School Days!
IS YOUR BOY'S EYESIGHT NORMAL?

Bob's parents knew the tremendous importance of normal eyesight to children. So they had Bob's eyes examined. The slight defect revealed was corrected easily (and in time), by the eyeglasses prescribed.

Hence Bob's quick answer—his better report cards.

HAVE YOUR CHILD'S EYES EXAMINED!

Pure Milk for the City

Milk is pure only, when contained in the udder of a healthy cow, fed on clean food and pure water. When removed therefrom it is no purer than the atmosphere it comes in contact with.

Milk absorbs Odors and Disease Germs as a sponge absorbs water.

Unsanitary conditions, unsterilized containers, and unhealthy persons handling milk all cause contamination. Statistics show after contamination causes more disease than unhealthy cows.

All this is removed by our system recognized by the highest authorities as the Purest and Best Milk System in existence from a City and has the same value for food as raw milk.

Drink Garden City Milk. Save the Child and Build the Nation.

PRINCE EDWARD BRAND
QUALITY FOX NETTING

Protection that always protects

Any new fox netting looks nice—and almost any netting will give protection in fine weather.

But to give real, reliable protection, without a break or flaw for fifteen years of stormy weather is the record held only by PRINCE EDWARD FOX Netting—the first used, never equalled.

Write or wire for samples and latest delivered prices.

Minard's Liniment for Rheumatism.

Anchor's Captain Remembered

On Saturday evening last Mr. George Francis, Captain of the Anchor Baseball team, was waited upon by the fans, officials and members of the Anchor Baseball Club and presented with an address and purse. The address was read by Mr. Edward Nicholson, Secretary of the club and the presentation made by Mr. James Heron. "George who is the valued catcher of the team, was thus remembered on the occasion of his approaching marriage. In expressing thanks Mr. Francis assured his friends of the great pride he felt in being a member of the club and great was his joy when it became known to them that George would still reside in the good old "West End."

The following was the address: Mr. George Francis, Catcher, "Anchor" Baseball Team, Charlottetown, P. E. Island

Dear Sir:—

Learning with much pleasure that the crowning event of your life is to be consummated on Monday next, in instant, and in which you hearts will beat as one, the fans and your associate members of the Anchor Baseball team beg to offer our most happy congratulations to yourself and to the bride-to-be, and sincerely hope that the union formed may be Divinely blessed.

We appreciate very much indeed the great source of strength you have always been to our team—not only on the field of contest, but in our social athletic life in keeping up to the mark, and we appreciate the pleasure which this opportunity affords to assure you of our admiration of your ability and our attachment to your person. But we hear the Empire shouting "Play Ball", so we must cease talking and pass this little reminder up to you, in fond hope that you may "catch" the spirit of those behind it.

May your wedded life be filled with usefulness; your dreams of happiness abundantly realized and always may your ship of life be held by a safe ANCHOR.

Signed in behalf of the team,
EDW. NICHOLSON, Secretary, Anchor Baseball Club.

MEETINGS CANCELLED.—Owing to unavoidable circumstances, Mr. C. W. Bell, K. C., has been obliged to cancel his meetings advertised to take place in O'Leary and Tignish. However quite a number of Prince County people will likely motor to Charlottetown to hear Mr. Bell tonight.

—MOTOR PARTY.—Mrs. Chas. McDonald and her son, Mr. Byron McDonald, Miss Dot McPherson, Miss Marion MacLellan and Miss McCardie returned to Summerside this week from Moncton and other points after a most enjoyable motor tour.

HOST TO PATRIOT OFFICERS—During the stay of H. M. C. S. Patriot in Summerside, Mr. A. E. B. Murphy, of Tignish, treated some of the officers of the ship to a motor ride over some of the principal roads of Prince County. They were delighted with the rural scenes of "beautiful Prince Edward Island," declaring it resembled "Old England" more than any place they had seen. Mr. Murphy's hospitality is praiseworthy. He has the aptitude of doing the right thing at the right time. K

INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body, and produce ill health.

HAVE YOUR EYES EXAMINED
