instructor, Professor Thompson, and the teaching staff.

Mr. David Schurman of the Experimental Station, in an address appropriate to the occasion spoke of the importance of tree planting and also the care of same. He mentioned several cities where a commission has been appointed to look after the selection, planting and pruning of trees. He stated that we in Charlottetown are falling behind in not having such a system, but the time is coming soon when we will see the need of following the example of these other cities if Charlottetown is to hold its place as one of the most beautiful cities of Canada.

At the close of the program Mr. G. R. Fillet, Manager of the Bank of Montreal, made a few remarks on tree planting and urged the pupils to plant three trees thereby contributing to the beauty of our already beautiful town.

Dr. W. F. Tidmarsh then spoke of the improvement in the health of school children brought about by the work of the Red Cross, the better instruction of hygiene and the shorter school sessions permitting regular meals and time for recreation.

NATIONAL ANTHEM

QUEEN SQUARE SCHOOL

Empire Day was fittingly celebrated by the senior pupils of Queen Square School with a musical program and an address on the significance of Empire Day by Mr. R. H. Rogers, M. A., B. C. L., L. B. Miller, chairman of the City School Board, capably presided.

Owing to the lack of proper hall accommodation, the program was private, but there were present on the platform: H. H. Shaw, B. Sc., Superintendent of Education; Rev. C. McCormack, C. S. S. R., Rev. P. McMahon, D. D., and Mr. H. F. MacPhee of the City School Board.

Mr. Rogers in his excellent address dealt with the importance of the British Empire, with Canada, and with Prince Edward Island. He emphasized the fact that when the earliest settlers came to our shores from England, Scotland, Ireland, and Wales, they brought with them not money nor property, but strong bodies, clean minds, brave adventurous spirits. They also brought morality, decency, honor, and a respect for law and order. Above all they brought an ambition to do the best they could for themselves and for their children.

The speaker said that when these settlers were called to rest, they left to their children a free land, a land of which they might be proud. He exhorted the pupils to so conduct their lives that after they are gone they will leave this land the better for their having lived in it.

He next spoke of the vast extent of the British Empire, and stated everywhere the Union Jack flies are

VENGEANCE

JACK HOLT AND DOROTHY REVIER ENACT ROLES WITH DISTINCTION

Strong dramatic situations, tense emotional climaxes and convincing characterizations silhouetted against the fascinating background of life at a West African trading post make "Vengeance," the Columbia all-talking drama which opened at the Prince Edward Theatre yesterday a picture that holds one spellbound.

Congo Locale Interest centers about John Meadham, who for several years has been in charge of a West African trading post. Meadham, who thoroughly tired of his job and fed up on the tropics, seeks relief, and the London office sends out Charles Summers to take his place.

From the moment of Summers' arrival, an antagonism develops between himself and Meadham. The result is a quarrel between the two men and a disagreement between husband and wife that eventually leads to the growth of a very beautiful love between Meadham and the girl.

Denouement of Plot The unexpected denouement, in which Meadham proves the bigness of his soul by risking his life to save the man who has merited nothing but his contempt, is too good to reveal. It is a master stroke of dramatic construction.

found law and order, progress and enlightenment. Under the British flag lives one-fifth of the people of the world.

Mr. Rogers told two very interesting stories to demonstrate the power of the Empire and its strict administration of justice. We find security, and safety for property and life, where British law and justice prevail.

Mr. Rogers next dealt with "Canada and explained clearly how the term Dominion was adopted when proposed by one of the Fathers of Confederation from New Brunswick.

He called attention to its vast resources, to its rivers, mountains, forests, fisheries, water power, railway, churches, schools, colleges, etc., and to the establishment of law and order even to its furthest boundaries.

Canada today with its seat in the League of Nations, ranks among the great nations of the world. The lecturer referred to the wonderful achievements of the Canadian people in time of peace, and he recalled to the minds of his listeners the ardent patriotism shown by the Canadians in the defence of their country in the war of 1812-14.
