CONSTRUCTION BILL PASSES IN COMMONS

NRA UNCONSTITUTIONAL RULES COURT

Bill Appropriates \$18,000,000 For Public Works

CONFUSION FOLLOWS DECISION

Employers Urged To Carry On Under Codes Pending Action.

(A. P. By Guardian's Special Wire) WASHINGTON, May 27—The NRA, the vast code structure tumbled by a sweeping United States Supreme Court decision of unconstitutionality, tonight suspended "all methods of compulsory enforcement."

Acting a few hours after the high court held unanimously that President Roosevelt had been given too much "unfettered" authority in proclaiming codes, and that code provisions went too far in regulations affecting intra-state commerce, the New Deal administration took two preliminary steps.

Donald Richberg, NRA administrator, after a conference with President Roosevelt, issued a plea that employers continue to operate under their codes until some new structure could be reared.

In the same statement Richberg added: "This decision of the court makes codes of fair competition unenforceable as a matter of law and in deference to the ruling all methods of compulsory enforcement of the codes will be immediately suspended."

"This will not affect the enforcement of any contractual obligations which may have arisen by agreement of the parties requiring no sanction of a federal authority."

Confusion followed the court's decision, delivered in the tense atmosphere of a crowded courtroom by Chief Justice Charles Evans Hughes.

Sweepingly, he ruled that in the A. L. Schechter poultry company case, upon which the decision was based, that Congress had no authority.

Forest Fires Sweep Through Eastern Canada

Fire Fighting Squads Battle Flames Threatening Lives And Property In Four Provinces.

(C. P. By Guardian's Special Wire) From the Atlantic coast to Northern Ontario Canada was hoping for heavy rains today as the scourge of spring-forest fires spread its pall of smoke and blight of damage over the country's wooded lands.

While the little hospital at Callander, Ont., upon which the eyes of the world were centered as the Dionne quintuplets today passed their first milestone, was no longer threatened 68 settlers lost their homes in the Province of Quebec yesterday when flames sweeping through the Matapedia Valley, the Chocoumadi district and the Temiskaming encroached upon settlements.

In parts of Nova Scotia and New Brunswick, throughout rural Quebec and over wide territories in Ontario authorities summoned fire-fighting squads to the woods to save lives and property. Up to last night no loss of life or accidents had been reported.

SECOND RANSOM NOTE AWAITED BY FAMILY

Note, Boasting of Crime, Bears Similarity to Those Sent by Kidnapper of the Lindbergh Baby.

(A. P. By Guardian's Special Wire) TACOMA, Wash., May 27—The anguished parents of little George Weyerhaeuser made a second frantic plea to the kidnapers of their nine-year-old son today as searchers turned up the first clues pointing to how the child had been abducted for \$200,000 ransom.

Fearful of the curly-haired lad's life, concentrated law enforcement agencies, headed by picked detachments of Justice agents, bowed to the wishes of the family in giving the kidnapers every chance to return him unharmed.

Threats against the boy's life, if the ransom is not paid soon, were contained in the ransom note, a note which investigators said bore a marked similarity to those sent by the kidnapper of baby Charles Augustus Lindbergh, Jr.

Sentenced To 25 Year Terms

(C. P. By Guardian's Special Wire) OTTAWA, May 27—The House of Commons today voted down an amendment to the government's \$33,000,000 construction bill to force public advertisement of tenders. It was designed to abolish the system introduced last year of obtaining tenders from an invited list of contractors which Liberal members said resulted in political jobbing.

Opposition Amendment Is Defeated

(C. P. By Guardian's Special Wire) OTTAWA, May 27—The government is reconsidering the dumping duty of three cents a pound imposed on fresh tomatoes entering Canada after May 31, it was learned today. Protests have been received from importers in various parts of Canada.

Bill Appropriates \$18,000,000 For Public Works

Goes To Senate For Final Consideration Following Third Reading Without Division.

(C. P. By Guardian's Special Wire) OTTAWA, May 27—The government's \$33,000,000 construction bill passed through the House of Commons tonight, including guarantees of \$15,000,000 to the Canadian National and Canadian Pacific Railways for equipment purchases. The bill goes to the Senate for final consideration.

Adopting a different attitude today, the House buckled down to work on the bill, forgetting blockade methods, and rushed the measure through committee stage. It passed third reading without division a few minutes before the 11 o'clock adjournment hour.

Provisions of Bill
Introduced in the House the day before the Easter recess, the bill appropriates \$18,000,000 for public works in various parts of the country and empowers the government to guarantee equipment purchases for the railways.

Of the \$15,000,000 in railway equipment, \$4,000,000 will be spent in Canadian National and Canadian Pacific shops, the balance going to private companies, Railway Minister R. J. Manion announced. The distribution, he said, was fixed by the railways themselves who claimed their shops were not equipped to handle more than \$4,000,000 in repairs. In addition, the railways did not want private companies to be forced to the wall through lack of work because it would force them to spend money to equip their own shops.

Claim Sweatshop Conditions
Two Labor members, A. A. Heaps (Winnipeg North) and Angus MacInnis (Vancouver South) claimed sweatshop conditions existed among the private equipment manufacturers. The Vancouver member said he had been informed wages as low as 10 cents an hour were paid, promising to give names to the Railway Minister.

Dr. Manion promised to press the railways to see government fair wage regulations were included in their equipment contracts.

BID FAREWELL TO DR. BONNELL

(C. P. By Guardian's Special Wire) WINNIPEG, May 27—Ending six years service here, Rev. Dr. John Sutherland Bonnell bade farewell to Winnipeg tonight and prepared to leave for New York where he will become minister of Fifth Avenue Presbyterian Church next Sunday.

Hundreds gathered at Westminster United Church to attend the farewell reception to Dr. Bonnell and Mrs. Bonnell, and presentations were made to them on behalf of the congregation.

"A great deal has been said during these recent weeks about what I have done for Westminster Church," said Dr. Bonnell in his farewell address. "But very little has been said of what Westminster Church has done for me."

"Congregations exercise a determining influence on the lives of their ministers, and tonight I gladly acknowledge that you have done more for me than I can ever acknowledge or repay."

before the end of 1935 in order to prevent the lapsing of treaty limitations. In view of Hitler's projected naval building program Germany's participation as well as Russia's is considered important. It was believed at the Anglo-German talks and after London will press for such a conference. The signatories to the expiring naval treaty, Great Britain, the United States, Japan, France and Italy, would be expected to attend. The British are not sanguine over the prospects for any naval agreement in view of the failure of preliminary talks with the United States and Japan last year.

Closing Exercises Of Horton Academy Held Last Night.

(C. P. By Guardian's Special Wire) WOLFVILLE, N. S., May 27—Byron Coburn of Saint John was awarded the Governor General's medal at the annual closing exercises of Horton Academy tonight, when nearly 50 diplomas and certificates were presented by Principal E. W. Robinson.

The Saint John student not only had a high scholastic standing but showed the finest spirit at all times and willingness to help others, speakers said. The students gave him a rousing ovation.

A \$60 scholarship at Acadia University was awarded to Elmer Murtart of Carleton, P. E. I., and a \$40 scholarship to Clarence Wright of Brookfield, N. S. Illness prevented both winners from attending the exercises tonight.

The program included a brief debate on the resolution "that the censorship of moving pictures should be abolished." Fred Dickinson of
