Mr. Kerr who is an army pensioner, came here from the United States, and for a time was engaged in nursing. He then went to board with Mr. and Mrs. Benjamin Crabbe, Kent Street West. Mr. Kerr was always an early riser and when he did not come down stairs at the usual hour this morning a member of the household who went to his room to give him a cup of tea, was shocked to find Mr. Kerr dead in bed. He had been complaining of acute indigestion last evening, but it was not thought that his condition was serious. The coroner was notified, and the body removed to Mr. Wright's Undertaking Parlors. Mr. Kerr has two sons in the United States, but the only immediate relative on the island is a niece, Mrs. Frank Jones, Pownal. The funeral notice will appear later.

Dr. Genge has already made a deep impression on the people of these districts and is being cordially welcomed to their homes. It is understood Dr. Genge is taking up his residence in Kensington this week and on Sunday last preached with great acceptance at both Kensington and Malpeque, before exceptionally large audiences.

TUESDAY
WELCOME HOME.—Mr. and Mrs. Donald Nicholson who are looking exceptionally well after spending the past three months in Florida, came home by way of Detroit, coming through Alabama and Tennessee where the thermometer registered 85 degrees. Mr. Nicholson reports a great boom in Florida, especially in the building line and real estate is being eagerly bought up. In St. Petersburg, a city of 20,000 Mr. Nicholson met three Islanders all of whom have succeeded and amassed considerable property. During the months of January and February it is estimated that about 100,000 people from the north visited this city. The visitors greatly enjoyed their trip and have come home full of the beauty of the South and its wonderful climate.

TALBOT-JENKINS.—A very pretty wedding was solemnized at the home of the bride's grandmother, Mrs. Flaiger, Denoon St., Pictou on Wednesday, May 6th when Mary Adelaide only daughter of Mr. and Mrs. Dan Talbot, was united in marriage to Mr. Cecil Talbot, son of Mr. and Mrs. J. D. Jenkins, Charlottetown. Rev. Frank Baird performed the ceremony. The bride looked very charming in a gown of peach and white pebbled crepe and carried a bouquet of sweetheart roses. The drawing room was decorated with white hyacinths and red tulips and the dining room in spring flowers. The bride's travelling gown was a fawn suit with hat and soft to match. The happy couple left on the 2.30 train for Halifax. They will reside at Mount Edward Road, Charlottetown. Among the out-of-town guests were: Mrs. K. Forbes, Miss Virginia MacDonald, Miss Katherine MacDonald, Miss Florence MacDonald, Miss Elizabeth Campbell of New Glasgow, Miss Marjorie Bruce and Mr. Williams, Charlottetown.

WEDNESDAY
—RECOVERED.—His many friends were glad to see Rev. Dr. Gauthier, Palmer Road in Summerside, recovered from his recent severe illness.

The death occurred in this city yesterday morning of Mr. Frank J. Bradley at the age of fifty-nine years. Although the late Mr. Bradley had been in failing health for some time, the end came quite unexpectedly.

There is left to mourn, besides a sorrowing widow, the following sons and daughters; Frank and Ernest at home; Annie, teaching in Eastern Canada, Mrs. J. Straff, Florence, Beesie, and Irene, all at home.

Mr. and Mrs. A. E. Morrison arrived home Monday night after a 32,000 mile journey and voyage around the world, both looking hale and hearty after a most enjoyable trip. Leaving Charlottetown on October 18th and after a visit of three weeks in Vancouver, B. C., to Mrs. Morrison's brother Albert McNeill, and some side trips to different cities they took passage at Vancouver on board the S. S. Niagara of the Canadian Australasian line for Sydney, Australia. After ten days of travel arrived at Honolulu, Hawaiian Islands. Here they spent a most enjoyable time, visiting the principal points of interest in and around Honolulu. This is a city of Japs, commodious stores and beautiful residences. The streets are wide, clean, well paved and the sidewalks and lawns masses of flowers. One of the notable features of the city and suburbs is its hedges which are simply masses of flowers and exquisite foliage. The Japanese are met with everywhere and appear to set the pace for all others, both in the social and business world. After this rest ashore they again embarked on the Niagara. The next port of call was Suva, Fiji Islands, where they spent another pleasant day amid unaccustomed surroundings. The Fiji Islanders are a fine race of people, well set up physically and very sociable and friendly. The natives are well drilled and alert. The city is in many respects as beautiful as Honolulu being artistically decorated with flowers, shrubs, hedges, etc., but less artistically so than Honolulu.

