Pictured above is the imposing new granite war memorial, dedicated to those who died in World War II, which was unveiled at Cornwall last Sunday afternoon. The memorial bears the following inscription: "Dedicated to the glory of God and in honor of our men who gave their lives in World War II. Gunner John White Bell, killed in action in Italy, October 3, 1944, age 21; Flight Lieutenant Ronald H. Butler, killed in action over Germany, October 22, 1943, age 24; Flight Sergeant Terris H. Miller, killed in action over Belgium, August 17, 1942, age 23; Private William E. Stone, killed in Holland, October 10, 1944, age 25."

United Church Rules On Conscientious Objectors

Ministerial Candidates Will Receive Recognition For "Alternate Service"

(By Robert Phillips)

VANCOUVER, Sept. 23 (CP)—Conscientious objectors who served in the Dominion Government's directed labor camps, and active force men who served in uniform during the Second World War, will receive equal treatment by the United Church's new ministerial plan adopted today.

Ministerial candidates whose ordination was delayed either by "military" or "alternate service" were each brought into the new scheme by a 3-1 majority vote of the 13th General Council here and each will be pensionable during the years of "war-time service."

"The price of peace is the practice of Christianity," Rev. C. L. Taylor of Ormstown, Que., said when he recommended equal treatment.

"Conscientious objectors have long been outside the pale," he said. "They did not believe in bearing arms and they believed they were serving their Church and their beliefs by holding those convictions."

Mr. Taylor said he was not a pacifist, but "wished he had the courage to be."

"The Church claims that the end does not justify the means," he argued, "and yet the Church said that peace justifies an unchristian war."

Rev. Victor Rose of Pointe Claire, Que., backed up the recommendation.

The United Church at its General Council meeting in 1936 said it would recognize conscientious objectors, he said.

Many of our men took their war-time stand believing their action was approved by the Church."

The one-hour debate on this subject was held here, Oct. 5.

Bandits' Driver Arrested, Two Gunmen Sought

MONTREAL, Sept. 23 (CP)—Two policemen were killed today in a fusillade of revolver shots from two bandits who robbed an east end branch of the Banque Canadienne Nationale.

Police said they captured the bandits' accomplice, their car driver, a few minutes after the daring robbery and late tonight said they were looking for two brothers, Donald and Douglas Perrault, in connection with the slayings.

Confined in a laneway after a police cruiser overtook the speeding getaway car, a man identified as Noel Clouthier, 24, surrendered to police. He had sped away alone in the car without waiting.

Canada May Reconsider Joining Berlin Airlift

Canadian Carrier Coming Next Month

SAINT JOHN, N. B., Sept. 23—Giant of Canada's navy, the grey aircraft carrier H. M.C.S. Magnificent slipped into the sheltered waters of Courtenay Bay today for a 10-day visit to Saint John. The 17,400-ton flat top will undergo a check-up in dry dock.

It is her first visit to this port. She is scheduled to sail back to Halifax Oct. 2, refuel, and then visit Quebec City, Seven Islands, Charlottetown and Sydney, returning to Halifax Oct. 23.

(By The Canadian Press)

OTTAWA, Sept. 23—Canada probably will give new consideration to joining in the Berlin airlift if that supply lifeline of the German Capital has to be continued through the winter.

Government quarters gave strong indications today that Canada's non-participation stand would be reviewed by the Cabinet in the event of failure of continuing Allied Russian negotiations over the Berlin issue.

At the same time, it was stated that, even if Canada should decide to lend a hand in the lift, it is unlikely she would ask for any greater voice in formulating Allied policy on Germany.

Approach of winter with its increased burden on the lift has led Government opinion to swing around to the possibility of taking part in the airlift.

Previously, the Canadian position has been based on the fact Canada has not asked specifically for help and also on a belief that at any time the need for the lift might be removed.

As late as a fortnight ago, Prime Minister King expressed hope for a settlement.

But now the Berlin negotiations are viewed here less optimistically, and there is an increasing belief that the Allies—chiefly the United States and Britain at present—will have to supply Berlin by air through the winter.

So far, Empire countries that have volunteered aid are Australia, New Zealand and South Africa.

Just what Canada might contribute has not yet been considered to any extent, it is understood. It might be aircrew alone or both crews and planes.

Lovers' Quarrel Ends In Murder, Suicide

PARIS, Ont., Sept. 23 (CP)—A lovers' quarrel ended here today in an apparent murder and suicide. Police said Antanas Virbickas, 38, died from self-inflicted wounds six hours after he shot Stase Stankute, the 33-year-old woman he wanted to marry.

The romance between the Lithuanian-born couple, said to have started in a European displaced persons camp, came to a violent end when the hospital-laundry worker was shot three times through the heart in front of her room-mate.

Virbickas, employed at Branford, Ont., as a carpenter, is reported to have told National Employment Service officials there that he intended to marry Miss Stankute. Friends here say the woman told them she decided not to marry him because she preferred Canadians to European men.

"When he entered the bedroom Stase ran back and leaned against the bed with her arms in the air," Theresa Seusech, said she met Virbickas at the bottom of the stairs just after he slipped in the back door at about 6 a.m. She asked him what he was doing there so early. She couldn't recall his reply but he seemed excited as he pushed past her on his way up to Miss Stankute's room.

