FEATHERS AND EGGSHELLS.

A stale egg naturally dries up, and thus the air space within grows larger. Place a fresh and stale egg in water and the latter will soon be covered with bubbles. Perhaps it's one of those historic hot air, haymow, nest eggs.

New Jersey seems to be a paradise for chicken thieves. A thief stole 200 fowls from a Burlington farmer and stopped at the next farm and stole corn to fatten them. The Vineland Poultry association offers \$100 for the thief who stole forty-five show birds from a member.

While a fully matured Mammoth Bronze turkey from weights thirty-six pounds and a White Holland twenty-five pounds, it requires one year longer for the Bronze to mature.

A woman of Ocean Springs, Miss., was recently sent to the penitentiary for stealing a half pound of butter and two eggs. Her sentence was seven years, and it was affirmed by the supreme court. Too awful sad for comment when so called justice gives such a terror for so small an offense and then steal a million and steal on and on.

A foreigner in Pottsville, Pa., instead of killing his Thanksgiving duck with his stiletto went into his backyard and killed it with a shotgun. As unnaturalized foreigners in Pennsylvania dare not own guns, he was arrested, fined \$31, and his gun was confiscated. With such luck could he be thankful over that duck?

The United States agricultural report for \$8,700,000,000 and beats the record by \$260,000,000. Now, if the poultry census is thorough, as promised by authorities, the people of this country will get a greater surprise. Please get ready to be stunned.

A new use for chicken is reported from St. Joseph's hospital, Omaha, Neb., where a portion of a child's diseased jawbone was removed and a piece of chicken bone inserted. The operation was a success. Jaw wrenchers may now swing their talk machines without fear, for chicken bone substitutes are not dear.

Pursuant to, and by virtue of, a decretal order made in the above cause on the third day of October, A. D., 1910, by the Honorable the Vice-Chancellor, and to me entrusted for execution, I will set up and sell at public auction on the premises, on Wednesday, the 16th day of November next (1910), at the hour of twelve o'clock noon, all that tract, piece or parcel of land situated, lying and being on Lot 32 in Queen's County bounded as follows, that is to say:—

Commencing on the west bank or shore of the North River at the north boundary of land in possession of Benjamin Dockendorff, thence running south 88 degrees and 31 minutes west by the magnet of the year 1764 along the said north boundary of Benjamin Dockendorff's land for the distance of 108 chains and 30 links, or to the east boundary of land in the possession of James Drake, thence north 3 degrees and 50 minutes west along the same a sufficient distance to give a rectangular width of 7 chains and 56 links, thence north 88 degrees and 35 minutes east to the east side of the North River, thence northwardly along the same 5 chains and 75 links or to the south side of the old Ferry Road, thence easterly along the said road to the shore of the North River aforesaid, thence southwardly along the said shore to the place of commencement, containing by estimation one hundred acres of land a little more or less.

Also all that lot of land on said Lot 32 being the strip of land on the north side of the Ferry Road at the rear of the farms of the late Clement G. White, the late Joseph McKenzie, Hugh McEwen's and Donald McDonald's farms containing about four acres.

The said lands will be sold free of dower and free of all incumbrances.

The sale will be confirmed by the Court of Chancery without expense to the purchaser.

A deposit of ten per cent. of the purchase money will be required from the purchaser on the premises being knocked down to him at the sale and the balance on the delivery of the deed.

Dated this 17th day of October, A. D., 1910.

This will Stop Your Cough in a Hurry

Save \$2 by Making This Cough Syrup at Home.

This recipe makes 16 ounces of better cough syrup than you could buy ready-made for \$2.50. A few doses usually conquer the most obstinate cough — stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix two cups of granulated sugar with one cup of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 16 oz. bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, bronchitis, asthma and all throat and lung troubles.

The effect of pine on the membranes is well known. Pinex is the most valuable concentrated compound of Norwegian white pine extract, and is rich in gualcol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe has attained great popularity throughout the United States and Canada. It has often been imitated, though never successfully.

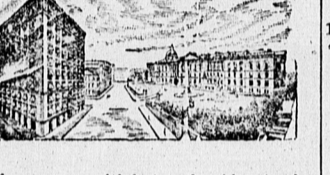

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

QUACK! QUACK! QUACK!

There are folks in every neighborhood Who surely have the knack To keep the whole place lively With their quack, quack, quack!

There's that gossip with the twisting tongue,
When do you pray your prayers?
Who quacketh here and quacketh there
And quacketh back again.

Oh, you old quack, when do you sleep?
How do you eat your grub
With tongue a-twirling overtime
A-rub-a-dub-a-dub?

Then there's that Mr. Goody Good,
Who thinks all others black.
He tells us all our awful faults
With his quack, quack, quack!

Look here, you whitewashed Pharisee!
When do you practice what you preach
With tongue always in play?

I fear when you reach yonder gate
Peter will say to you: "Too late!
You can't come in because you're lacking.
You wasted your whole life a-quacking."

But now, test you charge me with quack-
ing.
I guess I'd better just be slacking.
For if I mention every quack
I might put you, too, on the rack.

My patented pressure valve is giving perfect satisfaction to every user. It is easier installed gives better results and is more economical than any other system.

Read what Mr. Prowse says:—
Answering your inquiry regarding the performance of the Hot Water pressure system lately installed by you in the Arena Bank, may say that it is giving every satisfaction, replacing five stoves, and as nearly as we can calculate using no more coal than was used by two of them, besides giving us very much less trouble and much less risk of firing the building.
