More Protection For Industries

Tariff Changes Numbering About Two Hundred To Be Announced In Parliament This Week.

(Canadian Press)
OTTAWA, Ont., Sept. 14—Canadian key industries and minor branches of trade and manufacture will be afforded more protection in tariff changes to be announced in Parliament this week, according to well informed circles here. The boot and shoe, cotton, automobile and woolen industries are likely to be included in the long list of duty changes which will number around two hundred. Many of the other textile tariff items will be affected in the upward revision. Announcement of the expected changes will be made on Monday or Tuesday in all likelihood. When the official statement is made, and it is understood it has yet to be finally drafted, it will come from Premier R. B. Bennett, as Minister of Finance.

Five, Ten And Fifteen Percent Increases

The original plan for a horizontal increase in the tariff with a long list of exceptions stipulated, is understood to have been laid aside after consideration. Each industry affected will be dealt with on the merits of the particular case. In certain instances, an increase of five percent, (Continued on page 3)

N. S. APPLE SHIPPERS WILL SAVE \$100,000

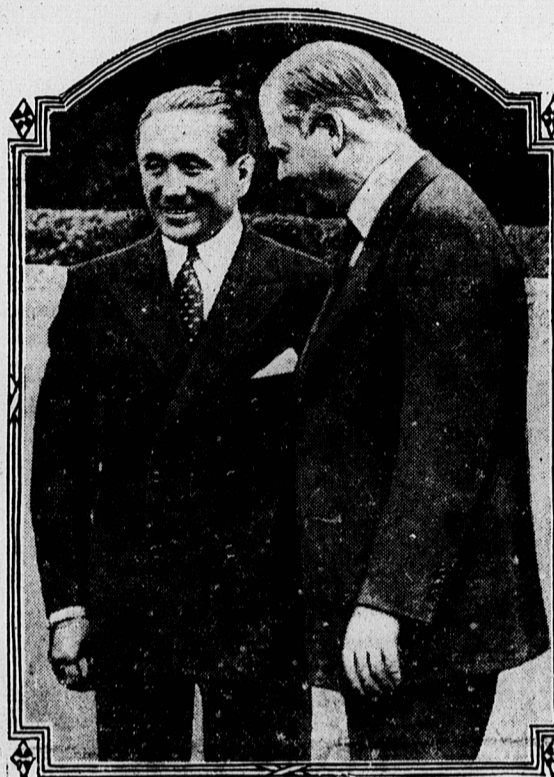

In Ocean Freight Rates Under Terms Of New Contract Reduction.

(Canadian Press)

HALIFAX, Sept. 14—Apple shippers of Nova Scotia will save approximately \$100,000 this season in ocean freight rates under the terms of a contract reduction which goes into effect on Tuesday. After tomorrow the contract rate on Canadian apples shipped through Halifax to the United Kingdom will be 80 cents per barrel, with a ten cent differential charged against shippers not signing a contract to ship all their apples in Canadian conference ships.

Last year the rate was 90 cents with no differential. Two years ago the contract rate was 90 cents, while other shippers were charged \$1.10.

Elect Officers At Final Session

(Canadian Press)

MONTREAL, Que., Sept. 14—The election of A. H. Brittain, Montreal, as President of the Canadian body and of George E. Willey, Boston as President of the United States Association, featured the final session Saturday of the joint convention of the Canadian and United States Fisheries Associations.

For the concluding session the delegates deserted the convention hall and boarded a Canada steamship lines river boat plying between Montreal and Sorel, Que. While on board several of the leading delegates were initiated into the Caughnawaga Indian tribe. In addition to Mr. Brittain, the following officers were elected by the Canadian Association: Vice President, Captain Frederick William Wallace, Montreal; Secretary, R. W. Gould, re-elected.

Canada Largest Customer Of U.S.

WASHINGTON, Sep. 14—Canada led the world in foreign trade with the United States in July.

The Commerce Department announced today that United States exports to Canada for that month were \$55,058,423 compared with \$79,569,037 for July 1929. Imports from Canada were \$30,265,116 against \$44,101,233.

The United Kingdom was second in exports and third in imports, with Japan taking second place in imports.

The following comparative figures were announced by the commerce department showing July exports compared with the same month last year and imports for the same period:

United Kingdom \$40,627,631; \$56,891,334; \$13,901,424; \$27,965,345.
Germany, \$14,150,506; \$24,633,511; \$12,724,012; \$22,806,482.