She said she heard four shots just as she was leaving for work.

"When I heard the first shot, I looked back through the front door and saw into the room. I saw Virbickas shoot himself just inside the door. He put his pistol to his head and fired it."

Vanguard Of Potato Pickers Here From N. S.

Between 800 and 900 potato pickers will be brought to the Island this season through the National Employment Service, stated officials here yesterday. A few have already arrived from Nova Scotia and a group of 35 is expected next Tuesday. Groups of pickers will continue to flow into the Province on Tuesdays and Thursdays for the next three weeks.

Orders for over 100 pickers have been received already from King's and Queen's County potato-growers who, it is expected, will require an

Patience Not Weakness, Tells Reds

PARIS, Sept. 23 (AP)—State Secretary Marshall told Russia today that the United States will not compromise on principles to win peace.

He also warned the Soviet Union that patience must not be misunderstood for weakness. That would be a tragic error, he said.

He did not mention Russia by name in his policy declaration to the United Nations General Assembly. But delegates who listened carefully agreed he was talking directly to the Soviet Union and her satellites.

Marshall was preceded only by the Philippines in the Assembly's opening general debate. Informed sources said he requested that early

Expect Report On Cripps' Talks Sometime Today

OTTAWA, Sept. 23 (CP)—Official secrecy will shield developments in the Anglo-Canadian economic talks here but some light might be shed upon them tomorrow.

Official sources said the discussions, in progress since Monday, will end late tonight and that a joint communique will be issued tomorrow, possibly in the morning.

One spokesman said that the talks had been "exploratory" and that no decisions had been taken.

Sir Stafford Cripps and Acting Prime Minister St. Laurent, the two main participants, emerged from the East Block of the Parliament Buildings late today and posed for newspaper photographers but said they had no comment to make.

"We are dining together this evening," he said.

Canadian Says Russian Story Of Wife 'Cooked Up'

(By The Canadian Press)

MOSCOW, Sept. 23—Zvezda said today that eight more Russian wives—one married to a Canadian, the others to Britons and Americans—have sent letters saying that they do not want to leave Russia.

A regular divorce announcement also appeared in the Government paper concerning Mrs. Eleanor Power, wife of George Power, now Canadian vice-consul in Detroit.

(In Detroit, Power, a native of Saint John, N.B., and formerly a Canadian Embassy official in Moscow, said that the former ballerina Eleanor Kuznetsova divorced him some time ago and that she already has remarried.)

(He termed as a "wonderfully cooked-up story" the letter appearing in Zvezda which said that Mrs. Power, along with seven other Russian women who married Americans or Britons had protested against the slanderous anti-Soviet campaign in the Anglo-American press about the Soviet wives question.)

(Power said his wife divorced him after she was refused a visa to leave Moscow. The visa was refused "for any one of a hundred reasons." They were married in 1945.)

"In their letters," Zvezda said, the wives have informed us that they, at a previous date, have submitted declarations of their intentions not to leave the Soviet Union and have instigated suits for divorce against their husbands."

Last Friday a Russian woman, Maria Aish, said in a letter to Zvezda she did not want to join her husband in Scotland.

(Alfred Hall, who has been leading a fight for British Government action to get Russian wives of Britons out of Russia, said the letter was "obviously phony.")

He said Charles Aish, the woman's husband received two affectionate letters from Maria this year saying she would "never give up her marriage."

(Foreign Secretary Bevin said today Britain will support a Canadian motion at the United Nations Assembly for release of Russian wives of foreign husbands.)

(Bevin, now in Paris, made the statement to Hall, spokesman for the British husbands of Soviet wives. Hall's organization started agitation months ago for the release of the wives.)

Fleming Enters Race For Conservative Leadership

OTTAWA, Sept. 23 (CP)—Donald M. Fleming, young and aggressive Toronto lawyer and parliamentarian, today threw the Progressive Conservative leadership contest into a four-way race by announcing he is out for the job.

Mr. Fleming, 43-year-old Commons member for Toronto Eglington, became the youngest of the contestants who are committed candidates at the party convention opening here Sept. 30.

He will go up against Premier Drew of Ontario, John Diefenbaker, M.P. for Lake Centre, Grey North, Ont., M.P. for Grey North, Ont. These are the only others in the field at present for the leadership to be given up by John Bracken.

An earlier announced candidate—J.W. Hanna, member of the Ontario Legislature for Huron-Bruce—has announced he is withdrawing and supporting Premier Drew.

Today, Mr. Case issued a statement re-affirming his own candidature in the light of Mr. Hanna's withdrawal. He also said it was "hardly proper" for a retiring candidate to indicate support for another contestant.

In a confident declaration of his intentions, Mr. Fleming indicated he would base his fight to some extent on a belief that he can pull support for his party out of

Maritime Breeder To Judge Ontario Jerseys

SIMCOE, Ont., Sept. 23—A Maritime Jersey breeder will judge a show for what is believed to be the first time in Ontario when Gilbert C. Robinson of Harvey Station, N.B., will officiate at the Jersey contests at the Norfolk County Fair here, Oct. 5.

Mr. Robinson is one of the outstanding Jersey breeders in the Maritimes.

Ontario Agriculture Minister Kennedy will open the fair.
