SCOUTS SEARCH FOR MAN — A group of Rover Scouts assisted in the search for Allison Leavitt, Alberton, who has not been seen since the night of the 13th of Nov. It is feared the young man has met his death in the Fulberton Marsh.

HOME DAMAGED — During Tuesday night, fire, supposedly from an overheated furnace, badly damaged the home of Mr. Wesley Wood, at Hazelbrook. The fire worked its way through the wall partitions and considerable cutting was necessary before it was extinguished.

SURPRISE SHOWER — A surprise shower was tendered to Miss Annie Arsenault, Charlottetown, at the home of Mrs. Leo Wood, Summerdale, on Thursday last. Mrs. Carl Wood opened the presents, while Mrs. Pauline Gallant read the verses. Miss Arsenault, in a capable manner, thanked those present for their hospitality. Miss Wood assisted in serving lunch by her sisters, the Misses Ellis, Clara, Mary and Margaret McNeill. The party closed by singing "For She's a Jolly Good Fellow."

SECTION B DEBATE — Resolved that the burning down of the old Prince of Wales College building in 1932 has been a benefit to Prince Edward Island, was the subject for debate in Section B of the Debating Society. The pro speakers were: Cyril Johnston, Nell Price, and Verge Stewart. The con speakers were: Mack Murdoch and Rowan Fitzgerald. The critic was Robert Dawson. The vote resulted in pro, 12; con, 6. At the conclusion of the debate, the Honorary President, Prof. Blanchard, gave a very interesting description of the old college building and compared it with the present one.

Y'S MENETTES ORGANIZE — A well attended meeting of ladies whose husbands are members of the Y's Men's Club was held yesterday afternoon at the Y.M.C.A. The ladies of the Y's Men have been very ready to assist the club in carrying on its work in the Y.M.C.A. and the purpose of the meeting yesterday was to consider a definite organization of the ladies which would assume responsibilities as decided upon from time to time in serving as a Y's Men's Club auxiliary. The organization of such an auxiliary conforms to a plan followed in numerous cities across the continent where Y's Men's Clubs are at work. Mr. J. M. MacPadyen, an active member of the club, indicated the opportunities for service on the part of an auxiliary as proposed. Norville E. Luck, General Secretary of the Y.M.C.A., made a statement pointing out programme projects which the auxiliary might undertake and which would strengthen the work of the Y's Men's Club and the Association generally. The discussion gave expression to general agreement as to the values which would accrue from the activities of such an auxiliary and definite organization was proceeded with. The officers elected are as follows: President, Mrs. A. M. Douglas; Vice President, Mrs. Reul LaPage; Secretary, Mrs. Geo. Craik; Treasurer, Mrs. Windsor Campbell; Executive Members, Mrs. Claude Smith, Mrs. E. V. Bell, Mrs. Harry Outmore. The Ladies Auxiliary of the Y.M.C.A. and the Y's Menettes will cooperate in major undertakings on behalf of the Association while at the same time each organization will have a distinctive place and function in the enlarged service now assumed as a result of this new organization.

SPEAKS ON SOCIAL SERVICE

At the close of the regular prayer meeting in the Hearts Memorial Hall last night Rev. John Coburn, D. D., addressed the audience on the findings of the commission appointed by the General Council of the United Church to inquire into existing conditions. This commission, appointed two years ago, consisted of men taken from finance, industry, education, and church life. The commission set out to study what is the Christian standard of principle which should govern the social order. The speaker then went on to cite some of the good things the present industrial system has produced, such as the introduction of machinery and the increase in the productive power of man, which has greatly raised the standard of living. The increase in the number of schools, colleges, hospitals and similar institutions. Some of the defects mentioned, it being shown that despite the enormous gain in the material wealth there is a dearth in the midst of plenty. Humanity is in a position to give every man, woman and child, not only the necessities of life, but many of the luxuries of life.

Symptoms of the failure of the present system mentioned were, first, which the speaker stated is the dominant emotion in the world today. Unemployment, which is an inevitable result of the present economic system. Inequitable distribution of the national income. The United Church maintains, the speaker affirmed, that wealth is placed in the world by God for the use of all men, not that a few might become millionaires. The present distribution of wealth is inequitable, immoral, and un-Christian.