On the departure of the ship one of the city bands was at the pier and played a number of familiar airs concluding, as the ship moved off, with Auld Lang Syne and the British National Anthem. The next stop was at Auckland, New Zealand where they remained two days. This is a typically British city with a British population including a great number of Prince Edward Islanders, with whom Mr. and Mrs. Morrison conversed. At this point there were many interesting points to visit including the famous extinct volcanoes within a short distance of the city. The city is one of magnificent buildings and is well provided with open spaces, magnificent parks, race courses, etc. Trout fishing is one of the favorite sports and many visitors from Canada had the pleasure of angling successfully in some of the lakes and rivers which everywhere abound in beautiful trout equal even to the best in Prince Edward Island.

AN EARLY SWIMMER.—Mr. Lawrence McDonald of the Union Commercial Business College indulged in a refreshing swim in the Marine Park in the early part of the week and stated later that the water was fine. Mr. McDonald was also seen swimming the latter part of last November. Try and beat this.

OLD COUNTRY STEAMER.—The S. S. Pevelev, Capt. Pike arrived in this port from Glasgow, Scotland, with a full cargo of 2,000 tons of Scottish coal, yesterday afternoon. She made the trip in eight days. It has not yet been decided whether she will leave here in cargo or in ballast, but it is likely that she will proceed on her departure to the Great Lakes.

FURTHER PARTICULARS.—Mrs. Paul McCormac, 152 King St., has received the sad news of the drowning of her son John McCormac, age 30 years, unmarried, off Sable Island during the recent heavy storm. He was survived by his widowed mother of this city and one brother Alex. of Boston, two sisters Mrs. Laughlin McIntyre of Bay River, and Mrs. John McGinnis of this city.

ANNUAL MEETING.—The Annual Meeting of the Scotchfort Memorial Society was held last evening in the K. of C. Home. After the regular routine business was transacted, the date for the annual re-union for 1925 was decided on for July 1st. After which the election of officers for the ensuing year took place and resulted in the unanimous re-election of the following officers:—President, D. B. McDonald, Vice-President, D. J. McDonald, Secretary, Rev. Wm. V. Donald, Treasurer, Hon. Dr. W. P. McMillan, Directors, Rev. Mr. J. C. McLean, Rev. J. J. McDonald, Rev. J. C. McDonald, J. A. McMillan, M. P. P., and T. M. McMillan. After which the meeting adjourned.

line does not cross a single permanent stream of water. The plain is practically a desert in which nothing grows excepting some scrubby blue bush of grassy coloring and the salt bush with greyish green leaves. Grass comes in the spring but withers under the summer sun while the blue bush and salt bush go on forever, these curious plants being so constructed as to absorb even the dew that falls heavily in the desert.

The next stop was at Kalgoolie, the famous gold fields which are still being successfully worked. From there they went to Perth, in the West and thence to Bussellton where they met their old friend Mr. Fred Camilleri whom they had not seen for over twenty years. Here they remained for about six weeks fishing, shooting, camping out and otherwise enjoying themselves in a climate that was neither too hot nor too cold but just right for any undertaking.

Returning to Perth where they spent another week or ten days they set sail from Fremantle for Colombo, Ceylon. They had pronounced Honolulu and Suva exceedingly beautiful in their goings, some tropical foliage but they were obliged to admit that Colombo excelled them all. The natives in their brilliantly colored shawls and wraps, the rickshaws with their human horses, ox carts, elephants, donkeys and in short everything that was Indian and tropical made a never to be forgotten picture. Taking steamer they proceeded to Aden, then through the Suez Canal to Port Said, Egypt through the Mediterranean, skirting along the coast of Algeria, Malta, through Gibraltar, across the Bay of Biscay to Plymouth, London, Edinburgh. They spent six weeks in England and Scotland and sailed by the Empress of Scotland from Southampton, via Cherbourg, France for Quebec where they arrived last Sunday morning, thence home to what they both joyously hailed as God's country on Monday night.

