CANDY CAUSED DEATH OF A FRENCH TENOR

PARIS, Dec 28—The arrest here of a young saleswoman, in a department store, has uncovered a poison by mail mystery. According to the police chocolates containing arsenic were sent through the mails to a person who failed to partake of them but an inoffensive guest, a tenor at the opera, ate several and died a few hours later. The sender of the poisoned candy it is stated was discovered by mere accident.

AN EXCELLENT WEEKLY.

The Canadian Courier has entered upon its fourth year of publication and continues to make wonderful progress. For many years Canada was without a national illustrated weekly, and when the Canadian Courier was started there were not many who believed that the country was big enough to support such an expensive publication. It was recognized, however, that John A. Cooper, who had been editor of the Canadian Magazine for more than ten years, was not likely to embark on such an enterprise without due consideration. That he has been able to duplicate his success and to produce a periodical which finds a ready sale from coast to coast is a matter for congratulation. National periodicals are an important feature in the growth of national unity, and it is pleasant to know that Canada now possesses several of these. We heartily wish The Canadian Courier long life and continued influence and success.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear and the hearing is lost and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO, Toledo, O. Sold by all Druggists 75c. Take Hall's Family Pills for constipation.

ONCE STENOGRAPHER, NOW AN "OIL QUEEN"

NEW YORK, Dec 28—In Kentucky there is a woman, Mrs Ora Hood Russell, who in a little over a dozen years rose from a lawyer's stenographer at \$10 a week to be one of the richest women in the State and perhaps "oil queen" of the world. It is a surpassing twentieth century record, according to a story in the Bookkeeper. Miss Hood went to work 10 years ago, at the age of 15, as the stenographer of a Chicago lawyer. Later she obtained a position as amanuensis to a minister who was editing a series of books. There she met W. H. Russell, an oil operator, and they were married. But they were separated some time later, and Mrs Russell, with some money and a knowledge of oil, went travelling in South America.

amazon, has gone without sleep continuously for the past 33 years on account of a blow on the head. Ever since he has been a medical enigma. Ordinary cuts and bruises on the body he did not feel in the slightest. A few days ago Stephens fell and struck his head on the slippery sidewalk. Immediately his sleepless condition became reversed, and now it is almost impossible for him to remain awake long enough to eat his meals. His body is as sensitive as the ordinary man's to superficial wounds and the loss of nearly 100,000 hours of sleep bears heavily upon him. This is the only instance on record of a human being going without sleep and apparently being unaffected in general health.
