THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Charlottetown

The latest news first of all. Charles McDonald, Georgetown, left this City for home last night. Mrs. James Robertson, Mt. Hope is visiting relatives and friends in Mayfield. Dr. G. E. Warburton, City, was a passenger to this City by the mail special yesterday. On account of the soft weather the Montague skate in the Arena last night was postponed. Miss Laura Dickieson, teacher at Mayfield, has resumed her work after spending her holidays with friends in Summerside. George and Mrs. Dillon and little daughter have returned to Montague from a visit to William and Mrs. Dillon, Grafton St. Billy Powers and Jack McInnis, Sydney, who have spent the past week visiting in Charlottetown have returned to their homes. Among the visitors to this City Tuesday were J. J. Hughes, Souris; Miss Mary Hughes, Mil Cove; J. D. and Mrs. Knight, Cardigan.

The postponed meeting of the Farmers' Institute, to be held last Tuesday night, will be held at Bethel School-house at 6 p. m. tonight. The schooners at the wharves are loosening up. The thaw is making a clean sweep. The roads are about bare and wheels are reported to run better than sleighs. Frank G. Trainor, of Bedford, who is employed on the Grand Trunk Pacific's line of construction near Ottawa, is in a hospital in that city suffering with a broken leg. The price of loose hay in the Charlottetown markets in yesterday's issue should have read fifty cents per cwt. and the price of loose straw twenty-five to thirty cents per cwt.

Advertisers are requested to have their "changes" in for the Morning Daily and the Rural Daily not later than ten a. m. on Friday of each week as part of the big Saturday issue is printed on Friday. In the Police Court news in Monday's issue R. H. Ramsay appeared as a witness against James Doyle for alleged theft from the Marine Wharf. This throws no censure on Mr. Ramsay as he is time-keeper at the wharf and only appeared in the interests of the department. Marston & Russell, wholesale commission dealers at 119 Atlantic Avenue, Boston, obtain the highest prices at all times for smelts and eels sent them, and are prepared to dispose of large consignments from this Province. They solicit orders and will make prompt and satisfactory returns.

Shippers in this Province are asked to write Minagh and Smith, 138 Fulton Market, New York, before pricing their consignments of smelts and eels. They are prepared to handle large quantities through their transfer agents S. B. Wiley & Son, Boston, to pay highest market prices and make prompt returns. It is stated that persons in the vicinity of Village Green and Mount Melick are putting out poison with the object of securing foxes. This is contrary to law. One party from a distance is said to use herring for bait in connection with poison. In any case this use of poison if not at once discontinued is likely to lead to prosecution of the offenders. It is to be hoped they will accept this notice and save themselves from penalty.

The Poultry Association held a meeting Tuesday night at which final arrangements for the coming Poultry Show were completed. The editors of the Charlottetown dailies and the Summerside press were elected honorary members of the Association as were also the gentlemen who donated the silver cups as special prizes. All that is necessary to make the show a complete success in a fine weather and the patronage of the public. The complete list of entries comprises 270 birds. Exam. 6th. James McIntyre plasterer of Milton has complained to the authorities that he was robbed of two watches and \$20.00 in cash by two Charlottetown men about the middle of October last. His story is that he left town for Milton in company with these men in a buggy, and that when near Milton church they threw him out of the road and went through his pockets. He was picked up unconscious and taken to his home where he was laid up for two weeks vomiting blood and suffering severely from a bruised body. As a result he lost a winter's job at Moncton and work at Summerside. He admits having been drinking in the evening in question. He had just come from Cardigan, where he had received \$32.00 for work.—Pat. 5th.

"At Washington before the Ways and Means Committee of the 60th Congress of the United States, "Salada" Tea was spoken of as the "King of Teas." Gordon's Creo-Cod Liver Oil immediately relieves and quickly cures coughs, colds and sore throat, also beneficial for bronchitis, asthma, whooping cough and all inflammations of the throat and lungs.—Sold at 25c a bottle by A. W. Reddin, Pharm. B.

When shipping smelts and eels to Boston consigners are asked to remember Frank J. Leach & Co., 14 T. Wharf, who have for many years past been doing business with shippers in this Province. Stencils will be sent where required, and prompt and satisfactory returns with a ready market are assured. In the Police Court yesterday the only case before the Magistrate was that of Henry Palmer on a charge of vagrancy, and who had been remanded since last Thursday. He said he would work if he had or could get anything to do, but was unable to get any, since the work on the railway wharf stopped. Only two witnesses were called, Policeman Walker and Kiggins. Palmer again asserted that he thought he was arrested "any old time" which was unfair. He thought he wasn't given fair chances in the City at all. Richard Elliott, who has been somewhat in the public eye for some days because he gave information against Palmer was present but was not called upon. The case was dismissed.

"Reserve Monday evening the 11th of January, for the Rev. Edwin Smith's lecture in New Wonderland, on Newfoundland. It is illustrated throughout, with over a hundred stereoscopic views, the lecture is one of the best in Canada, and the prize remains the same, five cents to be admitted. From eight until nine a few reserved seats will be obtainable but these can be purchased before the lecture comes off.

The harbor is about clear of ice. East River and North River are opening up for some distance but the wind has brought considerable ice to the mouth of the harbor where it is jammed up as far as can be seen. Rev. Edwin Smith will be heard in illustrated lecture in New Wonderland next Monday evening. Pictures will be shown before and after the lecture.

The Saturday supplement of the Toronto Globe contains among its illustrations a half tone picture from a photo by Prof. C. J. McMillan of this City. The specialties by Brown and Wilmot and the moving pictures at New Wonderland tonight are splendid as will be seen by the reader on page four.