The commission attempted to analyze and find out the causes of the failure of the present industrial system. One of these causes is the false view of wealth. Too often, in the present day, has wealth become the standard of value. The higher or lower class are measured, not in terms of intelligence or morality, but in terms of wealth. Another cause mentioned, Rev. Mr. Coburn mentioned, is the spiritual view of property, which is now too often the means by which a man or a group of men control the lives of others. The interest of modern business; communism, by which one man gets the church claims, is in direct opposition to the Christian religion.

The commission found that two causes of thought exist within the church. One is the complete destruction of the capitalist system, and replacing it with a socialistic one. The other group favor a form of Christianized capitalism. The speaker stated that it is not the part of the church to dictate the means by which the problem may be solved; it is not the engineer but the light of the new social order. The task of the church, stated Dr. Coburn, is to preach the gospel.

proved conditions in Canada and particularly in Nova Scotia, he asserted. This was true notably in the matter of coal markets. "And a result of the continuing improvement in the United States," he said, "will be a continuance of improvement in Nova Scotia generally, and more so in the coal fields. The support to the coal industry in the United States is bound to come as the result of tightening up of the NRA will mean steady betterment of employment in the coal mining industry here."

BACHELORS TO PAY TAX

(By The Canadian Press)
SASKATOON, Nov. 21—Hundreds of Saskatchewan bachelors are being asked to contribute \$3 each in the form of a poll tax as their share toward the upkeep of the city during the fiscal year. The tax is applicable to all males over 21 years of age who have an income. It does not apply to bachelor girls.

Unity of Action

In other phases of industry, Governor-elect Kennedy declared, President Roosevelt's programme has made long strides toward closer relations between capital and labor and it appeared through "we were now headed for that genuine co-operation and unity of action which is necessary, if our institutions are to endure and our people prosper."

Business interests that had held back co-operation from the National Recovery Programme very prepared now to co-operate 100 percent. Governor-elect Kennedy said, their attitude changed by the sweeping vote of confidence given the administration in the November elections. It meant, likely, that Congress would "not have to pass any more drastic regulations."

Nevertheless, the new governor said, he thought Congress would "pass anything that will bring about stability and prosperity." The people had shown they were "willing to go to the extreme left to bring about recovery."

IN MEMORIAM

MR. JAMES LUND

One of the oldest residents of the parish of Sackville passed away Saturday in the person of James Lund, aged 90 years. Deceased in his early life, was a carpenter and millwright, and for a number of years he was engaged in bridge building on the old N.B. & P.E.I. Railway. For the last 25 years, he has lived quietly on the farm at Cockville. He was quiet and unassuming, and in the summer time he would walk several miles to town. In his younger days he was fond of hunting and had some thrilling adventures with bears.

He is survived by three sons, Rev. John E. Tryon, P.E.I.; Frank Price Albert, Sask., and Fred S. Coombs, and three daughters, Mrs. F. Ed. Babcock, Sackville, Mrs. B. T. Erie, Auburn, N.E., and Mrs. Garfield Dixon, Liverpool, N.S., also two brothers, C.E. Sackville, and Clifford E. Elkhorn, Man., and one sister, Mrs. Bell Harrison, Elkhorn.

The funeral took place Monday afternoon at 2 o'clock from the Cockville Baptist Church.

BOW AND ARROW

BAGS BIG GAME

(By The Canadian Press)
SASKATOON, Nov. 21—William S. Chandler, of New York, celebrated his fourth consecutive year of hunt in the national park here with bow and arrow by bringing down a bull moose.

Three years ago he tried his new weapon on a grizzly bear with all disastrous results. The bear pulled the arrow from its shoulder and picked a fight with its mate, thinking she had attacked him.

Chandler's audience and made for them. This time the sportsman laid aside his bow and arrow and dropped the grizzly with his gun.

The question of large mark-ups provoked E. J. Young, (Lib., Weyburn) to ask why such "excessive prices" could be maintained if there was no agreement on prices among druggists. Mr. Driver had not investigated the matter. "I think that is something the commission should enquire into," said Mr. Young.

These mark-ups ranged from 25 to 40 percent to 800 percent. "Don't you think," Mr. Chairman, "that we should get some of these drug manufacturers in to explain these things" pursued Mr. Young. "How much further would we be asked" asked Mr. M. Edwards (Cons., Waterloo South). "The ordinary layman would not know what they were talking about?"
