SUFFRAGE LEADERS IN BRITAIN ARE PLEASED

See End to Wrangle Troubling Country for Years.

LONDON, Jan. 18.—The morning newspapers welcome heartily the decision of the House of Lords on the man suffrage, which gives the vote to about six million women and ends the long wrangle which has troubled the country for years.

It is true that the third reading of the bill is yet to be taken and a motion to submit the question to a referendum is to be disposed of, but it is believed that this has any prospects of success even if pressed to a vote.

Leaders of the suffrage cause, many of whom were in the lobby of the House of Lords during the debate yesterday, did not conceal their joy. Mr. Millicent C. Fawcett, a veteran champion of the woman suffrage movement, and who has worked tirelessly for its success for fifty years, said: "I don't say that everybody will be satisfied, but I think we will get the best when occasion arises. We certainly do not think of rushing in to ask for more immediately."

Miss Christabel Pankhurst said: "The vote will be used for the national good first, for promoting social reforms; second, for stimulating national defense, and third, for diluting democracy." Miss Pankhurst added that the women of Great Britain now had no ideal, namely, to assure victory, or the allies.

LONDON, Jan. 18.—The House of Lords yesterday rejected Lord Loreburn's amendment to the Representation of the People Bill, which was sought to exclude women from the franchise. The vote against the amendment was 13 to 69.

The new franchise bill before the House of Lords revealed strong opposition to woman suffrage. Lord Loreburn moved to amend the clause of the bill giving women the parliamentary vote. After a two-day debate the amendment was rejected. The debate showed one important point to the women's cause in the House of Lords, but Earl Loreburn, the Marquis of Landsdowne, Bar-

THEY GAVE HER VINOL AFTER SICKNESS

It Completely Restored Her Strength

Brooklyn, N. Y.—"Pneumonia left me weak and tired, with pains under my shoulder blades, a bad cough and no appetite. Five bottles of Vinol restored my strength and health. I gained in weight and my cough disappeared." Mrs. E. Richter, 332 Menhan St., Brooklyn, N. Y.

This is because Vinol is a constitutional, cod liver and iron remedy which creates an appetite, aids digestion, enriches the blood and in this natural manner restores health and strength on every bottle.

TO THE ELECTORS OF CHARLOTTETOWN

Ladies and Gentlemen: As already intimated in the public press, I have consented to place myself in nomination in the forthcoming Mayoralty Contest, in compliance with the requisition presented to me signed by some three hundred of the electors of Charlottetown.

If elected to that honorable position I pledge myself to do my utmost as Chief Magistrate to promote any forward movement that the progressive electors of Charlottetown may agree upon, such as City Ownership of Public Utilities, Street Tramway or Motor Bus Service, the establishing of an up-to-date Fire Alarm system and better equipping the Fire Department, assisting the Board of Trade in securing better transportation services and many other concessions which are so much needed to improve conditions.

I further wish it to be distinctly understood that I shall to the utmost of my ability promote conditions which will be more favorable to the wage-earning population of our City.

I further promise to encourage and use every endeavor to induce capitalists to establish permanent industries so as to give employment to larger numbers of our citizens. In other words A BIGGER, BETTER AND BUSIER CHARLOTTETOWN

Yours respectfully, G. D. WRIGHT. 2107-1-11Frimt

Friday, and Earl Curzon strongly opposed placing the names of six million women on the voting register. They argued that the present House of Commons, which had been extended beyond its natural life, had no mandate to decide such a momentous question. Moreover, it was illogical if the vote was given to stipulate the age of thirty years as a qualification. Lord Curzon argued that wherever women had been granted the vote a stimulus had always been given to socialism.

THOUSANDS OF BIRDS KILLED BY STORM

LONDON, Oct. 17.—One result of the big storm has been to kill thousands of birds. Farmers report that dead birds are lying thick on the edge of many woods, among them many blue-birds. North of London all traffic is completely suspended, dozens of trains in the branch lines lying deep in drifts, where they stalled. Telephone information from Allsraig today is that as a result of the heavy rain given out, bakers are unable to bake any bread. An effort is being made to reach the town today.

HEADSTONES FOR GRAVES

LONDON, Jan. 19.—The Canadian Graves Commission, whose president is the Prince of Wales, which takes charge of the graves of all soldiers in France, while not sanctioning individuals themselves placing headstones over the graves of the fallen, has decided that it will itself place a individual headstone over each grave. The decision has been taken in order to assure uniformity in effect. Graves of officers and men will receive precisely equal treatment. All expenses will be borne by the Imperial Government.

Killed In Action

A gloom was cast over the community of Blooming Point on December 1st, when the sad news was received by Mr. Joseph A. McDonald, of that place, that his son Lance-Corporal James A. McDonald had been killed in action on November 11th. This gallant man who made the supreme sacrifice at the early age of 23, enlisted in Calgary, Alta., when he joined the 50th Battalion. Mr. McDonald left his native province in the year 1913, for the Western States, where he was employed until duty called him to give up a good position, that he might serve his country. In due time he crossed to England where he spent some time in Machine Gun training. He was then drafted in the 18th Battalion and sent to France in December 1915. After several months he was transferred to the Fourteenth Canadian Machine Gun Company being present at the battle of Vimy Ridge, where he was wounded. He was then admitted to No. 4 Hospital, and underwent treatment for several months. When he recovered he was sent to a hospital, which time he spent in visiting the land of his forefathers in Scotland. The latter part of August, 1917 he returned to his unit in France, and was soon in the thick of the fight again. He was killed instantly by the bursting of a shell at the battle of Passchendaele Ridge. He was to maintain their loss besides a sorrowing father, two brothers and one sister, Ronald Francis in the employ of the G. N. R. Company, and Roderick and Mary at home. DAYLIGHT AIR RAID IS MADE ON KARLSRUHE

LONDON, Jan. 19.—A successful daylight air raid has been made on Karlsruhe, according to a British official communication issued last night. The text of the statement says: "Most Successful Raid"

"Today our squadron carried out a most successful raid into Germany in broad daylight, their objective being the railway station and munitions factories at Karlsruhe. One and a quarter tons of bombs were dropped, with excellent results. Bursts were observed on building and sidings of the main railway junction in the centre of the town, on railway workshops, and a smaller junction in the town."

"Observers report that a very large fire was started in factories alongside the railway, which was confirmed by photographs taken after the raid. The anti-aircraft fire was very heavy and accurate over the objectives, and several hostile machines attacked our formation without success. All our aeroplanes reached their objectives, and returned safely."

400 Bombs Dropped at Roulers

"Bombing and attacks with machine guns from low altitudes were carried out incessantly. Sunday, over four hundred bombs were dropped on a large ammunition dump near Roulers, and on hostile billets, huts, and railway junctions. A

party of the enemy engaged in extinguishing a large fire attacked by machine gun fire was scattered, and the fire was left to run at will. "In combats seven hostile machines were driven down out of control. Another was forced to land intact behind our lines by anti-aircraft fire; the pilot was captured. Three of our machines are missing."

"During Sunday night our flying machines dropped bombs on Roulers and Meini." All reported safely."