JAILED LEADER IS ECONOMICAL

POONA, India, September 14—All of Mahatma Gandhi's letters, from Yeroda prison are written on bits of papers. In the first place, the Mahatma, is the most frugal of men in a general letter answering the query of several boys why he always wrote on such small pieces of paper Mr. Gandhi says:

"Firstly, prisoners must make use of the least possible quantity of things. Secondly, one who is under a vow of 'aparigraha' (non-possession) is trustee and guardian of all property and hence I must make use of jail property like a miser. Thirdly this property also belongs to us. Does it not? With whose money is it acquired? Fourthly, we should make as little use as possible of such things in a country as poor as ours. Fifthly, under such circumstances my soul feels miserable if I make use of more money than necessary. Mr Gandhi's health is good. His food, principally goat's milk and fruit, is brought from outsiders, and he has a fan in his cell propelled by a little oil engine.

1,200 Kinds Of Reptiles Found By Explorers

PRETORIA, Sep. 14—A scientific expedition to Kalahari has returned here after an absence of six months. Thousands of specimens of flora and fauna of the desert were collected and will be divided between the Transvaal Museum, the Field Museum of Chicago, the British Museum and the American Museum of Natural History in New York. Herbert Land the expedition leader, said a systematic biological survey had been conducted and has added much to the knowledge of Kalahari and Nigamila. d, hitherto virtually unknown in this respect. Little game of interest was encountered in Kalahari, but on Mabebe Flats blue and red wildebeestes were found in great numbers, while lions were numerous, groups of 20 or more having been seen. The collection includes 90 different kinds of mammals, 300 species of birds, 1,200 of reptiles 600 of fish, molluscs and crustacea, and 25,000 of insects.

TRANSATLANTIC FLIERS LAND HERE ON WAY TO NFLD.

Bellanca Monoplane, With Capt. Erroll Boyd And Lieut. Harry Connor Make Landing In McRae's Field, Near Tea Hill At 5.30 Saturday Evening —Airmen Left Montreal In The Morning For Harbor Grace Nfld. To Refuel Before Long Hop, But Forced To Land On Island Due To Strong Head Winds And Bad Weather—May Take Off Tuesday.

NO WORD OF TRANSPACIFIC AVIATORS

Progress of Canadian Flyers Hidden By Fog, Darkness And Silence of North West Pacific.

(Associated Press)

TOKIO, Sept. 15—Fog, darkness and the silence of the north west Pacific Ocean early today kept secret the progress of Harold Bromley, Canadian aviator, and his co-pilot and navigator Harold Gatty, on their 4,500 mile flight over the Pacific Ocean to Tacoma, Washington.

Due to the inexpediency of making a night landing in the unlighted airport of Harbour Grace, Newfoundland, Captain Erroll Boyd and Lieutenant Harry Connor, Transatlantic flyers, who left St. Hubert Airport, Montreal, at 8.39 Saturday morning, made a landing at Tea Hill, this Province, about five miles from the city at 5.30 Saturday evening in their Bellanca Monoplane "Columbia." The delay caused by fresh easterly winds encountered over Cape Breton, following adverse flying conditions met from the outset of the trip from Montreal was the deciding factor in the action of the flyers.

Weather conditions yesterday were such that the aviators deemed it inadvisable to continue the flight to Harbour Grace till the probabilities would indicate a change. Captain Boyd received advice yesterday afternoon from Toronto to start on no account till a favorable forecast be made. A similar warning was received from Halifax last night. The airmen have decided that it will not be possible to hop off before Tuesday morning.

U. S. Delegates Making Too Much Whoopee

ATLANTIC CITY, N. J., Sept. 14—Delegates to conventions in the United States, since prohibition went into effect spent more time in their hotel rooms "making whoopee" than they do in official meetings of their respective organizations, according to a resolution passed here today by the International Association of Convention Bureaus.

The resolution urges that delegates "give less emphasis to the matter of entertainment" and take greater interest in the meetings which they are delegated to attend.

Shot Dead As He Lay On Floor

(Special To The Guardian)

CHICAGO, Sep. 12—A murder as heartless and unprovoked as police can recall over a long period was committed late last night in the drug store of W. H. Fiddike the 43 year old proprietor. Fiddike was shot dead as he lay face down on the floor.

"You've only got \$45 and that ain't enough" was what the killer said, jabbing the muzzle of his pistol into the druggist's back, between the shoulders and pulling the trigger.

Two customers, held at bay in another room by an accomplice of the gunman heard him say, "I croaked him all right. Let's get out of here." The robbers had compelled Fiddike to go to a rear room and lie face down. They complained at only finding \$45, but Fiddike explained it had been a poor day and was all he had. So he was killed.

DEAUVILLE, France, September 14—Bathing in pearls is the latest craze of the ultra-fashionable here. Sea water is good for pearls they claim to have discovered. It freshens them up and adds to their luster.

At least that is the explanation offered by members of the smart set who take their morning dip festooned in ropes of pearls.

Tommy Armour Wins Ch'Ship