THURSDAY
BODY TO ARRIVE.—Mr. N. D. McLean, funeral director, received a telegram yesterday stating that the body of the infant son of the late Mr. and Mrs. William Taylor will arrive in the city Friday night.

—TO SUPREME COURT.—At Alberton on Tuesday the preliminary enquiry of the charge of assault against the Alberton youths for occasioning actual bodily harm to Dawson Quigley was heard before Magistrates J.L. Thomson and P. N. Pate. It appears from the evidence that the assault took place on April fourth on the Gillian Bridge, about two miles from Alberton and Quigley deposed that he had been badly beaten and as a result was laid up for a week. The defendants contended that they were fishing on the bridge and did not molest him until they were first attacked, and that the blow Quigley received was given him by the oldest of the youths while defending himself. On account of the youthfulness of two of the boys and the small part they played in the affair the magistrate dismissed the charge against them but sent the oldest of the youths up for trial to the Supreme Court which meets in Summerside on June 9th. Mr. Heath Strong, K. C., appeared for the prosecution and Mr. Wilfred Tanton for the defence.

At the conclusion of the morning session of the P. E. I. Presbytery, the members of the Presbytery opposed to Union met and constituted the Provisional Presbytery of Prince Edward Island in connection with the continuing Presbyterian Church of Canada after June 10 1925. The ex-Moderator of the Presbytery, Rev. George S. Mitchell of Summerside, took the chair and called for nominations for moderator. The Presbytery decided to follow the usual custom of the Church and elected the senior minister of the Province, Rev. Geo. C. Taylor as Moderator for the following six months. Rev. William Orr Mulligan was elected Clerk.

Arrangements are being made to send a strong delegation of Island representatives to Toronto to the Presbyterian Congress which is to meet there June 8-13. A list of the congregations, fields, in the Province will be issued in a few days by a statement of policy to be followed by the continuing Church. The Provisional Presbytery is slated to meet in Zion Church Hall on June 2nd.

The concluding sederunt of the P. E. I. Presbytery was held in the Zion Church Hall yesterday morning when several items of interest to congregations were dealt with. A protest was entered against the ruling out of the Mount Stewart petition to the Presbytery, on the grounds that the Presbytery had over looked technicalities where the Unionists were concerned, but had shown an ungenerous disposition to stick to the letter of the law where the Antis were concerned. The Presbytery decided to have one hundred pamphlets of the local Provincial Church Union Act printed and distributed among the different congregations over which they had jurisdiction. The Rev. John Sterling intimated a desire to resign from the pastorate of Montague in the hope of facilitating a local union of the Methodist and Presbyterian forces in that town. Some members of the court strongly objected to such a procedure at the present time and thought that it was a matter to be dealt with after the United Church of Canada was established. This was the view that prevailed.

The Rev. George Miller of New London was appointed a Commissioner in the place of the Rev. M. McPherson of Hampton who has resigned. The Presbytery agreed to record a protest of the Rev. W. Orr Mulligan and others on the Presbytery's action in resolving to enter the United Church of Canada and intimated their purpose to continue to carry on the work of the Presbyterian Church without any break in continuity. They further made a request that the official records of the court be handed over to the cloth of the continuing Presbytery on or before the date set for the consummation of Union.

A special meeting of the Presbytery will take place at Uxg on May 25th to consider the resignation of the Rev. J. W. McKenzie, Belfast.

The community was startled and shocked yesterday evening on learning of the sudden death of one of our most highly esteemed citizens, Mr. Alfred Philip Large which occurred about 6 p.m. Mr. Large was in his usual health, had been about his business as usual and after eating his evening meal in his usual way, sat down to read a magazine when he suddenly expired, without even exhibiting any symptoms of pain.
