To the Holders of WAR LOAN AND VICTORY BONDS

A Statement by the Minister of Finance

IN THE dark days of the War, Canadians loaned to the Government of the Dominion many hundred millions of dollars to enable the operations of the Allies to be carried to a successful conclusion.

maturity date of the present bonds, those who accept this offer will, of course, continue to be paid interest at the rate as provided by the bonds they exchange.

When Canadians loaned their money to the Government, they received bonds which were promises to repay them the sum loaned with interest at the rate of 5% or 5 1/2% per annum.

Canadians who have always shown confidence in their country are earnestly invited to exchange the bonds they now own for bonds of the new issue.

It would not be prudent, either in the interest of the security holders or the country itself, to wait until these loans become due before providing for their payment or conversion.

No money will be asked for and no new bonds will be sold at this time. It is proposed to limit the present conversion to \$250,000,000, but the Government has the right at its discretion to increase the amount if Canadians indicate a general desire to continue their investments in the securities of their Dominion.

I earnestly seek the active support of my fellow Canadians in making this conversion, which is one of the largest financial operations our country has undertaken in recent years, creditable alike to Canada and its citizens.

Signature of the Minister of Finance, R. St. Laurent.

DEATH OF WIFE MAY CAUSE ARIZONA'S GOVERNOR TO QUIT

BY GEORGE D. CRISSEY (United Press Staff Correspondent)

PHOENIX, Ariz., May 12. (U. P.)—George W. P. Hunt, the "champion governor" of the United States, may withdraw from public life as a result of the recent death of his wife in the opinion of political observers here.

The zest of winning, probably won't be the same, it is explained. Mrs. Hunt, a former cowgirl, who helped her pioneer father bring his cattle herds from Texas to the territory of Arizona almost half a century ago, died recently following an operation.

Governor Hunt, now serving his seventh term as Arizona's chief executive has always been aggressive in public life and frankly enjoyed his reputation for being a "fighter."

For thirteen years Mrs. Hunt enjoyed the admiration of Arizona while serving as its first lady. In 1920 she accompanied her husband to Siam where for a time he was U. S. Minister in the closing days of President Wilson's administration.

Governor Hunt is seventy two. The last campaign was a severe tax on his strength, causing his supporters to wonder if he will quietly withdraw at conclusion of his present term.

BRITISH JAILED FOR THEIR DEBTS

LONDON, May 12. (U. P.)—Nearly two and a half thousand people served terms of imprisonment for debt in Brixton Jail, London, last year, despite the fact that imprisonment for debt was abolished, in principle, during the last century.

The actual figures for last year were 2419, and are regarded here as startling, although Brixton Jail is today, the only debtor's prison for London, and the total is a small decimal point of population percentage.
